Looking For The Other Side:

Looking for the Other Side Sherry Suib Cohen, 2012-04-04 If you're going to write a book about worlds with no answers phenomenon that scientists can't explain and skeptics can't fathom you'd better do it with the right equipment the eye of a journalist the voice of a novelist an open mind and compassionate heart In *Looking for the Other Side* writer Sherry Suib Cohen is perfectly outfitted with these tools in her exploration of the world of the occult It all begins when Cohen a journalist takes an assignment to try and contact the spirit of her deceased mom In her searching she meets astrologers past life channelers numerologists psychics and a host of other practitioners eager to put her in touch with her past her future and her heretofore unexplored spiritual self Cohen will hook readers with her determination wit generosity and astonishing willingness to try anything In the end her personal odyssey becomes ours and even the most devoted skeptics will find themselves rethinking what might and what might not be possible Betsy Carter Editor in Chief New Woman magazine When I saw the words know thyself carved above the Oracle's gate at Delphi I shivered and didn't understand why Now I understand Knowing myself would mean suspending judgment would mean tapping into banks of information I never before thought relevant to my pragmatic lifestyle Well I've tapped This book is the result writes Sherry Suib Cohen And in a spirited narrative Cohen tells us about her experiences wherein she confronts death blame forgiveness faith truth and family in addition to Mom When readers finish this personal odyssey and guidebook into the unknown they may decide just as Cohen did that there's something to these otherworldly spheres after all

The Other Side of the Looking Glass

Mary Ann Heather, 2022-04-12 This book is a raw journey walked beside a loving spouse through a cancer diagnosis treatment and symptoms The transition into a caregiver position without even having the option of applying for it The emotions that ran high and the weight of it all on a young family A therapeutic outlet of daily journaling turned into a voice of validation This book was wrote in hopes that anyone else that finds themselves in a dark season in their journey of life that can not find the words to express their feelings and concerns can connect with the similarities of my journey and have validation of their feelings and thoughts I have expressed the bumps and hardships on our journey as well as the blessings I dug deep and searched for a daily practice that would serve me and those around me to offer hope and strength to conquer the day ahead No one is immune to having human experiences I have offered quotes and lyrics that helped me get through the toughest of times I hope it helps you too

Voices from the Other Side

Harvest moon eyes, 2005-08-17 When author Harvest moon eyes decided to spend the winter of 1995 in Seattle Washington it was with the intention of writing a simple love story A series of bizarre events unfolded and instead she found herself spending the winter on the streets with Seattle's homeless As Seattle's homeless shared their background opinions and political viewpoints Harvest moon eyes began to examine her life prejudices and failures *Voices From The Other Side* is her journal a spiritual metamorphosis interwoven between unaltered recorded conversations which expose the rawness of the streets and the emotions and thoughts the author tried to keep

hidden as well as delivering a timeless compelling message to our politicians The Other Side of the Desk Lisa Parry,2010-03-15 The Other Side of the Desk explores the world of the principal with stories that capture readers attention and moves them through the daily life of a school leader Humorous and heart wrenching memories fill each page as the author retells the stories that challenged her and affected her daily life as the principal of an elementary campus Tareilo s experiences as a principal ranged from dealing with difficult teachers and parents to stories that will touch the lives of any educator She reveals the working world of the principal in a clear and sometimes frank language with the intent to bolster and support newly positioned principals and reignite the leadership fire for those with many years of experience From beginning to end The Other Side of the Desk invites readers into a leadership experience that will have them laughing crying and believing that they too can make a difference in the lives of children *Auden's O* Andrew W. Hass,2013-11-01 Explores the rise of the idea of nothing in Western modernity and how its figuration is transforming and offering new possibilities In this groundbreaking interdisciplinary history of ideas Andrew W Hass explores the ascendancy of the concept of nothing into late modernity He argues that the rise of the reality of nothing in religion philosophy and literature has taken place only against the decline of the concept of One a shift from a sovereign understanding of the One unity universality toward the figure of the O a cipher figure that as nonentity is nevertheless determinant of other realities The figuring of this O culminates in a proliferation of literary expressions of nothingness void and absence from 1940 to 1960 but by century s end this movement has shifted from linear progression to mutation whereby religion theology philosophy literature and other critical modes of thought such as feminism merge into a shared circular activity The writer W H Auden lends his name to this O his long poetic work *The Sea and the Mirror* an exemplary manifestation of its implications Hass examines this work along with that of a host of writers philosophers and theologians to trace the revolutionary hermeneutics and creative space of the O and to provide the reasoning of why nothing is now such a powerful force in the imagination of the twenty first century and of how it might move us through and beyond our turbulent times **The Other Side of Midnight - The Fulfillment** Karen Rivello,2014-05-20 A king will die another will emerge two worlds will battle one will have to start over As Death converges on the land of Midnight it will draw all the cursed of the dark realm to its side in a final battle along with the black dragon The elves of Waters Edge will also have to battle the unexpected as the Nel laf converge on their ancient city As war ravages both worlds the prophecy plays out its hand as those whose fate has been drawn and sealed try desperately to return one of their own to his rightful place All the while the stone of Dalbhach cannot be conquered nor subdued for one s own purpose lest it take him which Legna had discovered long ago and the human king has now discovered all too late As the elves struggle to protect their kingdom they discover their pendants have lost their power have they also lost their beloved king Can both elves and men fight along side together after so many years of mistrust And who will be king when all is said and done On the Other Side of the Glass Christi Kari,2012-11 *The Other Side of The Galaxy 2* , The Musical World

,1862 The Other Side of Sarah's Heaven Nancy Lane,2014-01-07 When Sarah went to sleep she stopped breathing the dream was her transient phase Pata and Kira waited on the Other Side to take her to her final destination A journey we will all make one day This is Sarah s journey She did get to see all her love one that was already on the Other Side they were the families in the courtyard
