Medium Of Instruction Policies:

Medium of Instruction Policies James W. Tollefson, Amy B.M. Tsui, 2003-10-03 Medium of instruction policies in education have considerable impact not only on the school performance of students and the daily work of teachers but also on various forms of social and economic inequality. In many multiethnic and multilingual countries the choice of a language for the medium of instruction in state educational systems raises a fundamental and complex educational question: what combination of instruction in students' native languages and in a second language of wider communication will ensure that students gain both effective subject content education as well as the second language skills necessary for higher education and employment. Beyond this educational issue of choice of languages of instruction, medium of instruction policies are also linked to a range of important sociopolitical issues including globalization, migration, labor policy, elite competition, and the distribution of economic resources and political power. The contributors to this volume examine the tension between the educational agendas and other social and political agendas underlying medium of instruction policies in different countries around the world and unravel the connections between these policies and the related critically important educational, social, political, and economic issues. *Medium of Instruction Policies* Which Agenda? Whose Agenda is intended for scholars and specialists in education, language policy, sociolinguistics, applied linguistics, and language teaching and is intended for use in graduate and advanced undergraduate courses on language education and language policy. **Language Policies in**

Education James W. Tollefson, 2012-10-02 How do language policies in schools create inequalities among learners? How do policies marginalize some students while granting privilege to others? How do language policies in education serve the interests of dominant groups within societies? How can linguistic minorities further their interests through attempts to change language policies in schools? This new edition of *Language Policies in Education* takes a fresh look at these enduring questions at the heart of fundamental debates about the role of schools in society, the links between education and employment, and conflicts between linguistic minorities and mainstream populations. Reflecting developments in language policy since the publication of the first edition in 2002, all chapters are original and substantial contributions to the study of language policy and exemplify major theories and research methods in the field. Chapter authors are major scholars in language policy and critical language studies. The case studies, international in scope, present cutting edge analyses of important language policy debates in countries around the world. **Language Planning for Medium of Instruction in**

Asia M. Hamid, Hoa Nguyen, Richard Baldauf, 2015-10-16 This volume investigates the policy and practice of medium of instruction at different levels of education in Asian polities including Bangladesh, Hong Kong, India, Indonesia, Japan, Malaysia, the Maldives, Nepal, Timor-Leste, and Vietnam. The chapters provide an informed understanding of the context, process, actors, goals, and outcomes of medium of instruction policies from a language policy and planning perspective. The volume has an emphasis on the exploration of medium of instruction in action, which brings into focus the perspectives of micro policy.

enactors including teachers students and parents in the local context generating crucial empirical insights This critical analysis of the goals outcomes and experiences of this trend in global language in education will be of interest to language and education students researchers practicing teachers executives in academia and language studies and to education policymaking authorities in Asia and other parts of the world The volume updates existing research on medium of instruction and takes the field forward in a fast changing world as English medium instruction policies are globalised This book was originally published as a special issue of Current Issues in Language Planning **English as a Medium of Instruction in South Asia** Ram Ashish Giri,Amol Padwad,Mian Md. Naushaad Kabir,2023-10-13 This book examines the English mania phenomenon and the complex circumstances of adopting English Medium Instruction EMI by South Asian education systems and the effect of an uneven distribution of resources on the already under resourced countries in the region Chapters explore linguistic social and economic injustices by using an analytic critical approach to examinations of the place role provisions and practices of EMI in specific English language teaching ELT contexts The book consequently advocates for the wholesale reform of a system which the authors argue is unjust Ultimately the book explores socio cultural poststructuralist and English linguistic imperialism theories to contribute a South Asian perspective on the controversy surrounding EMI and examine its role within a wider global discourse on equity and social justice Critically examining the spread of English in South Asia this book will be of relevance to researchers scholars and postgraduate students in applied linguistics language education TESOL and sociolinguistics **Language Education Policies in Multilingual Settings** Laura Gurney,Lakshman

Wedikkarage,2024-05-28 The volume provides grounded and contemporary insight into multilingual education from diverse perspectives stemming from the authors epistemic cultural and geographic positioning around the world in different educational milieu and will give both academic and practitioner audiences an up to date picture of multilingual education in the early 2020s Multilingual education policies are continually implemented re evaluated and debated around the world from primary to tertiary education Fundamentally however educational policies manifest in classroom practice the language envisaged in policy becomes the languaging of practice as teachers learners and stakeholders negotiate educational curricula together Internal and external forces from resourcing to the Internet to broader events such as pandemics and changes in government shape the landscapes in which policies are enacted The volume is extending the themes of the Multilingual Education Yearbook series in line with current developments in theory research and practice As such this book provides a wealth of information to practitioners teachers and teacher educators researchers in applied linguistics and language education postgraduate students in the field of applied linguistics and policymakers **Multilingual Learning: Assessment, Ideologies and Policies in Sub-Saharan Africa** Colin Reilly,Feliciano Chimbutane,John Clegg,Casmir Rubagumya,Elizabeth J. Erling,2023-11-30 This edited volume provides the follow up to Erling et al s 2021 Multilingual Learning and Language Supportive Pedagogies in Sub Saharan Africa The strategies put forward in Volume 1 included

multilingual pedagogies that allow students to draw on their full linguistic repertoires translanguage and other language supportive pedagogies While there is great traction in the pedagogical strategies proposed in Volume 1 limited progress has been made in terms of multilingual education in Sub Saharan Africa SSA Thus the main focus of this follow up volume is to explore the question of why former colonial languages and monolingual approaches continue to be used as the dominant languages of education even when we have multilingual pedagogies and materials that could and do work and despite substantial evidence that learners have difficulties when taught in a language they do not understand This book offers perspectives to answer this question through focusing on the internal and external pressures which impact the capacity for implementing multilingual strategies in educational contexts at regional national and community levels Chapters provide insights into how to better understand and work within these contemporary constraints and challenge dominant monoglossic discourses which inhibit the implementation of multilingual education in SSA The volume focuses on three main areas which have proven to be stumbling blocks to the effective implementation of multilingual education to date namely assessment ideology and policy An insightful collection that will be of great interest to academics researchers and practitioners in the fields of language education language in education policy and educational assessments in the wide range of multilingual contexts in Africa

Language Policies in Education James W. The Oxford Handbook of Language Policy and Planning James W. Tollefson, Miguel Pérez-Milans, 2018-05-07 This Handbook provides a state of the art account of research in language policy and planning LPP Through a critical examination of LPP the Handbook offers new direction for a field in theoretical and methodological turmoil as a result of the socio economic institutional and discursive processes of change taking place under the conditions of Late Modernity Late Modernity refers to the widespread processes of late capitalism leading to the selective privatization of services including education the information revolution associated with rapidly changing statuses and functions of languages the weakening of the institutions of nation states along with the strengthening of non state actors and the fragmentation of overlapping and competing identities associated with new

complexities of language identity relations and new forms of multilingual language use As an academic discipline in the social sciences LPP is fraught with tensions between these processes of change and the still powerful ideological framework of modern nationalism It is an exciting and energizing time for LPP research This Handbook propels the field forward offering a dialogue between the two major historical trends in LPP associated with the processes of Modernity and Late Modernity the focus on continuity behind the institutional policies of the modern nation state and the attention to local processes of uncertainty and instability across different settings resulting from processes of change The Handbook takes great strides toward overcoming the long standing division between top down and bottom up analysis in LPP research setting the stage for theoretical and methodological innovation Part I defines alternative theoretical and conceptual frameworks in LPP emphasizing developments since the ethnographic turn including ethnography in LPP historical discursive approaches ethics normative theorizing and transdisciplinary methods and the renewed focus on socio economic class Part II examines LPP against the background of influential ideas about language shaped by the institutions of the nation state with close attention to the social position of minority languages and specific communities facing profound language policy challenges Part III investigates the turmoil and tensions that currently characterize LPP research under conditions of Late Modernity Finally Part IV presents an integrative summary and directions for future LPP research
