Meetings And Farewells Modern Korean Stories:

Meetings and Farewells Chong-wha Chung,1980 Modern Korean Literature Peter H. Lee,1990-11-01 The history of Korea in the twentieth century has been a grim succession of oppressions humiliations and betrayals Yet through it all modern Korean writers have been able not only to find their own distinctive voices but to forge a national literature that speaks eloquently of the survival of the human spirit in times of crisis This anthology includes the finest translations available of representative works in all the major genres including poetry fiction essays and drama Readers will gain a clear sense of the development of twentieth century Korean literature and a vivid impression of the resilience strength and tenacity of modern Korean writers *Modern Korean Literature* Chung Chong-Wha,2012-10-12 The sixth book in Kegan Paul International s Korean Culture Series this volume contains thirty stories that have been selected on the basis of historical interest and literary worth each representing a monumental moment in the history of Korean Literature The ten stories in the first part share the common theme of the Korean experience of the confrontation between man and woman in some stories the relationship is portrayed as innocent and pure in others the relationship becomes more sophisticated and complex The ten stories in the second part all deal with old Korean or the old Korean way of life the Korea of bygone days which is gradually disappearing in the face of industrialization and internationalization The third group of stories reveals modern Korea in the process of change during the period of the Japanese Occupation the liberation from the Occupation and the Korean War All thirty stories may serve as social documents From the time of ideological chaos following the independence of Korea in 1945 up to the fall of the USSR in the 1980s modern Korean literature has been powerfully swayed by Marxist ideology one way or another Literature has an important role to play in its portrayal of the relations between society and individual people and it has a particularly vital social function in developing or undeveloped countries However the stories in this anthology are not just historical documents They represent the peak of literary achievements by great and gifted writers in the first half of this century It is remarkable to find so many talented writers producing so many powerful works of art in a short span of just over 50 years between 1908 and 1965 This anthology is an invitation to readers to grasp how much Korea has attained in the process of its modernization The authors whose works appear in this volume are Yi Kwang su Kim Dong in Hyun Chin kon Yi Hyo suk Kim Yu jong Yi Sang Kim Dong ni O Yung su Hwang Sun won Sohn So hi Hahn Mu suk Sunwu Hwi Kang Shin jae Oh Sang won Suh Ki won Han Mal suk Choi In hun Kim sung ok Yi Mun ku **Modern Korean Fiction** Sangsup Lee,1983 This guide book is to show the English speaking public a map of modern Korean fiction Introducing Korean literature for readers of other natinos is an important part of various projects undertaken by the Korean Culture and Arts Foundation cover page 4 *Historical Dictionary of the Republic of Korea* James E. Hoare,2020-10-13 South Korea Republic of Korea is the more successful of the two Koreas in both economic and political terms Even the Asian economic crisis of 1997 1998 which hit badly was weathered successfully and when the next crisis came along in 2007 South Korea

coped better than many other countries This economic strength taken with the steady progress of democratization since 1987 indicates that when the peninsula is eventually reunified as one day it probably will be a new unified Korea will follow the South Korea model rather than that of North Korea This fourth edition of Historical Dictionary of the Republic of Korea contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about the Republic of Korea The Routledge Companion to Korean Literature Heekyoung Cho,2022-03-15 The Routledge Companion to Korean Literature consists of 35 chapters written by leaders in the field who explore significant topics and who have pioneered innovative approaches The collection highlights the most dynamic current scholarship on Korean literature presenting rigorous literary analysis interdisciplinary methodologies and transregional thinking so as to provide a valuable and inspiring resource for researchers and students alike This Companion has particular significance as the most extensive collection to date of English language articles on Korean literature it both offers a thorough intellectual engagement with current scholarship and addresses a broad range of topics and time periods from premodern to contemporary It will contribute to an understanding of literature as part of a broad sociocultural process that aims to put the field into conversation with other fields of study in the humanities and social sciences While presenting rigorous and innovative academic research that will be useful to graduate students and researchers the chapters in the collection are written to be accessible to the average upper level undergraduate student and include only minimal use of academic jargon In an effort to provide substantially helpful material for researching teaching and learning Korean literature this Companion includes as an appendix an extensive list of English translations of Korean literature **Korea Briefing, 1993** Donald N. Clark,2019-04-08 This edition of Korea Briefing the fourth in the series is issued in conjunction with The Asia Society s Festival of Korea a yearlong nationwide celebration of Korean history culture and contemporary life *Korean Poetry* ,1984 **Seoul Journal of Korean Studies** ,2009 **Think No Evil** C. Fred Alford,2018-10-18 In this investigation of the contemporary notion of evil C Fred Alford asks what we can learn about this concept and about ourselves by examining a society where it is unknown where language contains no word that equates to the English term evil Does such a society look upon human nature more benignly Do its members view the world through rose colored glasses Korea offers a fascinating starting point and Alford begins his search for answers there In conversations with hundreds of Koreans from diverse religions and walks of life students politicians teachers Buddhist monks Confucian scholars Catholic priests housewives psychiatrists and farmers Alford found remarkable agreement about the nonexistence of evil Koreans regard evil not as a moral category but as an intellectual one the result of erroneous Western thinking For them evil results from the creation of dualisms oppositions between people and ideas Alford s interviews often led to discussions about imported ways of thinking and the impact of

globalization upon society at large In particular he was struck by how Koreans responses to globalization matched
 Westerners views about evil In much of the world he argues globalization is the ultimate dualism attractive for the
 enlightenment and freedom it brings terrifying for the great social and personal upheaval it can cause **The Classical**
