The Maiden's Consent Leandro Fernández de Moratín, 1962 Maidens' Consent Leandro Fernández de Moratín, M. M. Couper, 1900 **Vanishing Sensibilities** Kristina Muxfeldt, 2012-01-19 Vanishing Sensibilities examines once passionate cultural concerns that shaped music of Schubert Beethoven Schumann and works of their contemporaries in drama or poetry Music especially music with text was a powerful force in lively ongoing conversations about the nature of liberty which included such topics as the role of consent in marriage same sex relationships freedom of the press and the freedom to worship or not Among the most common vehicles for stimulating debate about pressing social concerns were the genres of historical drama and legend or myth whose stories became inflected in fascinating ways during the Age of Metternich Interior and imagined worlds memories and fantasies were called up in purely instrumental music and music was privately celebrated for its ability to circumvent the restrictions that were choking the verbal arts Author Kristina Muxfeldt invites us to listen in on these cultural conversations dating from a time when the climate of censorship made the tone of what was said every bit as important as its literal content At this critical moment in European history such things as a performer's delivery spontaneous improvisation or the demeanor of the music could carry forbidden messages of hope and political resistance flying under the censor's radar like a carrier pigeon Rather than trying to decode or fix meanings Muxfeldt concerns herself with the very mechanisms of their communication and she confronts distortions to meaning that form over time as the cultural or political pressures shaping the original expression fade and are eventually forgotten In these pages are accounts of works successful in their own time alongside others that failed to achieve more than a liminal presence among them Schubert's *Alfonso und Estrella* and his last opera project *Der Graf von Gleichen* whose libretto was banned even before Schubert set to work composing it Enlivening the narrative are generous music examples reproductions of artwork and facsimiles of autograph material **The Art of Flight** Sergio Pitol, 2015-03-17 The debut work in English by Mexico's greatest and most influential living author and winner of the Cervantes Prize the Spanish language Nobel *The Art of Flight* takes the reader on a whirlwind tour of the world's cultural capitals as Sergio Pitol looks back on his well-traveled life as a legendary author translator scholar and diplomat The first work in Pitol's *Trilogy of Memory* *The Art of Flight* imaginatively blends the genres of fiction and memoir in a Borgesian swirl of contemplation and mystery expanding our understanding and appreciation of what literature can be and what it can do Sergio Pitol Born 1933 in Puebla one of Mexico's most acclaimed writers and literary translators studied law and philosophy in Mexico City and served for over thirty years as a cultural attaché in Mexican embassies and consulates across the globe which is reflected in his diverse and universal writing In recognition of the importance of his entire canon of literary work Pitol was awarded the Juan Rulfo Prize in 1999 now known as the FIL Literary Award in Romance Languages and in 2005 the Cervantes Prize the most prestigious literary prize in the Spanish language world George Henson is currently completing a PhD in humanities with an emphasis on literary and
