Mediumship Of Mrs Leonard:

The Mediumship of Mrs. Leonard Susy Smith, 1964 Immortal Remains Stephen E. Braude, 2003 Do you believe in ghosts Chances are you're either too willing or not willing enough to believe that personal consciousness survives after bodily death Some underestimate the evidence for life after death not realizing how impressive the most convincing cases are Others overestimate it rejecting alternative explanations too readily In fact several non survivalist explanations hidden or latent linguistic or artistic talents extreme memory even psychic abilities are as interesting as the hypothesis of survival and may be more plausible than their critics realize *Immortal Remains* takes a fresh look at some of the most puzzling cases suggesting life after death and considers how to tell evidence for an afterlife from evidence for exotic things including psychic things done by the living Author Stephen E Braude who has done extensive research in parapsychology and dissociation explores previously ignored issues about dissociation creativity linguistic skills and the nature and limits of human abilities He concludes that we have some reason finally for believing in life after death Mediumship and Survival W. W. Baggally, 2012-08-31 Whether or not we survive physical death is one of humanity's most fundamental concerns Here Dr Gauld draws on a century of evidence mediumship reincarnation obsession possession hauntings and apparitions all seem to indicate survival This is a compulsively readable assessment of evidence for and against survival and an excellent introduction to the field of psychical research The Paranormal the new ebook series from F W Media International Ltd resurrecting rare titles classic publications and out of print texts as well as new ebook titles on the supernatural other worldly books for the digital age The series includes a range of paranormal subjects from angels fairies and UFOs to near death experiences vampires ghosts and witchcraft **Mediums Rare** Richard Matheson, 2011-05-14 The celebrated author of *Stir of Echoes* and *Hell House* offers a fascinating exploration of parapsychology and its history In *Mediums Rare* horror and science fiction novelist Richard Matheson shares a personal project inspired by his lifelong interest in all things paranormal Here is a brief account of psychic beginnings covering subjects like telepathy ESP paranormal activity and more Parapsychology today utilizes highly advanced methodology It has long since left behind the era of dim lit parlors and spiritual melodramatics It is now a completely legitimate field of study based upon precise and sophisticated test procedures But it began quite differently Matheson takes readers on a journey through paranormal history beginning in Greek antiquity and making his way toward renowned American psychic Edgar Cayce Along the way he recounts episodes like the Margaret and Kate Fox young sisters who in 1848 convinced others they were in touch with ghosts in a haunted house There's also Civil War era medium Nettie Colburn who aided President Lincoln and may have channeled Daniel Webster Other episodes include New England mediums Mrs Leonard and Mrs Piper and the great magician Harry Houdini Fans of parapsychology or of Matheson's other works should enjoy this lively exploration of great topics that inform the genre and have become legendary Publishers Weekly **Psychic Research**, 1928 **The Mediumship of Mrs. Osborne Leonard** D. Wheeler,1921 Psychic Exploration: A Challenge for Science Edgar D. Mitchell,2011-07-01 **Psychic Exploration A Challenge for Science** is a primer on psychic research life s purpose and the meaning of the universe Originally published in 1974 this landmark anthology of nearly thirty chapters on every area of psychic research is finally available again Edgar D Mitchell Apollo 14 astronaut and moonwalker as well as a distinguished researcher of the study of human consciousness brought together eminent scientists to write about issues once considered too controversial to discuss This book includes fascinating chapters on the history of parapsychology telepathy hauntings psychic phenomena and consciousness along with an extensive glossary and index This timeless anthology continues to be appealing as a reference work for those curious about the history of parapsychology fans of the world of psi and readers interested in the meaning of the universe Contributors include Willis W Harman Jean Houston Stanley Krippner Robert Masters William G Roll Russell Targ Charles T Tart Montague Ullman and many more perhaps the most important change since the initial publication of **Psychic Exploration** has been due to advancements in quantum physics If this trend continues then the age old puzzle at the core of religious epiphanies mystical insight and creative genius will finally yield to scientific explanations What is the true nature of consciousness From the New Foreword by Marilyn Schlitz PhD and Dean Radin PhD Lectures on Psychological Research (Routledge Revivals) C. D. Broad,2011-03-31 This book first published in 1962 is based on a series of lectures first given at Cambridge University in 1959 and 1960 dealing with psychical research i e the scientific investigation of ostensibly paranormal phenomena Split into three sections Professor Broad s study examines numerous issues relating to psychical theory including guessing hallucinatory quasi perception and trance mediumship **Quarterly Transactions of the British College of Psychic Science** British College of Psychic Science,1927 **Psyche** Charles Kay Ogden,1922 Includes section Current literature Psyche ,1921 *The Paranormal* Eric Carlton,2017-11-22 This title was first published in 2000 A manifestation of mass hysteria a compensation for physical or emotional deprivation or an alternative to religion What is the function of the paranormal in society This question and its many possible answers are the subject of this scholarly study of our enduring fascination with experiences for which science provides no ready explanations From the ancient cultures of Mesopotamia and Egypt to the present day Eric Carlton surveys the development of ideas and research associated with the paranormal culminating as it does today in the recognized academic status accorded to parapsychology With a critical yet open mind Carlton explores issues associated with the study of the paranormal such as witchcraft beliefs near death experiences and the UFO phenomenon Case studies are employed to illustrate and illuminate certain examples and theories This thought provoking book concludes that the paranormal and our study of it provides a multi faceted vehicle for humanity s quest to find meaning in life **Science and the Afterlife Experience** Chris Carter,2012-08-22 Reveals the evidence of life beyond death Examines 125 years of scientific research into reincarnation apparitions and communication with the dead

showing these phenomena are real Reveals the existence of higher planes of consciousness where the souls of the dead can choose to advance or manifest once again on Earth Explains how these findings have been ignored and denied because they are incompatible with materialist doctrines In this book Chris Carter shows that evidence of life beyond death exists and has been around for millennia predating any organized religion Focusing on three key phenomena reincarnation apparitions and communications from the dead Carter reveals 125 years of documented scientific studies by independent researchers and the British and American Societies for Psychical Research that rule out hoaxes fraud and hallucinations and prove these afterlife phenomena are real The author examines historic and modern accounts of detailed past life memories visits from the deceased and communications with the dead via medium and automatic writing as well as the scientific methods used to confirm these experiences He explains how these findings on the afterlife have been ignored and denied because they are incompatible with the prevailing doctrine of materialism Sharing messages from the dead themselves describing the afterlife Carter reveals how consciousness exists outside the parameters of biological evolution and emerges through the medium of the brain to use the physical world as a springboard for growth After death souls can advance to higher planes of consciousness or manifest once again on Earth Carter's rigorous argument proves beyond any reasonable doubt not only that consciousness survives death and continues in the afterlife but that it precedes birth as well

Channeling Jon Klimo, 1998-04-17 In this study of channeling earlier called spirit communication or mediumship Klimo who teaches at Rosebridge Graduate School in the San Francisco Bay Area writes with clarity about the communication of information to or through a physically embodied human being from a source on some other level or dimension of reality other than the physical as we know it He profiles recent channels and their sources goes back to preliterate societies and the advent of monotheism and identifies as channels such figures as Moses Solomon Muhammad Merlin Nostradamus Swedenborg and Edgar Cayce He discusses the sorts of people who are channels kinds of information channeled sources of information channeled and varieties of channeling like clairvoyance and automatic writing According to Klimo few people tap into their abilities to perform channeling and for those who think they can he serves as guide
