## **Memoir Of A Race Traitor:**

**Memoir of a Race Traitor** Mab Segrest, 1994 Courageous and daring this work documents the reality that political solidarity forged in struggle can exist across difference bell hooks [Memoir of a Race Traitor](#) Mab Segrest, 2019-09-24 Back in print after more than a decade the singular chronicle of life at the forefront of antiracist activism with a new introduction and afterword by the author Mab Segrest's book is extraordinary It is a political memoir but its language is poetic and its tone passionate I started it with caution and finished it with awe and pleasure Howard Zinn In 1994 Mab Segrest first explained how she had become a woman haunted by the dead Against a backdrop of nine generations of her family's history Segrest explored her experiences in the 1980s as a white lesbian organizing against a virulent far right movement in North Carolina *Memoir of a Race Traitor* became a classic text of white antiracist practice bell hooks called it a courageous and daring example of the reality that political solidarity forged in struggle can exist across differences Adrienne Rich wrote that it was a unique document and thoroughly fascinating Juxtaposing childhood memories with contemporary events Segrest described her journey into the heart of her culture finally veering from its trajectory of violence toward hope and renewal Now amid our current national crisis driven by an increasingly apocalyptic white supremacist movement Segrest returns with an updated edition of her classic book With a new introduction and afterword that explore what has transpired with the far right since its publication the book brings us into the age of Trump and to what can and must be done Called a true delight and a must read *Minnesota Review* *Memoir of a Race Traitor* is an inspiring and politically potent book With brand new power and relevance in 2019 this is a book that far transcends its genre [Studies in Rabbinic Narratives, Volume 1](#) Jeffrey L. Rubenstein, 2021-03-31 Explore new theoretical tools and lines of analysis of rabbinic stories Rabbinic literature includes hundreds of stories and brief narrative traditions These narrative traditions often take the form of biographical anecdotes that recount a deed or event in the life of a rabbi Modern scholars consider these narratives as didactic fictions stories used to teach lessons promote rabbinic values and grapple with the tensions and conflicts of rabbinic life Using methods drawn from literary and cultural theory including feminist structuralist Marxist and psychoanalytic methods contributors analyze narratives from the Babylonian Talmud midrash Mishnah and other rabbinic compilations to shed light on their meanings functions and narrative art Contributors include Julia Watts Belser Beth Berkowitz Dov Kahane Jane L Kanarek Tzvi Novick James Adam Redfield Jay Rovner Jeffrey L Rubenstein Zvi Septimus Dov Weiss and Barry Scott Wimpfheimer **The SAGE Handbook of Feminist Theory** Mary Evans, Clare Hemmings, Marsha Henry, Hazel Johnstone, Sumi Madhok, Ania Plomien, Sadie Wearing, 2014-08-12 At no point in recorded history has there been an absence of intense and heated discussion about the subject of how to conduct relations between women and men This Handbook provides a comprehensive guide to these omnipresent issues and debates mapping the present and future of thinking about feminist theory The chapters gathered here present the state of the art in scholarship in the field covering Epistemology and

marginality Literary visual and cultural representations Sexuality Macro and microeconomics of gender Conflict and peace  
 The most important consensus in this volume is that a central organizing tenet of feminism is its willingness to examine the ways in which gender and relations between women and men have been and are organized The authors bring a shared commitment to the critical appraisal of gender relations as well as a recognition that to think theoretically is not to detach concerns from lived experience but to extend the possibilities of understanding With this focus on theory and theorizing about the world in which we live this Handbook asks us across all disciplines and situations to abandon our taken for granted assumptions about the world and interrogate both the origin and the implications of our ideas about gender relations and feminism It is an essential reference work for advanced students and academics not only of feminist theory but of gender and sexuality across the humanities and social sciences

**Abolitionist Socialist Feminism** Zillah Eisenstein, 2019-05-22 A personal and political manifesto vying for an antiracist socialist feminist movement of movements The world is burning flooding and politically exploding to the point where it's become clear that neoliberal feminism the kind that aims to elect The First Woman President will never be enough In this book Zillah Eisenstein asks us to consider what it would mean to thread socialism to feminism then what it would mean to thread abolitionism to socialist feminism She asks all of us especially white women to consider what it would mean to risk everything to abolish white supremacy to uproot the structural knot of sex race gender and class growing from that imperial whiteness If we are to create a revolution that is totally liberatory we need to pool together in a new working class building a radical movement made of movements Eisenstein's manifesto is built on almost half a century of her antiracist socialist feminist work But now she writes with a new urgency and imaginativeness Eisenstein asks us not to be limited by reforms but to radicalize each other on differing fronts Our task is to build bridges to connect disparate and passionate people across aisles state lines picket lines and more The genius force demanding that we abolish white supremacy can also create a new we for all of us a humanity universally accepting of our complexities and differences We are in uncharted waters but that is exactly where we need to be

Waste of a White Skin Tiffany Willoughby-Herard, 2015-01-06 A pathbreaking history of the development of scientific racism white nationalism and segregationist philanthropy in the U S and South Africa in the early twentieth century Waste of a White Skin focuses on the American Carnegie Corporation's study of race in South Africa the Poor White Study and its influence on the creation of apartheid This book demonstrates the ways in which U S elites supported apartheid and Afrikaner Nationalism in the critical period prior to 1948 through philanthropic interventions and shaping scholarly knowledge production Rather than comparing racial democracies and their engagement with scientific racism Willoughby Herard outlines the ways in which a racial regime of global whiteness constitutes domestic racial policies and in part animates black consciousness in seemingly disparate and discontinuous racial democracies This book uses key paradigms in black political thought black feminism black internationalism and the black radical tradition to provide a rich account of poverty and work Much of the scholarship on

whiteness in South Africa overlooks the complex politics of white poverty and what they mean for the making of black political action and black people's presence in the economic system Ideal for students scholars and interested readers in areas related to U S History African History World History Diaspora Studies Race and Ethnicity Sociology Anthropology and Political Science     Object Lessons Robyn Wiegman,2012-01-11 A passionate advocate of identity studies and a keen reader of U S institutional politics Robyn Wiegman turns her attention in Object Lessons to the critical practices and political ambitions of identity based fields In a series of case studies drawn from womens studies queer studies ethnic studies and American studies she examines the unspoken belief that better theory will produce progressive social change in order to consider the political desire that fuels current scholarly debate Her metacritical analysis is neither a defense nor a dismissal of such political commitment but a sustained inquiry into the hope it generates the thinking it inspires and the conformity it inadvertently demands     The Making and Unmaking of Whiteness Birgit Brander Rasmussen,Eric Klinenberg,Irene J. Nexica,Matt Wray,2001-09-07 Bringing together new articles and essays from the controversial Berkeley conference of the same name The Making and Unmaking of Whiteness presents a fascinating range of inquiry into the nature of whiteness Representing academics independent scholars community organizers and antiracist activists the contributors are all leaders in the second wave of whiteness studies who collectively aim to combat the historical legacies of white supremacy and to inform those who seek to understand the changing nature of white identity both in the United States and abroad With essays devoted to theories of racial domination comparative global racisms and transnational white identity the geographical reach of the volume is significant and broad Dalton Conley writes on How I Learned to Be White Allan Brub discusses the intersection of gay identity and whiteness and Mab Segrest describes the spiritual price white people pay for living in a system of white supremacy Other pieces examine the utility of whiteness as a critical term for social analysis and contextualize different attempts at antiracist activism In a razor sharp introduction the editors not only raise provocative questions about the intellectual social and political goals of those interested in the study of whiteness but assess several of the topic's major recurrent themes the visibility of whiteness or the lack thereof the emptiness of whiteness as a category of identification and conceptions of whiteness as a structural privilege a harbinger of violence or an institutionalization of European imperialism Contributors William Aal Allan Brub Birgit Brander Rasmussen Dalton Conley Troy Duster Ruth Frankenberg John Hartigan Jr Eric Klinenberg Eric Lott Irene J Nexica Michael Omi Jasbir Kaur Puar Mab Segrest Vron Ware Howard Winant Matt Wray     **A White Side of Black Britain** France Winddance Twine,2010 An ethnographic analysis of the racial consciousness of white transracial women who have established families and had children with black men of African Caribbean heritage in the United Kingdom     *Sister Resisters* Janie Victoria Ward,Tracy L. Robinson-Wood,2022-08-23 Sister Resisters advances a robust model of mentorship in support of young Black women on campus The book offers a multifaceted approach to cross racial mentoring in higher education that promises growth and

change for both mentees and their mentors Janie Victoria Ward and Tracy L. Robinson Wood experts in the developmental and identity challenges of young people of color provide guidance for the faculty advisors and administrators typically white women who invest in the success of this historically underserved student group Through case studies student narratives and research findings the authors document the specific deterrents young Black women face daily on campus from cultural pressures and class bias to racist and misogynistic microaggressions Ward and Robinson Wood call on campus mentors to increase their own cultural competencies so that they may better support work with and advocate for their student mentees This Sister Resister mentorship model emphasizes the acquisition of cultural knowledge the power of intersectionality and the critical role of resistance in the lives of Black and white women as they navigate interpersonal and institutional bias and discrimination Sister Resisters highlights the dual and interactive developmental processes that transpire in both halves of the mentor mentee relationship The book provides anti racist consciousness raising self assessments and other growth enhancing recommendations for women who endeavor to mentor as staunch supporters Suggesting evidence based strategies that promote healthy resistance to negative social and political experiences Sister Resisters equips both mentors and mentees with thoughtfully designed culturally informed skills that can further educational racial and gender equality on campus

**Contemporary Feminist Pragmatism** Maurice Hamington, Celia Bardwell-Jones, 2012-08-21 The notion of feminist pragmatism or pragmatist feminism has been around since Charlene Haddock Seigfried introduced it two decades ago However the bulk of the work in this field has been directed toward recovering the feminist strain of classical American philosophy largely through renewed interest in the work of Jane Addams This exploration of the origins of feminism and pragmatism has been fruitful in building a foundation for theoretical considerations The editors of this volume believe the next logical step is the contemporary application to both theory and experience Contemporary Feminist Pragmatism is the first book to address the modern significance of the nexus of feminism and pragmatism The issues explored here include the relationship between community and identity particularly around the impact of gender and race reframing political practice regarding feminist pragmatist commitments including education sustainability movements and local efforts like community gardens and the association between ethics and inquiry including explorations of Buddhism hospitality and animal human relationships

**Riot Woman** Eleanor C. Whitney, 2021-09-14 Growing up immersed in the feminist DIY values of punk Riot Grrrl and zine culture of the 1990s and early 2000s gave Eleanor Whitney like so many other young people who gravitate towards activism and musical subcultures a sense of power confidence community and social responsibility As she grew into adulthood she struggled to stay true to those values and with the gaps left by her punk rock education This insightful deeply personal history of early 2000s subcultures lovingly explores the difficulty of applying feminist values to real life dilemmas and embrace an evolving political and personal consciousness Whitney traces the sometimes painful clash between her feminist values and everyday adult realities and anyone who has worked to integrate their political ideals into their daily life will resonate with the histories and analysis on these pages such as engaging in anti domestic violence advocacy while feeling trapped in an unhealthy relationship envisioning a unified girl utopia while lacking racial consciousness or espousing body positivity while feeling ambivalent towards one's own body Throughout the book the words and power of Bikini Kill and other Riot Grrrl bands ground the story and analysis bringing it back to the raw emotions and experiences that gave this movement its lasting power while offering a complex contemporary look at the promises and pitfalls of Riot Grrrl informed feminism

**The Cambridge Companion to Lesbian Literature** Jodie Medd, 2015-12-10 The Cambridge Companion to Lesbian Literature examines literary representations of lesbian sexuality identities and communities from the medieval period to the present In addition to providing a helpful orientation to key literary historical periods critical concepts theoretical debates and literary genres this Companion considers the work of such well known authors as Virginia Woolf Adrienne Rich Audre Lorde Alison

Bechdel and Sarah Waters Written by a host of leading critics and covering subjects as diverse as lesbian desire in the long eighteenth century and same sex love in a postcolonial context this Companion delivers insight into the variety of traditions that have shaped the present landscape of lesbian literature     **White Men Challenging Racism** Cooper

Thompson, Emmett Schaeffer, Harry Brod, 2003-04-21 Narratives exploring the lives experiences and feelings on racism from anti racist white men who are committed to social justice     *White Benevolence* Amanda Gebhard, Sheelah McLean, Verna St. Denis, 2022-05-28T00:00:00Z When working with Indigenous people the helping professions education social work health care and justice reinforce the colonial lie that Indigenous people need saving In *White Benevolence* leading anti racism scholars reveal the ways in which white settlers working in these institutions shape defend and uphold institutional racism even while professing to support Indigenous people White supremacy shows up in the everyday behaviours language and assumptions of white professionals who reproduce myths of Indigenous inferiority and deficit making it clear that institutional racism encompasses not only high level policies and laws but also the collective enactment by people within these institutions In this uncompromising and essential collection the authors argue that white settler social workers educators health care practitioners and criminal justice workers have a responsibility to understand the colonial history of their professions and their complicity in ongoing violence be it over policing school push out child apprehension or denial of health care The answer isn't cultural awareness training What's needed is radical anti racism solidarity and a relinquishing of the power of white supremacy     **Born to Belonging** Mab Segrest, 2002 Veteran activist Mab Segrest takes readers along on her travels to view a world experiencing extraordinary change As she moves from place to place she speculates on the effects of globalization and urban development on individuals examines the struggles for racial economic and sexual equality and narrates her own history as a lesbian in the American South From the principle that we all belong to the human community Segrest uses her personal experience as a filter for larger political and cultural issues Her writings bring together such groups as the Ku Klux Klan in North Carolina fledgling gay rights activists in Zimbabwe and resistance fighters in El Salvador Segrest expertly plumbs her own personal experiences for organizing principles and maxims to combat racism homophobia sexism and economic exploitation     **A Promise and a Way of Life** Becky W.
