Memoirs Of A Rebel Journalist The Autobiography Of Wilfred Burchett:

Memoirs of a Rebel Journalist Wilfred G. Burchett, George Burchett, Nick Shimmin, 2006 For most of his working life controversial Australian journalist Wilfred Burchett chose to report from the other side Criticised ferociously by anti communist groups and intelligence organisations in Australia and the US the Australian Government denied him a passport for 17 years This autobiography resonates with the issues facing journalism **The Holocaust and Australian Journalism** Fay Anderson, 2024-03-18 This book explores the Australian press reporting of the persecution and genocide of European Jews and the extent to which the news of the Holocaust was known and believed revealed and hidden and acknowledged and minimised Spanning the coverage of Hitler's political ascent in the 1920s through to the Nazis extermination campaign it culminates in the accounts of the trials of Nazi war criminals and the post war transnational migration to Australia of Holocaust survivors to a country far from universally welcoming in its reception of them The book also tells the story of the journalists who reported on these tragic events and the editors who published them along with the political social and cultural context in which they worked in an environment influenced by exclusionary ideas about race and nationality that did not necessarily inspire sympathy for Jews and their trauma This book sheds light on the ethics of reporting human suffering violence and genocide and centrally on the role of the press in shaping Australia's collective memory of the Holocaust It encourages readers to think critically about media power public apathy advocacy and the importance of truth Disturbing evidence of increasing antisemitism in Australia as elsewhere along with continuing Holocaust denial provide an additional urgency to this study **Encyclopedia of Cold War Espionage, Spies, and Secret Operations** R. C. S. Trahair, Robert L. Miller, 2013-10-18 The only updated Cold War spy encyclopedia in print **The Life and Times of a Hyphenated American** Young Park, 2006-02 Writing about the past helps to explain why I am discontent and continuously angry I am reminded that America is a society dominated by religious fundamentalism and racism After a time I rejected the White American world and went to Asia seeking another basis for my identity My identity is still in question I cannot become an Asian and although I was born in this country I am not accepted as an American citizen As my birth certificate clearly states I am not of an accepted racial color **The Electronic Reporter** Barbara Alysén, 2006 First ed Geelong Vic Deakin University Press 2000 **Larrikins, Rebels and Journalistic Freedom in Australia** Josie Vine, 2021-03-01 Larrikins Rebels and Journalistic Freedom is a cultural history of Australian journalism In a democratic nation where a free news media is not guaranteed Australian journalism has inherited what could be described as a Larrikin tradition to protect its independence This book mines Australian journalism's rebelliousness humor and distinct disrespect for authority in various socio historical contexts to explore its determination to maintain professional independence Beginning with a Larrikin analysis of Australian journalism's inherited Enlightenment tradition Dr Josie Vine takes the reader through the Colonial era's hardships Federation two World Wars the Cold War's fear and suspicion the swinging sixties a Prime Minister's dismissal

1980 s neo liberalism post 9 11 and finally provides a conclusive synthesis of current Australian journalism culture Throughout the book highlights the audacious iconoclastic and determined figure of the Larrikin journalist forever pushing boundaries to protect democracy s cornerstone freedom of the news media Book length histories of Australian journalism are still relatively rare but what makes this new arrival particularly welcome is the way in which it is structured around an exploration of the Larrikin paradox This refers to the fact that although Australian journalism may profess to be professional and reputable it can also be raucous unruly and disrespectful in pursuit of what it sees as its democratic purposes The Larrikin may be a uniquely Australian figure but the paradox is far from confined to Australian journalism not least because of the influence of erstwhile Australian Rupert Murdoch on journalism in the Anglosphere and this book should be of considerable interest to those concerned with the means whereby journalism performs its democratic Fourth Estate role in modern democracies This is an extremely very well informed and highly insightful work which ought to appeal equally to those interested in journalism and in Australian politics Julian Petley Professor Brunel University London UK

Encyclopedia of Cold War Espionage, Spies, and Secret Operations Richard Trahair,2012-01-10 The only comprehensive and up to date book of its kind with the latest information *Marigold* James Hershberg,2012-01-11 *Marigold* presents the first rigorously documented in depth story of one of the Vietnam War s last great mysteries the secret peace initiative codenamed *Marigold* that sought to end the war in 1966 The initiative failed the war dragged on for another seven years and this episode sank into history as an unresolved controversy Antiwar critics claimed President Johnson had bungled or worse deliberately sabotaged a breakthrough by bombing Hanoi on the eve of a planned secret U S North Vietnamese encounter in Poland Yet LBJ and top aides angrily insisted that Poland never had authority to arrange direct talks and Hanoi was not ready to negotiate This book uses new evidence from long hidden communist sources to show that in fact Poland was authorized by Hanoi to open direct contacts and that Hanoi had committed to entering talks with Washington It reveals LBJ s personal role in bombing Hanoi as he utterly disregarded the pleas of both the Polish and his own senior advisors The historical implications of missing this opportunity are immense *Marigold* might have ended the war years earlier saving thousands of lives and dramatically changed U S political history *Dangerous Dreamers* Peter Hruby,Petr Hrubý,2010 Australian spy Ian Milner was suspected of working for Soviet and Czechoslovak secret services on four continents He served at the United Nations in New York and the FBI followed him day and night before eventually declaring he was not a spy But secret documents from Prague show he was spying all along Wilfred Burchett claimed to be an independent Australian journalist He wrote dozens of books and Prague documents prove that he was a secret member of the Communist Party of Australia He also worked for Soviet Korean Chinese and Vietnamese secret services Drawing upon past secret documents of Australian Czechoslovak and U S secret agencies along with important Soviet records historian and professor Peter Hruby who grew up under Communist rule and taught in Australia for decades uncovers the secrets of the

ideology and its manipulative advocates Along with the stories of spies previously unknown or overlooked also discover How Communists pushed for revolution in Australia The role of writers and artists in the struggle How terrorists and politicians influenced the movement And much more Uncover the secrets of history and discover the truth about Communism and its role in Australia in **Dangerous Dreamers Media and Revolt** Kathrin Fahlenbrach, Erling Sivertsen, Rolf Werenskjold, 2014-02-01 In what ways have social movements attracted the attention of the mass media since the sixties How have activists influenced public attention via visual symbols images and protest performances in that period And how do mass media cover and frame specific protest issues Drawing on contributions from media scholars historians and sociologists this volume explores the dynamic interplay between social movements activists and mass media from the 1960s to the present It introduces the most relevant theoretical approaches to such issues and offers a variety of case studies ranging from print media film and television to Internet and social media **Hiroshima and Here** Monash University, 2020-09-02 This study provides a cultural history of Nuclear Age Australia The author examines the country's role as a weapons testing site its ambition to join the postwar nuclear club of nations the heated controversies surrounding uranium mining and nuclear power and the rich complexity of Australian cultural response to the fact and possibility of atomic destruction

Dangerous Thinking in the Age of the New Authoritarianism Henry A. Giroux, 2015-11-17 Giroux probes the depth and range of forces pushing the United States into a new form of authoritarianism one that connects the Orwellian surveillance state with the forms of ideological control made famous by Aldous Huxley Addressing how neoliberalism or the new market fundamentalism is shaping a range of registers from language and memory to youth and higher education Giroux explores how education in a variety of spheres is transformed into a type of miseducation perpetuated through what he calls a disimagination machine one that reproduces the present by either distorting or erasing the past But Giroux is not content to focus on how matters of politics subjectivity power and desire are colonized through forms of miseducation he is also concerned with the educative nature of politics as the practice of freedom and how the emphasis on critique must be matched by a politics and discourse of resistance hope and possibility This becomes particularly evident in his chapters on Noam Chomsky and Howard Zinn Thinking Dangerously makes clear that at the heart of the struggle for a radical democracy is the reviving of the radical imagination as the basis for new forms of political and collective struggle Probing these issues through a series of interrelated essays and important interviews Giroux provides an accessible layered and sustained example of how thinking dangerously is central to and connected with the struggle over the radical imagination and the fight to fulfill the promise of a radical democracy **A People's History of the Cold War** Colin Turbett, 2023-03-23 Between the closing battles of the Second World War and the collapse of the Soviet Union in 1991 the Cold War cast a shadow over the lives of people throughout the world while open conflict was avoided between the ideologically competing superpowers and their principal allies millions died in battlegrounds in parts of the world that were usually far from Moscow Washington and

London The threat of nuclear annihilation was omnipresent but at the same time mutually assured destruction tempered conflict and focused minds Subtle and not so subtle attempts to influence popular opinion either way were apparent in everyday life on both sides of the divide while the power of the dollar and the burgeoning costs of the arms race eventually broke the Soviet economy the idea that capitalism won the the Cold War seems misplaced especially if one considers events that have happened since including very recent armed conflict The book takes the reader through main events of the period but focuses on the impact on ordinary citizens East and West and the view of events from their perspective This is a story of how economies on both sides were built around war preparations and the advance of destructive technologies that had no social benefits apart from the provision of employment Sources used are unusual in not fitting the western based narratives that pervade both academic histories and popular accounts However this book is not an apology for the more oppressive aspects of Soviet policy as the USSR struggled to build really existing socialism within its own borders and the Eastern Bloc countries under its immediate influence Instead it brings a people s perspective from both sides onto this important period of recent history whose consequences are very much still with us as we face modern challenges around climate change and growing inequality across our world A People s History of the Cold War Stories from East and West captures the mood of the times with its extensive contemporary illustrations

Anti-Americanism and American Exceptionalism Brendon O'Connor, 2019-06-21 This book argues against the tendency to see America as the worst or best nation and instead presents a case for seeing anti Americanism as a counterproductive prejudice There are many reasons to criticise American policies politics and even society but a crucial distinction must be drawn between criticism and prejudice Charting the development and adaptation of this anti American tradition O Connor maintains that it is important to contextualise it within the particularities of the American experience and the global reach of the United States influence and power He argues for a move away from stereotypes and caricatures towards more specific and profitable discussions about American actions and policies Offering precise and useful ways of understanding anti Americanism and American exceptionalism that place the terms in their relevant political contexts this volume is a useful and engaging resource for those researching or studying American politics and ideology foreign policy American culture and international relations

The War Beat, Pacific Steven Casey, 2021-04-05 The definitive history of American war reporting in the Pacific theater of World War II from the attack on Pearl Harbor to the atomic bombings of Hiroshima and Nagasaki After almost two years slogging with infantrymen through North Africa Italy and France Ernie Pyle immediately realized he was ill prepared for covering the Pacific War As Pyle and other war correspondents discovered the climate the logistics and the sheer scope of the Pacific theater had no parallel in the war America was fighting in Europe From Pearl Harbor to Hiroshima and Nagasaki The War Beat Pacific provides the first comprehensive account of how a group of highly courageous correspondents covered America's war against

Japan what they witnessed what they were allowed to publish and how their reports shaped the home front's perception of some of the most pivotal battles in American military history In a dramatic and fast paced narrative based on a wealth of previously untapped primary sources Casey takes us from MacArthur's doomed defense on the Philippines and the navy's overly strict censorship policy at the time of Midway through the bloody battles on Guadalcanal New Guinea Tarawa Saipan Leyte and Luzon Iwo Jima and Okinawa detailing the cooperation as well as conflict between the media and the military as they grappled with the enduring problem of limiting a free press during a period of extreme crisis The War Beat Pacific shows how foreign correspondents ran up against practical challenges and risked their lives to get stories in a theater that was far more challenging than the war against Nazi Germany while the US government blocked news of the war against Japan and tried to focus the home front on Hitler and his atrocities

Remembering Television Kate Darian-Smith, Sue Turnbull, 2013-01-16 This path breaking book extends our knowledge of the social and cultural impacts of television asking new questions about the ways television's technologies and programming have been experienced understood and remembered Television has served as a companion to the historical events that have unfolded in our everyday lives both on and off the screen and its presence is intricately bound up in our memories of the past and actions in the present As this volume demonstrates the influence of television over individual and family behaviours national identity and ideas of global citizenship is complex and wide ranging Drawing upon recent developments in memory studies history media and cultural studies and with particular reference to Australia leading scholars explore the histories of television and how its programs and personalities have been celebrated recalled with nostalgia or simply forgotten Topics covered include the prefiguring of television memories of the struggle for transmission in remote locations the transnational experience of television for immigrant communities the evocation of television programs through spin off products televised war reportage and censorship and the value of unofficial television archives such as YouTube As a whole these essays offer a striking and original examination of the connections between history memory and television in today's world

Slow Journalism Megan Le Masurier, 2020-04-02 Slow Journalism has emerged in recent years to enact a critique of the limitations and dangers of the speed of much mainstream contemporary journalistic practice There have been types of journalism produced and consumed slowly for centuries of course What is new is the context of hyper acceleration and over production of journalism where quality has suffered ethics are compromised and user attention has eroded Many have been asking if there is another way to practice journalism The emergence of Slow Journalism suggests that there is Many international scholars and practitioners have been thinking critically about the problems wrought by speed and are utilising the concept of slow to describe a new way of thinking about and producing journalism This edited collection offers theoretical perspectives and case studies on the practice of slow journalism around the globe Slow Journalism is a new practice for new times This book was originally published as two special issues of *Journalism Practice* and *Digital Journalism*
