**The Politics of Care Work** Emma Amador, 2025-04-18 In *The Politics of Care Work* Emma Amador tells the story of Puerto Rican women's involvement in political activism for social and economic justice in Puerto Rico and the United States throughout the twentieth century. Amador focuses on the experiences and contributions of Puerto Rican social workers, care workers, and caregivers who fought for the compensation of reproductive labor in society and the establishment of social welfare programs. These activists believed conflicts over social reproduction and care work were themselves high stakes class struggles for women, migrants, and people of color. In Puerto Rico, they organized for women's rights, socialism, labor standards, and Puerto Rican independence. They continued this work in the United States by advocating for migrant rights, participating in the civil rights movement, and joining Puerto Rican-led social movements. Amador shows how their relentless efforts gradually shifted the field of social work toward social justice and community-centered activism. The profound and enduring impact of their efforts on Puerto Rican communities underscores the crucial role of Puerto Rican women's caregiving labor and activism in building and sustaining migrant communities.

It's the story of the story of how the Church of Jesus Christ of Latter-day Saints began. Steven C. Harper tells the story of how Latter-day Saints forgot and then remembered several accounts of Joseph Smith's experience of his first vision and how Smith's 1838 account was redacted and canonized. He explores the dissonance many saints experienced after discovering multiple accounts of Smith's experience. He describes how for many the dissonance has been resolved by a reshaped collective memory.
