Narrative of James Williams, an American Slave Hank Trent, 2013-11-05 The American Anti Slavery Society originally published *Narrative of James Williams an American Slave* in 1838 to much fanfare describing it as a rare slave autobiography Soon thereafter however southerners challenged the authenticity of the work and the society retracted it Abolitionists at the time were unable to defend the book and until now historians could not verify Williams s identity or find the Alabama slave owners he named in the book As a result most scholars characterized the author as a fraud perhaps never even a slave or at least not under the circumstances described in the book In this annotated edition of *Narrative of James Williams an American Slave* Hank Trent provides newly discovered biographical information about the true author of the book an African American man enslaved in Alabama and Virginia Trent identifies Williams s owners in those states as well as in Maryland and Louisiana He explains how Williams escaped from slavery and then altered his life

story to throw investigators off his track Through meticulous and extensive research Trent also reveals unknown details of James Williams s real life drawing upon runaway ads court cases census records and estate inventories never before linked to him or to the narrative In the end Trent proves that the author of the book was truly an enslaved man albeit one who wrote a romanticized fictionalized story based on his real life which proved even more complex and remarkable than the story he told
