

The background of the cover is a sepia-toned photograph of a park. A large, leafless tree with a thick trunk and sprawling branches dominates the left and center. In the lower-left foreground, a person wearing a hat and a light-colored jacket is sitting on a wooden bench, looking down. The ground is covered in fallen leaves and shadows. The overall mood is quiet and contemplative.

The Memoirs of Toussaint and Isaac Louverture Arthur F. Saint-Aubin, 2015-07-15 This book examines the memoir of Toussaint Louverture a former slave general in the French army and leader of the Haitian Revolution and the memoir of his son Isaac The Revolution and its leaders have been studied and written about extensively Until recently 2004 however the memoir of Toussaint has received little attention and only as a historical document This is the first study that explores the 1802 work foremost as a literary text a creative production that deploys the techniques of fiction and drama to make truth claims about the past moreover this is the first book length study of Isaac Louverture's memoir The two texts are read as examples of how black men thought of themselves as men citizens and therefore how they expressed their masculinity at that historical moment as experiences of mourning and loss This study builds upon three areas of scholarship the tradition of memoir writing historicist readings of Toussaint's memoir and descriptions and theories of men and masculinity within the black Atlantic The study distinguishes itself in ways that will make it of interest to more than just historians in addition to using the intersection of race and masculinity as an analytical tool it speaks to the nature of literary creativity and it draws from studies examining the relationship between history memory and fiction As a result scholars and students in literary and cultural criticism as well as those in gender and diasporic studies will also find this study of interest and value

The Emperor's Friend Margaret S. Chrisawn, 2001-05-30 An examination of the life of Marshal Jean Lannes this study looks at the career of the only soldier of any rank who consistently said exactly what he thought to Napoleon at every stage of their amazing careers The marshal not only survived these frank encounters he was well rewarded for his abilities which were remarkable even among the stellar senior officers who served the Emperor While Lannes was best known for his military skill especially as an advance guard commander his unconventional three year diplomatic career was equally noteworthy since his

diplomatic tactics resulted in particular benefits for France His career spanned much of what many historians and readers believe to be one of the most fascinating and controversial eras in French history The marshal s personality and his tendency to lead by example rather than by orders won him the respect and the affection of his troops He also charmed a diverse number of his contemporaries from autocratic rulers to literary icons Although his relationship with Napoleon was stormy at times he earned and kept the Emperor s friendship and esteem Chrisawn avoids the tendency of previous biographers to either canonize or condemn the marshal providing instead a balanced treatment of her subject which includes both his strengths and his shortcomings Marshal Jean Lannes emerges as a complete person within the context of his own intriguing world

DeLorme,2005-01-01 This richly illustrated book reveals how Jos phine Napol on Bonaparte s empress shaped the arts of early nineteenth century France and beyond Her incomparable sense of style her passion for collecting her love of gardens and her commissions of works by major artists such as Antonio Canova Jacques Louis David Pierre Paul Prod hon and Pierre Joseph Redout set the standard for a new aesthetic On these pages the opulence of Salon culture is set against the tumultuous era of Revolution and Empire romance and tragedy a world in which Jos phine rose to her own momentous role in history with singular grace and elegance
