all times My poetry is not the deep thinking style but happenings in poetry form I hope you enjoy it The Chapter numbers are assigned to the places I lived when the stories happened not necessarily in the order that they happened You will find the stories and poems are not numbered I began writing short stories and poems before I started my book Then after a few stories I figured it would be a good way to write a book So this is it for good or ill and I am not an author with an extensive vocabulary by any stretch of the imagination I hope you ll forgive that They so I m told are quite interesting and easy reading Take them like vitamins one or two a day I hope you will laugh and cry and enjoy The stories poems musings and thoughts in this book are the product of but not limited to a lifetime of memories love life pain and laughter It is a labor of love in an effort to sing the praises of those that deserve it the most and not for the writer For it was the people that this work was dedicated to that I have to thank for almost all the memories If it weren t for the people there would be absolutely no need for writing this book Contemporary Queer Modernism Melanie Micir, 2025-04-16 Contemporary Queer Modernism offers a fresh interdisciplinary approach to the study of the intersections of queer studies and modernist studies The theoretical expansiveness and mutual overlapping of these still growing fields is both introduced and complicated in the pages of this volume Presenting a wide range of critical perspectives the collection brings together original scholarship from both emerging and established scholars that when read together demonstrates the continued vitality of queer modernist studies The book is divided into five parts Temporality Form Embodiment Networks Affect and Atmosphere Contemporary Oueer Modernism is a foundational collection that will be invaluable to scholars and students studying modernism and queer theory across a range of disciplines including gender and sexuality studies literary studies cultural studies and performance
