Magic's Silken Snare (Silken Magic # 1) ElizaBeth Gilligan,2003-04-01 The debut novel of the dazzling Silken Magic series set in the mythical kingdom of Tyrrhia where courtly politics magic and the silk trade intersect When the owl called Luciana s heart filled with dread The first time she had heard the owl call three times she had been barely five and her father had died Over the years that followed this herald of misfortune had warned of death several times and on each occasion she had lost someone dear to her Now she was a grown woman with too many for whose safety she feared Luciana s husband Stefano Duca di Drago brother to the queen of Tyrrhia was currently away fighting in the war against the Turks Her grandmother the Romani Queen was at an age when death might easily claim her companionship And Luciana s own beloved sister Alessandra was at the Tyrrhian court an innocent among courtiers far too well versed in intrigue But the truth would prove far more dreadful than Luciana s worst fears For not only was Alessa dead but her very soul was imperiled by the way she had died Luciana had no choice but to journey to the White King s Court to seek out the one responsible Yet the trail she must uncover would lead Luciana into the gravest danger And even the silken magic of the Rom might not prove strong enough to defeat the dark sorcery which had stolen her sister s very spirit and now threatened to turn this power against the royal court

The Silken Shroud ElizaBeth Gilligan,2004-04-06 The second book of the dazzling Silken Magic series set in the mythical kingdom of Tyrrhia where courtly politics magic and the silk trade intersect Romani magic had gifted the princess Alessandra with the blessing of the Fairy folk So when death claimed her at the White King s Court in Tyrrhia not only her own clan and the man she loved Maggiore Mandero di Montago but the Fairy folk too cried out for justice and revenge For Alessandra s corpse had been stolen bound by spells to entrap her soul so her energy could be used to work dark magic If her body wasn t found and her soul wasn t set free within a year she would be transformed into a creature of evil the goodness within her completely consumed Alessa is held by a master of the dark arts a man who has a high position in the Church and who might yet call upon powerful allies for support And even with the magic of the Rom and the Fairy folk to aid him Mandero would be in terrible jeopardy as he sought to find and free Alessa from her earthly prison Yet he must try at all costs for the stakes are far higher than the loss of one soul no matter how beloved If the enemy s plans cannot be overturned all Tyrrhia might be plunged into a religious war that could see an end to the last stronghold of peace tolerance and true magic

The A to Z of Fantasy Literature Brian Stableford, 2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites

Historical Dictionary of Fantasy Literature Allen Stroud, 2023-06-12 Fantasy is both old and new In the ancient past stories of magic where supernatural creatures existed the gods walked the earth and heroes saved their civilizations from the dark fate that awaited them were intermingled with history religion and fact It is only in the last few hundred years that a conscious suspension of disbelief has allowed us to return to fantasy the literature of the impossible and appreciate it for its craft and storytelling once more Historical Dictionary of Fantasy Literature Second Edition contains a chronology an introduction an extensive bibliography and cross

referenced entries on more than 800 authors ranging across the entire historical spectrum More than 200 other entries describe the fantasy sub genres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies This book is an excellent resource for students researchers and anyone wanting to know more about fantasy literature **All Hell Breaking Loose**
