Studies in the Psychology of Sex, Volume 2 Havelock Ellis, 2021-11-16 Studies in the Psychology of Sex Volume 2 Havelock Ellis It has been remarked by Professor Wilhelm Ostwald that the problem of homosexuality is a problem left over to us by the Middle Ages which for five hundred years dealt with inverts as it dealt with heretics and witches To regard the matter thus is to emphasize its social and humanitarian interest rather than its biological and psychological significance It is no doubt this human interest of the question of inversion rather than its scientific importance great as the latter is which is mainly responsible for the remarkable activity with which the study of homosexuality has been carried on during recent years The result has been that during the fourteen years that have passed since the last edition of this Study was issued so vast an amount of work has been carried on in this field that the preparation of a new edition of the book has been a long and serious task Nearly every page has been rewritten or enlarged and the Index of Authors consulted has more than doubled in length The original portions of the book have been still more changed sixteen new Histories have been added selected from others in my possession as being varied typical and full These extensive additions to the volume have rendered necessary various omissions Many of the shorter and less instructive Histories contained in earlier editions have been omitted as well as three Appendices which no longer seem of sufficient interest to retain In order to avoid undue increase in the size of this volume already much larger than in the previous editions a new Study of Eonism or sexo esthetic inversion will be inserted in vol v where it will perhaps be at least as much in place as here
Sex and Shopping: The Confessions of a Nice Jewish Girl Judith Krantz, 2000-05-11 Dear Reader As I was about to start my eleventh novel I abruptly realized that I was making a huge mistake On the verge of launching into the imagined world of a twenty eight year old I felt an intense need to tell another story the story of a woman I know through and through a woman with more wealth of experience a woman who's seen more real glamour known more fascinating people lived in a world of more sophistication and arrived at more hard won maturity than that twenty eight year old could hope for in short my own story I've tried to remain as unknowable as possible the better to let my heroines hold the stage but now I was ready to tell the truth about myself with no holding back I've had a different life from that of the majority of women of my generation and

background While I seemed like another nice Jewish girl underneath that convenient cover I d traveled my own inner directed path and had many a spicy and secret adventure I grew up in a complicated tangle of privilege family problems and tormented teenaged sexuality After a riotous education at Wellesley my life was turned upside down by a glorious year in Paris marked by an intense but ill starred romance I spent the next half decade in New York sowing lighthearted wild oats until I finally met my true love to whom I ve been married for forty six years When I was fifty I had an utterly unexpected almost unbelievable success as a number one bestselling novelist that has continued for book after book Challenging lucky exciting and often devastatingly askew my life seems to have been lived under a wild and antic star I ve had as much amazing fun as my heroines and here s the book to prove it Judith Krantz

to turn a single naïve young woman into a grown and married young lady Sex and Deviance Guillaume Faye, 2014-11-26

Sex and Deviance is at once a raging critique of the values underpinning contemporary Western societies and a down to earth pragmatic vision of the future Guillaume Faye is meticulous in his analysis of the points at which Western societies have deviated from their golden mean thus having triggered the tidal wave of social ills that they are facing and can expect to face Faye identifies at the centre of this vortex the matter of sex and sexuality and with this proffers an answer to the perennial question What is the glue that holds societies together Faye's penetrating assault on the specious thinking of ideologues is certain to rattle the convictions of those from across the spectrum Much more than just a socio political exposition this book is an invitation to shed old ways of thinking and to begin new hard headed discussion over the most pertinent issues of this century
