The Mahatmas and Genuine Occultism Gottfried Purucker, 1972 Every coin can have its counterfeit Wherever a counterfeit is seen it is paradoxically enough a testimony to actual values existing somewhere which are realities postulates the author Where are those actual values These are what the author points to in explaining that occultism is the science of hidden things not unbelievable things but root things both in our own human selves and in universal nature But today the world is rife with the bogus the fake and the sham How can the discerning recognise what is the Real Here you will work toward what is relevant and true The trans-Himalayan Mahatmas are men living on earth Helena Petrovna
