Sparks:

Adventures in Street Photography Stephen Leslie, 2018-08-23 To put it simply this book is fun It s also funny deep at times disturbing at other times profoundly hopeful But every image gets remade in ways that hold a bit of genius Lens Culture Funny tragic and often bizarre Stephen Leslie s photos in his book Sparks are an unique ode to street photography Guardian A family is brought close to ruin by a pet python an Icelandic advertising agency has a problem with a campaign involving a dead seagull a chiropodist desperately wants to stop examining people s feet and dreams of becoming a pirate Stephen Leslie

has always tried to capture images that hint at wider hidden narratives suggestive moments rather than decisive ones and Sparks is a book that imagines the weird and wonderful stories behind his original street photographs It is a love letter to photography pairing eighty beautiful colour images shot on film with these stories as well as the author s recollections of twenty years spent looking through the lens
