## **Melville's Moby Dick An American Nekyia:**

Melville's Moby-Dick Edward F. Edinger, 1995 The great American novel Moby Dick is a psychological document which like a dream needs interpretation and elaboration of its images for its meaning to emerge fully The subtitle of this work underscores the correspondence between Melville's deep internal struggle and the hidden complexities within us all

Melville's Moby-Dick Edward F. Edinger, 1978      The Great Floodgates of the Wonderworld Justin Hocking, 2014-02-11

Surfing in Far Rockaway romantic obsession and Moby Dick converge in this winning and refreshing memoir Justin Hocking lands in New York hopeful but adrift he's jobless unexpectedly overwhelmed and disoriented by the city struggling with anxiety and obsession and attempting to maintain a faltering long distance relationship As a man whose brand of therapy has always been motion whether in a skate park or on a snowdrift Hocking needs an outlet for his restlessness Then he spies his first New York surfer hauling a board to the subway and its not long before he's a member of the vibrant and passionate surfing community at Far Rockaway But in the wake of a traumatic robbery incident the dark undercurrents of his ocean obsession pull him further and further out on his own night sea journey With Moby Dick as a touchstone and interspersed with interludes on everything from the history of surfing to Scientology's naval ties to the environmental impact of the Iraq War The Great Floodgates of the Wonderworld is a multifaceted and enduring modern odyssey from a memorable and whip smart new literary voice

Whitman's Queer Children Catherine A. Davies, 2012-04-26 Davies examines the work of four of the most important twentieth century poets who have explored the epic tradition Some of the poems display an explicit concern with ideas of American nationhood while others emulate the formal ambitions and encyclopaedic scope of the epic poem The study undertakes extensive close readings of Hart Crane's The Bridge 1930 Allen Ginsberg's Howl 1956 and The Fall of America Poems of These States 1965-71 1972 James Merrill's The Changing Light at Sandover 1982 and John Ashbery's Flow Chart 1991 Although not primarily an account of a Whitmanian lineage this book considers Whitman's renegotiation of the dialectic between the public and the private as a context for the project of the homosexual epic arguing for the existence of a genealogy of epic poems that rethink the relationship between these two spheres If as Bakhtin suggests the job of epic is to accomplish the task of cultural national and political centralization of the verbal ideological world the idea of the homosexual epic fundamentally problematizes the traditional aims of the genre

Jungian Perspectives on Indeterminate States Elizabeth Brodersen, Pilar Amezcaga, 2020-08-09 In Jungian Perspectives on Indeterminate States Between and Between Borders Elizabeth Brodersen and Pilar Amezcaga bring together leading international contributors to analyse and interpret the psychological impact of contemporary border crossing both literally and figuratively Each chapter assesses key themes such as migration culture gender and identity formation through a Jungian lens All the contributors sensitively explore how creative forms can help mitigate the trauma experienced when one is forced to leave safety and enter unknown territory and examines the specific role of indeterminacy liminality and symbols as transformers at the border between culture race and

gender The book asks whether we are able to hold these indeterminate states as creative liminal manifestations pointing to new forms integrate the shadow other as potential and allow sufficient cross border migration and fertilization as permissible It makes clear that societal conflict represents a struggle for recognition and identity and elucidates the negative experiences of authoritarian structures attached to disrespect and misrecognitions This interdisciplinary collection will offer key insight for Jungian analysts in practice and in training psychotherapists anthropologists political and cultural theorists and postgraduate researchers in psychosocial studies It will also be of great interest to readers interested in migration sexuality gender race and ethnicity studies

Fictions of Home Martin Mühlheim, 2018-04-23 This study aims to counter right wing discourses of belonging It discusses key theoretical concepts for the study of home focusing in particular on Marxist feminist postcolonial and psychoanalytic contributions The book also maintains that postmodern celebrations of nomadism and exile tend to be incapable of providing an alternative to conservative xenophobic appropriations of home In detailed readings of one film and six novels a view is developed according to which home as a spatio temporal imaginary is rooted in our species being and as such constitutes the inevitable starting point for any progressive politics

Adapturgy Jane Barnette, 2018 Challenging the binary categories of new play and production dramaturgy this book offers both a theoretical model for understanding adaptation for the stage and a practical guide for dramaturgs and others involved in the creation of theatrical adaptations

*The Spectre of the Other in Jungian Psychoanalysis* Marybeth Carter, Stephen Farah, 2022-12-30 Winner of the IAJBS Book Award 2023 for Best Edited Book Winner of the 2023 Gradiva Award for Best Edited Book This volume explores Jung's theories in relation to the concept of Other and in conjunction with the lived experience of it while examining current events and cultural phenomena through the lens of Jungian and post Jungian psychology sociology literature film and philosophy The contributors examine global expressions of these various viewpoints disciplines and life experiences and how cultural political and sociological complexes evoke challenges as well as invitations to the idea of the Other from intersecting and convergent perspectives *The Spectre of the Other in Jungian Psychoanalysis* is timely and important reading for Jungian and post Jungian analysts therapists academics students and creatives

**The Jungians** Thomas B. Kirsch, 2012-10-12 *The Jungians A Comparative and Historical Perspective* is the first book to trace the history of the profession of analytical psychology from its origins in 1913 until the present As someone who has been personally involved in many aspects of Jungian history Thomas Kirsch is well equipped to take the reader through the history of the movement and to document its growth throughout the world with chapters covering individual geographical areas the UK USA and Australia to name but a few in some depth He also provides new information on the ever controversial subject of Jung's relationship to Nazism Jews and Judaism A lively and well researched key work of reference *The Jungians* will appeal to not only to those working in the field of analysis but would also make essential reading for all those interested in Jungian studies

**The Self and the Lotus: A Jungian View of Indian Buddhism, Volume II** George R. Elder, 2023-05-30 It is obvious to thoughtful persons

that our culture is undergoing a major transition as is our religion the carrier of values and guide to meaning It is essential therefore that we understand how religion functions when a culture is alive and well Observing how it has functioned elsewhere in another time and place is a good way to gain objectivity about the religious life And this survey of ancient Indian Buddhism serves that purpose It is important too that we try to interpret ancient wisdom in a modern way so that it has meaning for us Thus this work on Buddhism introduces the psychology of C G Jung and demonstrates to what extent Jung knew about Buddhism how he used it to comment upon the psychology of religion in general This is the second volume of a two volume work Following the first volume s exploration of the Life of the Buddha and Early Buddhist teaching this volume explores Mahayana teaching Buddhist Philosophy and Tantra At important junctures of the discussion the author pauses to reflect from the point of view of Jungian psychology

**The Snake and the Rope: A Jungian View of Hinduism** George R. Elder, 2025-02-15 It is obvious that our culture is undergoing a major transition as are our religions that traditionally carry a culture s values even its vitality Thus it is essential that we understand how religion functions when it is alive and well Studying it elsewhere in another time and place helps us to be objective about the religious life And this survey of Hinduism serves that purpose Since our own religious traditions assume a pre modern world view it is important that we try to interpret them in a modern way Otherwise we lose their wisdom C G Jung s psychology of religion is the most creative interpretation of religion that we have today I show to what extent Jung wrote about Hinduism understood it and how we can apply his insights to our own psycho religious circumstances The Snake and the Rope A Jungian View of Hinduism is a companion to my book The Self and the Lotus A Jungian View of Indian Buddhism 2 vols that is also published by BookLocker

Recent Studies in Myths and Literature, 1970-1990 Bernard Accardi, 1991-08-14 Despite protestations to the contrary myth criticism in literature is not dead witness the well over 1000 illuminating sources published between 1970 and 1990 selected from thousands more and provided with succinct informative annotations The modern study of the relation between myths and literature began in the late 19th century with publication of James G Frazer s The Golden Bough and reached a high water mark with Northrop Frye s archetypal criticism beginning in the late 1950s The end of modernism proclaimed in the late 1960s seemed also to toll the death knell for myth criticism which was denigrated by some new critics of the post modernist era Instead however the authors here have found a wealth of recent materials some proceeding from traditional psychological or anthropological stances and others taking new directions studying relationships between myth and language and myth and history viewing myth as part of the complex fabric of fiction rather than its core and accommodating feminist theory among other approaches The variety of narratives accorded the status of myth has also prompted inquiries on mythopoesis or the literary creation of myth The opening chapter surveys work done on the mythic or archetypal approach in general and on such mythic figures in literature as Orpheus Oedipus Cain and Faust the second chapter covers works on myth in classical literature and the following five chapters correspond to major periods in British and American literature

Included are general studies and studies of particular authors notably among them such giants of the past as Shakespeare Milton Melville Joyce and Faulkner but also including such contemporary writers as Toni Morrison and John Updike A well constructed subject index provides access throughout to mythical figures and literary figures as well as major theories and theorists topics and themes and an author index accesses the critical studies

Confronting Our Freedom Peter Block, Peter Koestenbaum, 2023-02-03 Explore the nature of modern leadership In *Confronting Our Freedom* a team of dedicated leadership coaches delivers an exciting and engaging new take on management and leadership Drawing on recent events in the market and in the world including the Great Resignation the COVID 19 pandemic and widespread digital transformation the authors invite you to reimagine ideas of freedom and accountability in the context of work You ll explore how freedom of action for managers and employees is what gives rise to true accountability both in the community and in the workplace In the book you ll also find Discussions of the power and structure of freedom including its implications for our own choices and lives Ways to shift the focus of your leadership and management to accountability and freedom Strategies for shifting the illusion of clear roles and expectations to one compatible with fully human organizations A groundbreaking and incisive approach to managing and leading others in virtual hybrid and in person settings *Confronting Our Freedom* will be an eye opener for managers executives and other business leaders seeking to improve their ability to inspire others to their fullest potential

*The Sacred Prostitute* Nancy Qualls-Corbett, 1988 The disconnection between spirituality and passionate love leaves a broad sense of dissatisfaction and boredom in relationships The author illustrates how our vitality and capacity for joy depend on restoring the soul of the sacred prostitute to its rightful place in consciousness

*American Literary Scholarship* James Leslie Woodress, 1965

**The Transcendent Function** Richard Bibbee, 2006 Presents a how to manual on understanding and analyzing dreams and their symbols concentrating on childhood adolescence and the end of life

Studies in the American Renaissance Joel Myerson, 1980

**The New Gods** Harold Schechter, 1980 Harold Schechter looks at the impossible tales and images of popular art the space odysseys and extraterrestrial civilizations the caped crusaders and men of steel and monsters from the ocean floor and finds close connections between religious myth and popular entertainment

The Self and the Lotus: A Jungian View of Indian Buddhism, Volume I George R. Elder, 2023-05-30 It is obvious to thoughtful persons that our culture is undergoing a major transition as is our religion the carrier of values and guide to meaning It is essential therefore that we understand how religion functions when a culture is alive and well Observing how it has functioned elsewhere in another time and place is a good way to gain objectivity about the religious life And this survey of ancient Indian Buddhism serves that purpose It is important too that we try to interpret ancient wisdom in a modern way so that it has meaning for us Thus this work on Buddhism introduces the psychology of C G Jung and demonstrates to what extent Jung knew about Buddhism how he used it to comment upon the psychology of religion in general This is the first volume of a two volume work Following introductory materials it explores the Life of the Buddha then

his Early Teachings before they are expressed in Mahayana Buddhism the subject of the second volume At important junctures of the discussion the author pauses to reflect from the point of view of Jungian psychology **The Illness that We are** John P. Dourley, 1984 Dr Dourley Catholic priest and professor of religion explores Jung's assessment of Christianity questioning its essentially masculine orientation and its emphasis on perfection rather than wholeness as the goal
