The Seed and the Soil Carol Delaney, 1991-11-14 How do the metaphors we use to describe procreation

affect our view of the relative worth of each gender Carol Delaney discloses the powerful meanings condensed in the seemingly innocent images of seed and soil Drawing on her work in a small Turkish village of Sunni Muslims she shows us that the images are categorically different hierarchically ordered and unequally valued The ways in which the creation of a child is understood in Turkey furnish a key to understanding a whole range of Turkish attitudes toward sexuality and gender honor and shame authority and submission time and space inside and outside open and closed Moreover the symbols and meanings by which they represent procreation provide the means for understanding relationships between such seemingly disparate elements as the body family house village nation this world and other world Delaney points out that these symbols do not embellish reality they provide the key to a particular conception of it a conception that gives coherence to social life The patterns revealed are not distinctly Turkish they also comment on some of our own deeply held assumptions and values about procreation

**Sons or Lovers** Jonathan Y. Rowe, 2012-10-25 Jonathan Rowe examines David and Jonathan's friendship in the context of what ancient readers would have understood as the natural loyalty to their families He focuses on the conflicting moral goods between which the men choose seeking to understand the dynamics of the narrative consonant with ancient society Rowe discusses theoretical issues of interpretation and summarises how Bakhtin's theory of heteroglossic voices can be utilised to understand the narrative He deliberates over the key aspects of family life in the world described by the Old Testament surveys approaches to the study of the family among anthropologists and finally states how anthropology can inform the interpretation of the biblical text Starting from the concept of hegemonic masculinity Rowe examines how men in general are presented positively and then shows how Jonathan David and Saul measure up to these standards Rowe concludes that although Jonathan was disloyal to his family something that implied readers would have censured the books of Samuel present this disloyalty as honourable thus making a theological point about fidelity to the house of David
