

Sex and pleasure in western culture

Gail Hawkes; Polity Press, Cambridge, 2004, 324p., ISBN 0-7456-1670-4 £30 (Hbk); ISBN 0-7456-1671-2 £15.99 (Pbk)

In *Sex and Pleasure in Western Culture*, Gail Hawkes gives a useful 'broad sweep' (p. 2) overview of ideas about sex and pleasure through Western culture – a task that has hitherto been attempted surprisingly rarely. This is the book's primary strength.

Hawkes' sociological background is clear throughout the text. Hawkes demonstrates the socially constructed nature of ideas about sexuality: how sexual beliefs both vary over time and endure in varied and remoulded forms. One of her core aims is to point out, in a broadly Foucauldian vein, that social order is connected to sexual order: the sexual body is brought into line through discourses about sexuality that arise from the priorities and beliefs of different historical periods. A history of sexuality is a brave topic for a sociologist to attempt, and Hawkes is alert to the potential danger of taking historical evidence and interpreting it out of its context. She appears to write for social scientists more than for historians, hoping to convince the former that 'the past can contribute much to an understanding of the present' (p. 2).

She begins with what she calls 'the sexual landscape of the new millennium'. Because this section draws so specifically from the late 1990s up to 2002 this risks dating the book and might be better left to the end. The text then turns to classical antiquity and progresses through early Christianity, the Middle Ages and the Renaissance before moving to modernity and the 20th 'sexual century'. Her periodization might be judged overly simplistic, but it is a likely consequence – some might argue necessity – of attempting such an ambitious project.

Achieving a fruitful balance between specific detail and general observation is a priority for an author of such a text. For the most part, Hawkes does this well. For example, in the chapter 'Guilty Sex, Courtly Love and the Unruly Body: Medieval Themes and Practices' she identifies both a general tension 'between irrational pleasure and rational control' (pp. 82–83) and provides interesting detail on how medieval medical tracts and theologians sought to approve sexual pleasure but regulate it in highly specific ways. And while she details early Christianity's condemnations of 'sinful sex' she is sufficiently attuned to the complexity of Christianity's presentation of sexuality to identify these prohibitions as not so much theological as historically contextual.

Understandably, given the priority given to heterosexuality in Western culture, the book concentrates more on heterosexuality than on other sexualities. Yet Hawkes does not ignore sexual diversity. She covers, for example, the way the classical

Sex Pleasure In Western Culture

Paul R. Abramson, Steven D. Pinkerton

Sex Pleasure In Western Culture:

Sex and Pleasure in Western Culture Gail Hawkes, 2004-07-16 Sex and Pleasure in Western Culture provides the first comprehensive overview of desire and pleasure in western sexual culture. It argues that both have always been seen as socially disruptive and morally dangerous and offers an entertaining account of the methods by which these attributes of sex were managed across the centuries from Classical Antiquity to the present day. The book develops the hypothesis that while expressed in very different social contexts, sexual pleasure has evoked very similar anxieties. The text draws on historical, cultural, sociological, and contemporary sources and is easily accessible for both the general reader and students of gender and sexual culture. In addition to telling a story of its own, Sex and Pleasure in Western Culture examines lesser known aspects of sexual history that invite further exploration by the interested reader. These range from sexual aestheticism in the 4th century AD and the sexual meaning of medieval church gargoyles through to sexual training in the 1950s and 21st century sex holidays. The book will provide a compelling read for both students of sexuality and lay readers who find the complexities of human sexuality a source of fascination.

The Evolution of Human Pair-Bonding, Friendship, and Sexual Attraction Michael R. Kauth, 2020-11-29 The Evolution of Human Pair Bonding, Friendship, and Sexual Attraction presents an evolutionary history of romantic love, male-female pair bonding, same-sex friendship, and sexual attraction, drawing on sexuality research, gay and lesbian studies, history, literature, anthropology, and evolutionary science. Employing evolutionary theory as a framework, close same-sex friendship is examined as an adaptive trait that has harnessed love, affection, and sexual pleasure to navigate same-sex environments for both men and women, ultimately benefiting their reproductive success and promoting the inheritance of traits for friendship. Chapters consider the desire to form close same-sex friendships and ask if this is embedded in our biology, concluding that most humans have the capacity to form loving, meaningful, and sexual relationships with men and women. This book takes on a unique interdisciplinary approach and is essential reading for those studying and working in sexuality research, anthropology, sociology, evolutionary psychology, and gay and lesbian studies. It will also be of interest to marriage and family therapists as well as sex therapists.

Sexual Nature/Sexual Culture Paul R. Abramson, Steven D. Pinkerton, 1995-07 In this multidisciplinary study of human sexuality, an international team of scholars looks at the influences of nature and nurture, biology and culture, and sex and gender in the sexual experiences of humans and other primates. Using as its center the idea that sexual pleasure is the primary motivational force behind human sexuality and that reproduction is simply a byproduct of the pleasurable nature of sex, this book examines sexuality at the individual, societal, and cultural levels. Beginning with a look at the evolution of sexuality in humans and other primates, the essays in the first section examine the sexual ingenuity of primates, the dominant theories of sexual behavior, the differences in male and female sexual interest and behavior, and the role of physical attractiveness in mate selection. The focus then shifts to biological approaches to sexuality, especially the genetic and hormonal origins of sexual orientation, gender, and pleasure. The essays go

on to look at the role of pleasure in different cultures Included are essays on love among the tribespeople of the Brazilian rain forest and the regulation of adolescent sexuality in India Finally several contributors look at the methodological issues in the study of human sexuality paying particular attention to the problems with research that relies on people's memories of their sexual experiences The contributors are Angela Pattatucci Dean Hamer David Greenberg Frans de Waal Mary McDonald Pavelka Kim Wallen Donald Symons Heino Meyer Bahlburg Jean D Wilson Donald Tuzin Lawrence Cohen Thomas Gregor Lenore Manderson Robert C Bailey Alice Schlegel Edward H Kaplan Richard Berk Paul R Abramson Paul Okami and Stephen D Pinkerton Spanning the chasm of the nature versus nurture debate Sexual Nature Sexual Culture is a look at human sexuality as a complex interaction of genetic potentials and cultural influences This book will be of interest to a wide range of readers from scholars and students in psychology anthropology sociology and history to clinicians researchers and others seeking to understand the many dimensions of sexuality If we ever expect to solve the sexually based problems that modern societies face we must encourage investigations of human sexual behavior Moreover those investigations should employ a broad range of disciplines looking at sex from all angles which is precisely what Sexual Nature Sexual Culture does Mike May American Scientist This timely and relevant book reminds us that we cannot rely on simple solutions to complex problems It represents a transdisciplinary approach integrating knowledge from diverse fields and provides the reader with a challenging and rewarding experience Especially for those who are involved in teaching human sexuality to medical students and other health care professionals this book is highly recommended Gerald Wiviott M D Journal of Nervous and Mental Disease In short this volume contains much to stimulate inform and amuse in varying proportions What more can one ask Pierre L van den Berghe Journal of the History of Sexuality the book succeeds in bring together some of the sharpest thinkers in the field of human sexuality and goes a long way toward clarifying the diverse perspectives that currently exist David M Buss and Todd K Shackelford Quarterly Review of Biology Death, Desire and Loss in Western Culture Jonathan Dollimore, 2013-07-04 Death Desire and Loss in Western Culture is a rich testament to our ubiquitous preoccupation with the tangled web of death and desire In these pages we find nuanced analysis that blends Plato with Shelley Hlderlin with Foucault Dollimore a gifted thinker is not content to summarize these texts from afar instead he weaves a thread through each to tell the magnificent story of the making of the modern individual Understanding and Addressing Adult Sexual Attraction to Children Sarah Goode, 2009-07-07 The groundbreaking book explores the subject of paedophilia seeking a new understanding of it in order to better prevent child sexual abuse and making use of case studies and primary interview data The East, the West, and Sex Richard Bernstein, 2010-07-27 In this wide ranging history Richard Bernstein explores the connection between sex and power as it has played out between Eastern cultures and the Western explorers merchants and conquerors who have visited them This illuminating book describes the historical and ongoing encounter between these travelers and the morally ambiguous opportunities they found in foreign lands Bernstein's narrative teems with real figures

from Marco Polo and his investigation into the harem of Kublai Khan the nineteenth century American missionary Isabella Thoburn and her efforts to stamp out the sinfulness of the Mughal culture of India Gustave Flaubert and his dalliances with Egyptian prostitutes to modern day sex tourists in Southeast Asia as well as the women that they both exploit and enrich Provocative and insightful *The East The West and Sex* is a lucid look at a pervasive and yet mostly ignored subject *Erotic Attunement* Cristina L. H. Traina, 2011-06-15 Heightened awareness of the problem of sexual abuse has led to deep anxiety over adults touching children in nearly any context This book probes the disquieting issue of how we can draw a clear line between natural affection towards children and perverse exploitation of them *Mainstreaming Sex* Feona Attwood, 2014-01-30 From cyber porn to striptease culture this trailblazing book uncovers the shockingly fascinating new ways that western society is being sexualized We don't realise how far the pornogrification of culture has reached this book does and discusses it graphically but responsibly Media interest in this subject is huge *Mainstreaming Sex* uncovers the significant impact hitherto only half glimpsed that striptease culture is having on our media relationships educational and working lives It is a welcome and much needed book Western culture is exhibiting its fascination with sex in new often surprising ways Pole dancing is a form of keep fit porn stars find work as agony aunts pornography itself is just a mouse click away and phone sex email affairs and cybersex are now part of our everyday lives This sexualization of modern culture is the subject widely discussed here In original chapters the contributors confront the reality that in all aspects of social and cultural life sex is being mainstreamed They explore film print and online pornographies representations of masturbation in film and television supersexualized advertising and problem page sex They also examine young people's views of sex in mainstream media women's use of sexual media in the home and pole dancing as exercise and performance and third wave feminism and the sexualization debate **Sex, Violence and the Body** V. Burr, J. Hearn, 2008-10-30 This unique book examines the relationship between wounding and sexuality bringing together issues around sexuality gender power violence and representations Drawing on a range of disciplines including cultural and media studies sociology and psychology it explores social practices such as S M cosmetic surgery and extreme sports *Tasman's Psychiatry* Allan Tasman, Michelle B. Riba, Renato D. Alarcón, César A. Alfonso, Shigenobu Kanba, Dusica Lecic-Tosevski, David M. Ndeti, Chee H. Ng, Thomas G. Schulze, 2024-09-04 Authored by over 500 internationally acclaimed expert editors and chapter authors from around the world Completely updated and expanded with almost 40 new chapters Significantly increased attention to the role of culture in all aspects of evaluation and care New sections on Digital Mental Health Services and Technologies Treatment Issues in Specific Populations and Settings and on Prevention Systems of Care and Psychosocial Aspects of Treatment address key advances This edition is the first comprehensive reference work to cover the entire field of psychiatry in an updateable format ensuring access to state of the art information Earlier editions were called the best current textbook of psychiatry by the New England Journal of Medicine and the gold standard by the American Journal of Psychiatry *Tasman's Psychiatry* 5th

Edition builds on the initial vision in prior editions of approaching psychiatric evaluation and care from an integrative bio psycho social cultural perspective It is designed to be an essential and accessible reference for readers at any level of experience This editorial approach encompasses the importance of the first encounter between patient and clinician followed by the complex task of beginning to develop a therapeutic relationship and to develop and implement a treatment plan in collaboration with the patient The importance of increasing attention to the role of culture and social determinants of mental health is reflected both in specific chapters and in components of many chapters throughout the book especially in those pertaining to clinical evaluation the therapeutic alliance and treatment The global scope of this edition is reflected throughout the book including the section on psychiatric disorders where evaluation using both ICD 11 and DSM 5 TR is discussed Most chapters are authored by experts from at least two different countries or continents adding a critically important dimension which often is missing in major psychiatric textbooks Tasman s Psychiatry 5th Edition is an essential reference for all medical professionals and students who need a trusted reference or learning tool for psychiatry psychology clinical research social work counseling therapy and all others
