Main Issues Confronting Christendom:

Main Issues Confronting Christendom Harold Augustus Bosley, 1948 Attempts to clarify some of the main issues before the Christian church today *The Living Church*, 1946 **Christendom** Peter Heather, 2025-04-22 A colossal book written by a colossus in the field The New York Review of Books A major reinterpretation of the religious superstate that came to define both Europe and Christianity itself by one of our foremost medieval historians In the fourth century AD a new faith grew out of Palestine overwhelming the paganism of Rome and resoundingly defeating a host of other rival belief systems Almost a thousand years later all of Europe was controlled by Christian rulers and the religion ingrained within culture and society exercised a monolithic hold over its population But how did a small sect of isolated and intensely committed congregations become a mass movement centrally directed from Rome As Peter Heather shows in this illuminating new history there was nothing inevitable about Christendom's rise and eventual dominance From Constantine the Great's pivotal conversion to Christianity to the crisis that followed the collapse of the Roman empire which left the religion teetering on the edge of extinction to the astonishing revolution of the eleventh century and beyond out of which the Papacy emerged as the head of a vast international corporation Heather traces Christendom's chameleonlike capacity for self reinvention as it not only defined a fledgling religion but transformed it into an institution that wielded effective authority across virtually all of the disparate peoples of medieval Europe Authoritative vivid and filled with new insights this is an unparalleled history of early Christianity *The Rise and Fall of the English Christendom* Bruce Kaye, 2017-11-06 English Christendom has never been a static entity Evangelism politics conflict and cultural changes have constantly and consistently developed it into myriad forms across the world However in recent times that development has seemingly become a general decline This book utilises the motif of Christendom to illuminate the pedigree of Anglican Christianity allowing a vital and persistent dynamic in Christianity namely the relationship between the sacred and the mundane to be more fundamentally explored Each chapter seeks to unpack a particular historical moment in which the relations of sacred and mundane are on display Beginning with the work of Bede before focusing on the Anglo Norman settlement of England the Tudor period and the establishment of the church in the American and Australian colonies Anglicanism is shown to consistently be a religio political tradition This approach opens up a different set of categories for the study of contemporary Anglicanism and its debates about the notion of the church It also opens up fresh ways of looking at religious conflict in the modern world and within Christianity This is a fresh exploration of a major facet of Western religious culture As such it will be of significant interest to scholars working in Religious History and Anglican Studies as well as theologians with an interest in Western Ecclesiology *Exploring Christian Mission Beyond Christendom: United Methodist Perspectives* Michael G. Cartwright, 2010 **The Christian Century**, 1921 *The Launching of Duke University, 1924-1949* Robert Franklin Durden, 1993 In this rich and authoritative history distinguished historian Robert F Durden tells the story of the formation of Duke University beginning with its creation

in 1924 as a new institution organized around Trinity College As Durden reveals this narrative belongs first and foremost to Duke University s original President William Preston Few whose visionary leadership successfully launched the building of the first voluntarily supported research university in the South In focusing on Duke University s most formative and critical years its first quarter century Durden commemorates Few s remarkable successes while recognizing the painful realities and uncertainties of a young institution Made possible by a gift from James B Duke the wealthiest member of the family that had underwritten Trinity College since 1890 Duke University was organized with Few as president Few s goal was to turn Duke into a world class institution of higher education and these early years saw the development of much of what we know as Duke University today Drawing on extensive archival material culled over a ten year period Durden discusses the building of the Medical Center the rebuilding of the School of Law the acquisition of the Duke Forest and development of the School of Forestry the nurturing of the Divinity School and the enrichment of the Graduate School of Arts and Sciences It was also during this period as Durden details that such treasures as the Sarah P Duke Gardens were created as well as some near treasures as seen by the failed attempt to start an art museum Although the story of the birth of this University belongs largely to William Preston Few other people figure prominently and are discussed at length Alice Baldwin who led in the establishment of the Woman s College emerges as a fascinating figure as do William H Wannamaker James B Duke William Hanes Ackland Robert L Flowers Justin Miller and Wilburt Cornell Davison among others Although impressive growth occurred in Duke s formative years tensions also arose The need to strike an institutional balance between the twin demands of teaching and research of regional versus national status combined with continual shortages of funds created occasional obstacles The problem of two sets of trustees one for the university and another for the Duke Endowment loomed largest of all As Few himself said during these early years Duke successfully embarked on a long journey for it was not until after World War II that Duke University consolidated the growth begun in the inter war years An important contribution to the history of Southern higher education as well as to Duke University this book will be of great interest to historians alumni and friends of Duke University alike

The Next Christendom Philip Jenkins, 2011-09-13 In this new and substantially expanded Third Edition Philip Jenkins continues to illuminate the remarkable expansion of Christianity in the global South in Africa Asia and Latin America Drawing upon the extensive new scholarship that has appeared on this topic in recent years he asks how the new Christianity is likely to affect the poor among whom it finds its most devoted adherents How should we interpret the enormous success of prosperity churches across the Global South Politically what will be the impact of new Christian movements Will Christianity contribute to liberating the poor to give voices to the previously silent or does it threaten only to bring new kinds of division and conflict Does Christianity liberate women or introduce new scriptural bases for subjection Acclaim for previous editions of *The Next Christendom* Named one of the Top Religion Books of 2002 by USA Today Named One of the Top Ten Religion Books of the Year by Booklist 2002 Winner of the Christianity Today Book Award in the category

of Christianity and Culture 2002 Jenkins is to be commended for reminding us throughout the often gripping pages of this lively work that the history of Christianity is the history of innovative and unpredictable adaptations The New York Times Book Review This is a landmark book Jenkin s thesis is comprehensively researched his analysis is full of insight and his projection of the future may indeed prove to be prophetic Baptist Times A valuable and provocative look at the phenomenon widely ignored in the affluent North but likely to be of enormous importance in the century ahead The Next Christendom is chillingly realistic about the relationship between Christianity and Islam Russell Shaw Crisis If the times demand nothing less than a major rethinking of contemporary global history from a Christian perspective The Next Christendom will be one of the significant landmarks pointing the way Mark Noll Books Culture **Called to Witness** Darrell L. Guder, 2015 From mission and theology to missional theology The Missio Dei a mission theology for after christendom The christological formation of missional practice The church as missional community The Nicene marks in a post christendom church The missional authority of scripture The scriptural formation of the missional community The worthy walk of the missional community after christendom Missional leadership for the formation of the community s worthy walk Missio Dei integrating theological formation for apostolic vocation Missional ecumenism the vision and the challenge *Catalog of Copyright Entries, Third Series* Library of Congress.
