Meetings In An Hour Or Leb:

1982, Lebanon and the Road to War Yigal Kipnis, 2024-12-31 On June 6 1982 the Israeli Defence Forces entered Lebanon for what was billed as a relatively limited operation In reality the Lebanon War claimed many lives and undermined public trust in decision makers Through newly published archival documents this book explores the events that led to the war and the actions of the people involved With the help of documents published in this book for the first time historian Yigal Kipnis lays out the circumstances of the war the preparations and discussions leading up to and during it Israel s convoluted moves against the administration in Washington and against the Lebanese Christians and above all the consistent coordination between Prime Minister Menachem Begin and Minister of Defense Ariel Sharon The goals of the war were derived from Begin s worldview Sharon worked to achieve these goals in the military field while Begin operated in the Israeli political field and diplomatically with the United States To this end he skillfully cleverly and decisively maneuvered between his principles and his obligations as a leader guiding a nation to war and to the political struggle for its justice However he was also subject to extreme emotional changes as revealed by the detailed reports of his behavioral transformations by representatives of the US State Department This book will be of interest to researchers of Middle Eastern political history US Israeli relations and the Israeli Palestinian conflict as well as political science and political history **Applying the decision rights approach**
