National Union Catalog, 1982 ,1983 **The End of the Tether** Joseph Conrad, 2022 This selection of four relatively neglected stories by Conrad The End of the Tether The Duel The Return and Amy Foster remind readers that he is not just the teller of sea stories and tales of imperialist action but a writer for an age of global terror and individual trauma **Doris Lessing Newsletter** ,1980 **Hungry and Starving** James R. Gibson, 2024-02-13 In the wake of Vladimir Lenin s death in 1924 various protagonists grappled to become his successor but it was not until 1928 that Joseph Stalin emerged as leader of the Russian Marxists Bolshevik wing Surrounded by an increasingly hostile capitalist world Stalin reasoned that Soviet Russia had to industrialize in order to survive and prosper But domestic capital was scarce so the country s minerals timber and grain were sold abroad for hard currency for funding the development of heavy industry Claiming total control of agricultural management and production Stalin implemented the collectivization of farming consolidating small peasant holdings into large collective farms and controlling their output The program was economically successful but it came at a high social cost as the state encountered intense resistance and between 1928 and 1934 collectivization led to the deaths of at least ten million people from starvation and associated diseases *Hungry and Starving* elicits the voices of both the culprits and the victims at the centre of this horrific process Through primary accounts of collectivization as well as the eyewitness observations of ambassadors reporters tourists fellow travellers Russian emigr s tsarist officials aristocrats scientists and technical specialists James Gibson engages the crucial notions and actors in the academic discourse of the period He finds that the famine lasted longer than is commonly supposed that it took place on a national rather than a regional scale and that while the famine was entirely man made the result of the ruthless manner in which collectivization was executed and enforced it was neither deliberate nor ethnically motivated given that it was not in the Soviet state s economic or political interest to engage in genocide Highlighting the experiences of life and death under Stalin s ruthless regime *Hungry and Starving* offers a broader understanding of the Great Soviet Famine **Ambrose Bierce: The Devil's Dictionary, Tales, & Memoirs (LOA #219)** Ambrose Bierce, 2011-09-01 A veteran of some of the bloodiest battles of the Civil War Ambrose Bierce went on to become one of the darkest and most death haunted of American writers the blackest of black humorists

This volume gathers the most celebrated and significant of Bierce's writings. In the *Midst of Life* Tales of Soldiers and Civilians his collection of short fiction about the Civil War which includes the masterpieces *An Occurrence at Owl Creek Bridge* and *Chickamauga* is suffused with a fiercely ironic sense of the horror and randomness of war. *Can Such Things Be* brings together *The Death of Halpin Frayser*, *The Damned Thing*, *The Moonlit Road* and other tales of terror that make Bierce the genre's most significant American practitioner between Poe and Lovecraft. *The Devil's Dictionary* the brilliant lexicon of subversively cynical definitions on which Bierce worked for decades displays to the full his corrosive wit. *In Bits* of Autobiography the series of memoirs that includes the memorable *What I Saw of Shiloh* he recreates his experiences in the war and its aftermath. The volume is rounded out with a selection of his best uncollected stories. Acclaimed Bierce scholar S T Joshi provides detailed notes and a newly researched chronology of Bierce's life and mysterious disappearance.

Politics and the British Novel in the 1970s J. Russell Perkin, 2021-06-15. The 1970s in Britain saw a series of industrial disputes, a referendum on membership in the European Economic Community, conflict about issues of immigration and citizenship and emergent environmental and feminist movements. It was also a decade of innovation in the novel and novelists often addressed the state of the nation directly in their works. In *Politics and the British Novel in the 1970s* Russell Perkin looks at social novels by John Fowles and Margaret Drabble, the Cold War thrillers of John le Carr, Richard Adams's best-selling fable *Watership Down*, the popular campus novels of Malcolm Bradbury and David Lodge, Doris Lessing's dystopian visions and V S Naipaul's explorations of post-colonial displacement. Many of these highly regarded works sold in large numbers and have enjoyed enduring success, a testament to the power of the political novel to explain a nation to itself. Perkin explores the connections between the novel and politics, situating the works it discusses in the rich context of the history and culture of the decade, from party politics to popular television shows. *Politics and the British Novel in the 1970s* elucidates a period of literary history now fifty years in the past and offers a balanced perspective on the age, revealing that these works not only represented the politics of the time

but played a meaningful role in them BP 250 R. Reginald, Mary Wickizer Burgess, Mary A.
