Maimonidean Studies, 2008 *Maimonidean Studies* Arthur Hyman, 1995 **Maimonidean Studies** Arthur Hyman, 1990 *Maimonidean studies. 2* 1991(1992) Arthur Hyman, 1992 *Maimonides* M. Hallamish, 2004 **The Cambridge Companion to Maimonides** Kenneth Seeskin, 2005-09-12 One aim of this series is to dispel the intimidation readers feel when faced with the work of difficult and challenging thinkers Moses ben Maimon also known as Maimonides 1138 1204 represents the high point of Jewish rationalism in the middle ages He played a pivotal role in the transition of philosophy from the Islamic East to the Christian West His greatest philosophical work *The Guide of the Perplexed* had a decisive impact on all subsequent Jewish thought and is still the subject of intense scholarly debate An enigmatic figure Maimonides continues to defy simple attempts at classification The twelve essays in this volume offer a lucid and comprehensive treatment of his life and thought They cover the sources on which Maimonides drew his contributions to philosophy theology jurisprudence and Bible commentary as well as his esoteric writing style and influence on later thinkers

Maimonides the Rationalist Herbert A. Davidson, 2011-04-30 In his own estimation Maimonides was neither exclusively a dedicated philosopher nor exclusively a devoted rabbinist he saw philosophy and the Written and Oral Torahs as a single harmonious domain and he believed that this view was similarly fundamental to the lives of the prophets and rabbis of old In this book Herbert Davidson examines Maimonides efforts to reconstitute this all embracing rationalist worldview that he felt had been lost during the millennium long exile *Maimonides, Commentary on Hippocrates' Aphorisms Volume 2* Gerrit Bos, 2019-12-16 Hippocrates Aphorisms enjoyed great popularity in the ancient and medieval world and according to Maimonides it was Hippocrates most useful work as it contained aphorisms which every physician should know by heart They were translated into Hebrew several times but it was Maimonides *Commentary on Hippocrates Aphorisms* that made the work influential in Jewish circles For the composition of his commentary Maimonides consulted the Aphorisms through the commentary by Galen translated by unayn ibn Is q This edition of Maimonides Arabic commentary and its Hebrew translations the first with an English translation based on the Arabic text is part of a project undertaken by Gerrit Bos to critically edit Maimonides medical works **Maimonides and the Shaping of the Jewish Canon** James A. Diamond, 2014-10-27 Jewish thought since the Middle Ages can be regarded as a sustained dialogue with Moses Maimonides regardless of the different social cultural and intellectual environments in which it was conducted Much of Jewish intellectual history can be viewed as a series of engagements with him fueled by the kind of Jewish rabbinic and esoteric writing Maimonides practiced This book examines a wide range of theologians philosophers and exegetes who share a passionate engagement with Maimonides assaulting adopting subverting or adapting his philosophical and jurisprudential thought This ongoing enterprise is critical to any appreciation of the broader scope of Jewish law philosophy biblical interpretation and Kabbalah Maimonides s legal philosophical and exegetical corpus became canonical in the sense that many subsequent

Jewish thinkers were compelled to struggle with it in order to advance their own thought As such Maimonides joins fundamental Jewish canon alongside the Bible the Talmud and the Zohar Maimonides T. M. Rudavsky, 2009-12-01 A thorough and accessible introduction to Maimonides arguably one of the most important Jewish philosophers of all time This work incorporates material from Maimonides philosophical legal and medical works providing a synoptic picture of Maimonides philosophical range Maimonides was and remains one of the most influential and important Jewish legalists who devoted himself to a reconceptualization of the entirety of Jewish law Offers both an intellectual biography and an exploration of the most important philosophical works in Maimonides corpus Persuasively argues that Maimonides did see himself as engaged in philosophical dialogue Maimonides philosophy is presented in a way that is accessible to readers with little background in either Jewish or medieval philosophy Secondary readings are provided at the end of each chapter as well as a bibliography of recent scholarly articles on some of the more pressing philosophical topics covered in the book
