musicians and poets experts in equestrianism in pyrotechnics and in the use of symbolic languages Their artistic efforts were staged against a background of intense political diplomacy and continuing civil strife and yet the determination of Marie de M dicis and her advisers and of the Duke of Lerma brought to a triumphant conclusion negotiations and spectacular commemorations whose legacy was to inform festival art throughout European courts for decades In addition to printed and manuscript sources the volume identifies ways of giving future researchers access to festival texts and studies through digitization making the book both an in depth analysis of a particular occasion and a blueprint for future engagement with digital festival resources
