Memoirs Of A Mans Maiden Years:

Memoirs of a Man's Maiden Years N. O. Body, 2009-04-24 The first translation into English of a startling 1907 memoir of a writer who was born a boy was raised as a girl and who lived as a man Who was the real N O Body and why did he go to such lengths to hide not just his name but his Jewish identity

Sexuality in Modern German History Katie Sutton, 2023-01-12 Sexuality in Modern German History offers both a detailed survey of this key subject and a new intervention in the history of sexuality in modern Germany It investigates the diverse and often contradictory ways in which individuals activists doctors politicians artists church leaders reform movements and cultural commentators have defined normal or natural sexuality in Germany over the past two centuries Katie Sutton explores how these definitions have been used to shape identities behaviours bodies and practices from norms of heterosexual marital reproductive sex to ideas around the policing and categorisation of unnatural or deviant bodies and practices Covering a range of crucial themes including birth control prostitution queer and trans rights and heterosexual intimacy this important text comes with 30 illustrations and a wealth of primary source extracts and secondary literature helpfully integrated to enable further insight and analysis This is a vital volume for all students and scholars with an interest in modern Germany or the history of sexuality in modern Europe

The Hidden Case of Ewan Forbes Zoë Playdon, 2021-11-02 The life story of an aristocratic Scottish trans man and the secret 1968 legal case that provides a fascinating look into the changing landscape of trans rights Library Journal throughout history Ewan Forbes was born to a wealthy landowning family holders of a baronetcy in Aberdeenshire Scotland in 1912 Assigned female at birth his true identity was nevertheless clear even in childhood and so with the support of his mother he was taken to European specialists and eventually treated with early preparations of synthetic testosterone Raised as a boy at home but socially obliged to present himself as a girl in public until his official coming out to the Queen Ewan grew up became a doctor and got married This required him to correct the sex on his birth certificate which was possible at that time without much fuss For decades he lived a quiet life as a husband doctor and a pillar of the local community But in 1965 Ewan s older brother died unexpectedly leaving Ewan the next oldest man in the family to inherit the baronetcy When his cousin John spurred on by Ewan s sister contested the inheritance he was forced to defend his male status in Scotland s supreme civil court where he prevailed This hugely important case would have changed the lives of trans people across the world had it not been hidden The hearing was conducted privately the media were gagged and those involved were sworn to secrecy The case remained unknown until 1996 and is at last described here along with the life of Ewan Forbes for the first time Enlightening and galvanizing The Hidden Case of Ewan Forbes is a remarkable vital historical reference Booklist for transgender history and the ongoing struggle for trans rights

between Body and Mind Katie Sutton, 2019-11-25 Ideas about human sexuality and sexual development changed dramatically across the first half of the 20th century As scholars such as Magnus Hirschfeld Iwan Bloch Albert Moll and Karen Horney in Berlin and Sigmund Freud Wilhelm Stekel and Helene Deutsch in Vienna were recognized as leaders in their fields the German speaking world quickly became the international center of medical scientific sex research and the birthplace of two new and distinct professional disciplines sexology and psychoanalysis This is the first book to closely examine vital encounters among this era s German speaking researchers across their emerging professional and disciplinary boundaries Although psychoanalysis was often considered part of a broader sexual science sexologists increasingly distanced themselves from its mysterious concepts and clinical methods Instead they turned to more pragmatic interventionist therapies in particular to the burgeoning field of hormone research which they saw as crucial to establishing their own professional relevance As sexology and psychoanalysis diverged heated debates arose around concerns such as the sexual life of the child the origins and treatment of homosexuality and transgender phenomena and female frigidity This new story of the emergence of two separate approaches to the study of sex demonstrates that the distinctions between them were always part of a dialogic and competitive process It fundamentally revises our understanding of the production of modern sexual subjects *Performative Figures of Queer Masculinity* Christiane König, 2022-09-15 This is a German history of cinema and film from the 1890s to 1945 with a focus on queer masculinity Using media studies approaches the study shows how film as a new medium is constituted through performative re enactments of spectacular elements from the entertainment and knowledge cultures of the 19th century In it bodies desires and identities are constantly remodelled through the formation of difference Therefore male queerness here does not mean the representation of male homosexuality Rather it is the dynamic result of complex medial processes affects and self knowledge on and off the screen Building on Eve K Sedgwick s queer

feminist concept of queer performativity the author creates a historically situated model with which she traces various figures of technically anthropomorphic queer masculinity in the medium of film in an empowering sense This book is a translation of an original German 1st edition *Performative Figuren queerer Männlichkeit* by Christiane K nig published by J B Metzler imprint of Springer Verlag GmbH Germany part of Springer Nature in 2020 The translation was done with the help of artificial intelligence machine translation by the service DeepL com The author with the friendly support of Megan Hanson has subsequently revised the text further in an endeavour to refine the work stylistically Springer Nature works continuously to further the development of tools for the production of books and on the related technologies to support authors

Be Gay, Do Crime Zane McNeill, Blu Buchanan, Riley Clare Valentine, 2025-09-16 Sometimes it pays to be gay and do crime As communities are boldly rising to challenge capitalism white supremacy and authoritarianism *Be Gay Do Crime* Everyday Acts of Queer Resistance and Rebellion is your ultimate guide to LGBTQ resilience and rebellion Packed with daily snapshots of radical queer history this book celebrates the bold the brave and the beautifully defiant moments that have shaped the fight for justice Ever wonder why the Stonewall protests became an uprising or what the earliest acts of queer resistance looked like How about the ways queer communities have organized against oppression across the globe *Be Gay Do Crime* dives into these stories and so many more from fierce acts of resistance to joyful victories bringing to life the rich diverse history of LGBTQ liberation By situating readers within a larger pattern of struggle these everyday acts counter the erasure of queer people from history and serve as a reminder that our struggles are part of a broader fight against systemic violence and dehumanization But this isn't just a history book it's a rallying cry Flip to any page soak up some inspiration and join the legacy of resistance

Case Studies and the Dissemination of Knowledge Joy Damousi, Birgit Lang, Katie Sutton, 2015-02-11 The case study has proved of enduring interest to all Western societies particularly in relation to questions of subjectivity and the sexed self This volume interrogates how case studies have been used by doctors lawyers psychoanalysts and writers to communicate their findings both within the specialist circles of their academic disciplines and beyond to wider publics At the same time it questions how case studies have been taken up by a range of audiences to refute and dispute academic knowledge As such this book engages with case studies as sites of interdisciplinary negotiation transnational exchange and influence exploring the effects of forces such as war migration and internationalization *Case Studies and the Dissemination of Knowledge* challenges the limits of disciplinary based research in the humanities The cases examined serve as a means of passage between disciplines genres and publics from law to psychoanalysis and from autobiography to modernist fiction Its chapters scrutinize the case study in order to sharpen understanding of the genre's dynamic role in the construction and dissemination of knowledge within and across disciplinary temporal and national boundaries In doing so they position the case at the center of cultural and social understandings of the emergence of modern subjectivities

Queer Livability Ina Linge, 2023-05-23 This book brings together an exciting new archive of queer and trans

voices from the history of sexual sciences in the German speaking world A new language to express possibilities of gender and sexuality emerged at the turn of the twentieth century from Sigmund Freud s theories of homosexuality in Vienna to Magnus Hirschfeld s third sex in Berlin Together they provided a language of sex and sexuality that is still recognizable today Queer Livability German Sexual Sciences and Life Writing shows that individual voices of trans and queer writers had a significant impact on the production of knowledge about gender and sexuality during this time and introduces lesser known texts to a new readership It shows the remarkable power of queer life writing in imagining and creating the possibilities of a livable life in the face of restrictive legal medical and social frameworks Queer Livability German Sexual Sciences and Life Writing will be of interest to anyone who wants to learn more about LGBTQ history and literature It also provides a fascinating insight into the historical roots for our thinking about gender and sexuality today The book will be of relevance to an academic readership of students and faculty in German studies literary studies European history and the interdisciplinary fields of gender and sexuality studies medical humanities and the history of sexuality *Memoirs of Lucas County and the City of Toledo* Harvey Scribner,1910 **Publishers' Circular and Booksellers' Record of British and Foreign Literature** ,1902 **The Publishers' Circular and Booksellers' Record** ,1929 *The Publishers' Circular and Booksellers' Record of British and Foreign Literature* ,1895 *Publishers' Circular and General Record of British and Foreign Literature, and Booksellers' Record* ,1895 **The Lives of the Chief Justices of England** John Campbell Baron Campbell,Sir Joseph Arnould,1873 The Dublin University Magazine ,1854 *The Dublin university magazine* University magazine,1854 University Magazine ,1854 **The Publishers Weekly** ,1908 *The Publisher* ,1902
