National Library of Medicine Current Catalog National Library of Medicine (U.S.), 1972 First multi year cumulation covers six years 1965 70 Gender and Sexuality Development Doug P. VanderLaan, Wang Ivy Wong, 2022-08-30 This book showcases a wealth of knowledge and insight on gender and sexuality development With contributions from leading researchers it covers a comprehensive set of topics at the forefront of the field and strikes a balance between traditional and emerging areas of study Given that gender and sexuality are shaped by myriad influences this book is modelled on an interdisciplinary perspective and delves into biological comparative psychological cognitive social cultural and clinical approaches In so doing this collection conveys the rich tapestry of gender and sexuality science and will hold value for many For those already in the field this book provides an excellent resource for brushing up on the latest and for inspiring the next phases of scientific investigation Those who are newer to the field including undergraduate and graduate students stand to gain tremendously from not only the thoughtful and informative content but also from the interdisciplinary approach modelled throughout the book Beyond academia this book is a valuable resource for clinicians and policy makers who deal with child and adolescent issues *The Publishers Weekly*, 1928 **Bookseller and the Stationery Trades' Journal**, 1889 **Sex in China** Fang Fu Ruan, 2013-11-22 China today is sexually and in many other ways a very repressive society yet ancient China was very different Some of the earliest surviving literature of China is devoted to discussions of sexual topics and the sexual implications of the Ym and Yang theories common in ancient China continue to influence Tantric and esoteric sexual practices today far distant from their Chinese origins In recent years a number of books have been written exploring the history of sexual practices and ideas in China but most have ended the discussion with ancient China and have not continued up to the present time Fang Fu Ruan first surveys the ancient assumptions and beliefs then carries the story to present day China with brief descriptions of homosexuality lesbianism transvestism transsexualism and prostitution and ends with a chapter on changing attitudes toward sex in China today Dr Ruan is well qualified to give such an overview Until he left China in the 1980s he was a leader in attempting to change the repressive attitudes of the government toward human sexuality He wrote a best selling book on sex in China and had written to and corresponded with a number of people in China who considered him as confidant and advisor about their sex problems A physician and medical historian Dr Ruan's doctoral dissertation was a study of the history of sex in China *The Bioarchaeology of Socio-Sexual Lives* Pamela L. Geller, 2016-07-28 This volume uses bioarchaeological remains to examine the complexities and diversity of past socio sexual lives This book does not begin with the presumption that certain aspects of sex gender and sexuality are universal and

longstanding Rather the case studies within extend from Neolithic Europe to pre Columbian Mesoamerica to the nineteenth century United States highlight the importance of culturally and historically contextualizing socio sexual beliefs and practices The Bioarchaeology of Socio Sexual Lives highlights a major shortcoming in many scholarly and popular presentations of past socio sexual lives They reveal little about the ancient or historic group under study and much about Western society s modern state of heteronormative affairs To interrogate commonsensical thinking about socio sexual identities and interactions this volume draws from critical feminist and queer studies Reciprocally bioarchaeological studies extend social theorizing about sex gender and sexuality that emphasizes the modern conceptual and discursive Ultimately The Bioarchaeology of Socio Sexual Lives invites readers to think more deeply about humanity s diversity the naturalization of culture and the past s presentation in mass media communications *Saturday Review of Literature* ,1924
