A new translation of Tibet's most important manual for Mah mudr view and meditation. This classic Buddhist work written in the sixteenth century comprehensively presents the entire scope of the Tibetan Kagyu Mah mudr tradition. These profound yet accessible instructions focus on becoming familiar with the nature of one's mind as the primary means to realize ultimate reality and thus attain buddhahood. Dakpo Tashi Namgyal's manual for the view and practice of Mah mudr is widely considered the single most important work on the subject systematically introducing the view and associated meditation techniques in a progressive manner. Moonbeams of Mah mudr along with the Ninth Karmapa Wangchuk Dorje's *Dispelling the Darkness of Ignorance* are to this day some of the most studied texts on Mah mudr in the Kagyu monasteries throughout Tibet and the Himalayas. Elizabeth M. Callahan, a renowned translator of classical Kagyu literature, has provided new translations of these two texts along with ancillary materials and annotations making this a genuine resource for both scholars and students of Tibetan Buddhism. This historic contribution therefore offers the necessary tools to properly study and apply the Mah mudr teachings in a modern context.
