Mediterranean Winter Robert D. Kaplan, 2011-11-23 In *Mediterranean Winter*, Robert D. Kaplan, the bestselling author of *Balkan Ghosts* and *Eastward to Tartary*, relives an austere, haunting journey he took as a youth through the off-season Mediterranean. The awnings are rolled up, and the other tourists are gone, so the damp, cold weather takes him back to the 1950s and earlier, a golden, intensely personal age of tourism. Decades ago, Kaplan voyaged from North Africa to Italy, Yugoslavia, and Greece, luxuriating in the radical freedom of youth, unaccountable to time because there was always time to make up for a mistake. He recalls that journey in this Persian miniature of a book, less to look inward into his own past than to look outward in order to dissect the process of learning through travel, in which a succession of new landscapes can lead to books and artwork never before encountered. Kaplan first imagines Tunis as the glow of gypsum lamps shimmering against lime-washed mosques; the city he actually discovers is even more intoxicating. He takes the reader to the ramparts of a Turkish kasbah where Carthaginian, Roman, and Byzantine forts once stood. I could see deep into Algeria over a ribwork of hills so gaunt it seemed the wind had torn the flesh off them. In these austere and aromatic surroundings, he discovers Saint Augustine; the courtyards of Tunis lead him to the historical writings of Ibn Khaldun. Kaplan takes us to the fifth-century Greek temple at Segesta, where he reflects on the ill-fated Athenian invasion of Sicily. At Hadrian's villa, shattered domes

revealed clouds moving overhead in countless visions of eternity It was a place made for silence and for contemplation where you wanted a book handy Every corner was a cloister No view was panoramic each seemed deliberately composed Kaplan's bus and train travels his nighttime boat voyages and his long walks in one archaeological site after another lead him to subjects as varied as the Berber threat to Carthage the Roman army's hunt for the warlord Jugurtha the legacy of Byzantine art the medieval Greek philosopher Georgios Gemistos Plethon who helped kindle the Italian Renaissance twentieth century British literary writing about Greece and the links between Rodin and the Croatian sculptor Ivan Mestrovic Within these pages are smells tastes and the profundity of chance encounters Mediterranean Winter begins in Rodin's sculpture garden in Paris passes through the gritty streets of Marseilles and ends with a moving epiphany about Greece as the world prepares for the 2004 Summer Olympics in Athens Mediterranean Winter is the story of an education It is filled with memories and history not the author's alone but humanity's as well

Sicily Andrew Edwards, Suzanne Edwards, 2014-03-27 Rising up from the heart of the Mediterranean Sicily has a rich and ancient history spanning over 2 000 years A bounty prized by invaders from the Greeks Romans and Vandals to the Byzantines Arabs and Normans Sicily's violently beautiful landscapes are haunted by a vibrant mix of cultures and her soil has always been fertile ground for the literary and artistic imagination This compelling guide uncovers the island's multi-faceted personality through those literary figures who have managed to get under her skin from Pindar Cicero and Aeschylus to Shakespeare and Cervantes DH Lawrence Coleridge and Oscar Wilde to Truman Capote Tennessee Williams Ezra Pound and Lawrence Durrell as well as local writers who have defined the modern Italian novel Giuseppe Tomasi di Lampedusa and Leonardo Sciascia Through their words and lives we witness the beauty pain and power of the Sicilian cultural landscape and discover how the potent mix of influences on the island's society has been preserved forever in literature

The Mirror of Antiquity David Wills, 2009-03-26 During the last century writers as diverse as William Golding Henry Miller Lawrence Durrell Evelyn Waugh Virginia Woolf and Laurie Lee were captivated by Greece They were joined in their production of travel accounts by hundreds of lesser known authors This book exposes how the responses of travellers were conditioned by much more than their own opinions and personalities The British education system classical scholarship and the heroism demonstrated by the Greeks during the Nazi invasion of their country all contributed to shaping travel narratives The author analyses the way in which all of the major archaeological sites were described including the Athenian Acropolis Delphi Olympia Heinrich Schliemann's Mycenae and Sir Arthur Evans' Knossos in Crete The representation of the modern Greek people particularly in the period after the Second World War is also explored at length Viewed as relics of the past the Greeks in literature were given the qualities and appearance of their ancestors David Wills shows how in the hands of twentieth century travel writers Greece became less a modern country and more a mirror of antiquity This book is essential reading for all who are interested in the history of travel and tourism reception of the classical past and recent Greek history

Travel, Tourism, and Identity Gabriel R. Ricci, 2017-09-29. Travel, Tourism, and Identity addresses the psychological and social adjustments that occur when people make contact with others outside their social, cultural, or linguistic groups. Whether such contact is the result of tourism, seeking exile, or relocating abroad, the volume's contributors demonstrate how one's identity, cultural assumptions, and worldview can be brought into question. In some cases, the traveller finds that bridging the social and cultural gap between himself and the new society is fairly easy. In other cases, the traveller discovers that reorienting himself requires absorbing a new cultural history and traditions. The contributors argue that making these adjustments will surely enhance the traveller's or tourist's experience; otherwise, the traveller or tourist will be at risk of becoming a marginalized figure, one disconnected from the society that surrounds him. This latest volume in the Culture Civilization series features a collection of essays on travel and tourism. The essays cover a range of topics from historical travels to modern social identities. They discuss ancient travels, contemporary travels in Europe, Africa, and sustainable eco-tourism, and the politics of tourism. Essays also address experiences of Grenada's Spice Island, identity, and the effects of globalization and migrations on personal identity.
