Lausic Arratia, 2025-11-07 This book analyzes gesture ritual and performance in flamenco and tauromaquia the extended definition of bullfighting within the visual arts and poetry in contemporary Spain Based on the author's extensive ethnographic field research it emerges from recent critical thinking on

the body in dance and performance studies The main argument is that flamenco and la corrida are a type of choreographic writing as both corporeal inscription and a field of spacing and timing bordered by death Transgression is conceived as the breaching and blurring of limits between two seemingly opposed spaces the corporeal and incorporeal the animal and human the real and the imaginary life and death Flamenco and tauromaquia incorporate and reshape cultural and historical layers of memory and sense which are marked by multiple social and political intersections This book fills a gap in the knowledge of their interconnectedness It equally contributes to resolving an epistemological crisis in dance studies to the interplay between the visible and the invisible in choreographed movements This interdisciplinary text serves scholars across fields including Dance Cultural Studies Anthropology and Iberian and Latin American Studies particularly

Emotions, Senses, Spaces: Susan R. Hemer, Alison Dundon, 2016-09-15 This volume draws together three core concerns for the social sciences the senses and embodiment emotions and space and place In so doing these collected essays consider the ways in which these core concerns are mutually constitutive This includes how spaces evoke constrain or are composed by the senses and emotions the ways in which emotions are generated or transformed in certain spaces and through sensual engagement and the processes by which embodied senses create spaces and emotions

[A Contemporary History of Women's Sport, Part One](#) Jean Williams, 2014-04-24 This book is an historical survey of women's sport from 1850-1960 It looks at some of the more recent methodological approaches to writing sports history and raises questions about how the history of women's sport has so far been shaped by academic writers Questions explored in this text include What are the fresh perspectives and newly available sources for the historian of women's sport How do these take forward established debates on women's place in sporting culture and what novel approaches do they suggest How can our appreciation of fashion travel food and medical history be advanced by looking at women's involvement in sport How can we use some of the current ideas and methodologies in the recent literature on the history and sociology of sport in order to look afresh at women's participation Jean Williams's original research on these topics and more will be a useful resource for scholars in the fields of sports women's studies history and sociology

Gender and Equestrian Sport Miriam Adelman, Jorge Knijnik, 2013-06-20 This volume brings together studies from various disciplines of the social sciences and humanities anthropology sociology cultural studies history and literary theory that shed light on the equestrian world as a historically gendered and highly dynamic field of contemporary sport and culture From high level international dressage and jumping polo and the turf to the rodeo world of the Americas and popular forms of equestrian sport and culture we are introduced to a range of issues that are played out at local and global national and international levels Students and scholars of gender culture and sport will find much of interest in this original look at contemporary issues such as engendered women's and men's identities subjectivities as equestrians representations of girls horses and the world of adventure in juvenile fiction the current feminization of particular equestrian activities and where boys and men stand in relation to this how broad forms of social inequality and stratification play

themselves out within gendered equestrian contexts men and women and their relation to horses within the framework of current discussions on the relation of animals to humans which may include not only love and care but also exploitation and violence among others Singular contributions show how equestrian activities contribute to historical and current constructions of embodied femininities and masculinities reflecting a world that has been moving beyond the binaries while continuing to be enmeshed in their persistent and contradictory legacy
