Memoirs of the Four-Foot Colonel Smith Dun,1980 The Commander in Chief of the Burmese Army nicknamed the four foot Colonel offers an account of his nation s struggle for independence from a unique perspective General Dun describes his background his early life and training in England and India and his involvement with the Burmese nationalist movement He also explains his position in the struggles between the emerging Burmese nation and various minority groups such as the Karens of which he was a member This third person account is filled with humor and insight and allows the reader a rare glimpse into the mind of a powerful personality

Memoirs of the Four-Foot Colonel Dun Smith,1980 *General Ne Win's Legacy of Burmanization in Myanmar* Saw Eh Htoo,Tony Waters,2024-05-15 This book focuses on how Burmanization created and reinforced ethnic divides since the 1962 coup d etat when General Ne Win concentrated all authority in the Burmese speaking army Background research for the book includes Burmese language materials from the Burmese Socialist Party BSP and others that describe with what the BSP believed in their own terms This is unique from previous works on the topic which either simply pointed out that the policies didn t work and therefore are uninteresting or to claim that they were necessary given the chaos of the previous regime The authors agree that Ne Win s policies didn t work However the book goes further by elaborating why Burmanization policies developed in the 1960s are important for understanding Burmese society today Most importantly Ne Win s ideology reflects how patterns of interethnic relationships in Myanmar lead to the intractability of the battles in early twenty first century Myanmar

Burma In Revolt Bertil Lintner,2019-04-24 This book explains how Burma s booming drug production insurgency and counter insurgency interrelate and why the country has been unable to shake off thirty years of military rule and build a modern democratic society

Theology and Ethics for the Public Church Samuel Yonas Deressa,Mary Sue Dreier,2023-11-24 How might the Christian church effectively engage today s politically charged profit motivated world while remaining faithful to its biblical and theological roots The contributors in this book argue that public theology provides a promising pathway forward The public theology emerging from these pages has been influenced by the theological interests and commitments of Gary M Simpson Lutheran pastor and systematic theologian His approach to public theology is intersectional and global he artfully weaves together Lutheran theology and the civil society arena of Critical Social Theory These essays provide three angles of vision on faith active in twenty first century public contexts contextual ethical and theological While not mutually exclusive these distinct strands of thought engage and challenge the church to substantial reflection on the challenging and often bewildering circumstances of the twenty first century social world Some reflect on God s activity within particular global contexts others offer new perspectives on Lutheran confessional traditions still others step boldly into innovative theological assertions As the Christian church is ever forming and reforming this book urges it to grapple with the publicness of its timely and timeless mission

My Conscience U Kyaw Win,2016-07-08 Since gaining its independence from British colonial rule in 1948 Burma s history has

been cursed The military raped the resource rich country for fifty years and drove its people to penury Activists who advocated for democracy were imprisoned tortured and exiled Civil society institutions were ground into oblivion My Conscience An Exile's Memoir of Burma is U Kyaw Win's compelling account of the bleeding of his homeland by the military Born during the waning days of colonial rule he experienced the brutality of Japanese occupation and the heady early days of independence He studied abroad and acquired the skills that his country would need but when the military seized power in 1962 he was made stateless and not allowed to return home for forty years This memoir tells the story of his lifelong efforts to attract international attention to Burma's destruction and to restore freedom to his homeland Win's memoir chronicles the struggles that he and those who fought for their country's freedom faced He recounts the giants in Burma's struggle he met in his pursuit At this historical moment in 2016 it is uncertain whether the elected civilian majority in parliament will take office and if the military will permit a government of the people's choice to rule

The Special Operations Executive (SOE) in Burma Richard Duckett, 2017-10-30 In the mountains and jungles of occupied Burma during World War II British special forces launched a series of secret operations assisted by parts of the Burmese population The men of the SOE trained in sabotage and guerrilla warfare worked in the jungle deep behind enemy lines to frustrate the puppet Burmese government of Ba Maw and continue the fight against Hirohito's Japan in a theatre starved of resources Here Richard Duckett uses newly declassified documents from the National Archives to reveal for the first time the extent of British special forces involvement from the 1941 operations until beyond Burma's independence from the British Empire in 1948 Duckett argues convincingly that Operation Character and Operation Billet large SOE missions launched in support of General Slim's XIV Army offensive to liberate Burma rank among the most militarily significant of the SOE's secret missions Featuring a wealth of photographs and accompanying material never before published including direct testimony recorded by veterans of the campaign and maps from the SOE files The SOE in Burma tells a compelling story of courage and struggle in during World War II

[Living Silence in Burma](#) Christina Fink, 2013-07-04 Eight years after the first edition of this insightful and highly regarded book Burma remains one of the most troubled nations in Southeast Asia While other countries have democratized and prospered Burma is governed by a repressive military dictatorship and is the second largest producer of heroin in the world In this exceptionally readable yet scholarly account of Burma today Christina Fink gives a moving and insightful picture of what life under military rule is like Through the extensive interviews conducted inside and outside the country we begin to understand Burma's political and domestic situation and a comprehensive understanding of why military rule has lasted so long This significantly revised new edition includes material taking the reader up to present day action and accounts including the impacts of the dramatic 2007 monks demonstrations which were coordinated with former student activists and members of Aung San Suu Kyi's party The book explores the regime's continued attempts to weaken and divide the democratic movement and the ethnic nationalist organizations and explains how the democratic movement and ethnic groups have sought to

achieve their goals in part by working more closely together *Forgotten Armies* Christopher Alan Bayly, Timothy Norman Harper, 2005 In the early stages of the Second World War the vast crescent of British ruled territories stretching from India to Singapore appeared as a massive Allied asset It provided scores of soldiers and great quantities of raw materials and helped present a seemingly impregnable global defense against the Axis Yet within a few weeks in 1941-42 a Japanese invasion had destroyed all this sweeping suddenly and decisively through south and southeast Asia to the Indian frontier and provoking the extraordinary revolutionary struggles which would mark the beginning of the end of British dominion in the East and the rise of today's Asian world More than a military history this gripping account of groundbreaking battles and guerrilla campaigns creates a panoramic view of British Asia as it was ravaged by warfare nationalist insurgency disease and famine It breathes life into the armies of soldiers civilians laborers businessmen comfort women doctors and nurses who confronted the daily brutalities of a combat zone which extended from metropolitan cities to remote jungles from tropical plantations to the Himalayas Drawing upon a vast range of Indian Burmese Chinese and Malay as well as British American and Japanese voices the authors make vivid one of the central dramas of the twentieth century the birth of modern south and southeast Asia and the death of British rule The Shan of Burma Chao Tzang Yawngghwe, 2010 In this highly personal account the author Chao Tzang Yawngghwe a son of the first President of the Union of Burma tells of his youth and involvement in the Shan resistance movement He gives his version of Shan history and explains the complexity of Shan politics covering the issues of autonomy Shan Burmese relations opium and other contraband trade He discusses the personalities involved in the war that is now more than twenty years old The final part of this book is a compendium of who's who in Shan history and politics The author passed away in July 2004 **The Historical Magazine and Notes and Queries Concerning the Antiquities, History and Biography of America**, 1868 Living Silence Christina Fink, 2001-05-04 Burma remains the odd man out in South East Asia It is a military dictatorship not part of the region's still dynamic economy and has a troubled relationship with the outside world including that fact that it is the second largest supplier of heroin This exceptionally readable account of Burma gives a graphic often moving and always insightful picture of what life under military rule is like for ordinary Burmese This survey takes in a wide diversity of ordinary people and communities **Historical Dictionary of Burma (Myanmar)** Donald M. Seekins, 2017-03-27 Burma Myanmar is a Southeast Asian country that is emerging from crisis after more than a half century of hard line military rule and cultural diplomatic and economic isolation With the dissolution of its military regime the State Peace and Development Council in 2011 a formally civilian but military dominated constitutional government was inaugurated By 2012 Burma's president retired General Thein Sein had established a working relationship with Daw Aung San Suu Kyi the leader of the country's pro democracy movement since 1988 and after a 2012 by election she and members of her opposition party the National League for Democracy NLD entered the new Union Parliament as legislators However even with the election victory of Daw Suu Kyi

and the NLD in the General Election of November 2015 Burma faces daunting challenges it is still one of the poorest countries in Southeast fissured by longstanding ethnic conflicts that have made a nationwide peace agreement elusive and its people's security and the environment are threatened by foreign economic exploitation Religious discord is also widely evident as Buddhist militants instigate violence against the country's religious minorities especially Muslims Today Burma's prospects are the most hopeful they have been for over half a century as the country takes steps along the road to a more open society and economy This edition of the Historical Dictionary of Burma Myanmar encompasses not only current developments but also Burma's over 1 500 years old recorded history and the most important features of its cultures ethnicity religions society and economy This is done through a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture

The Armed Forces In Contemporary Asian Societies Edward A Olsen, Stephen Jurika, 2020-02-26 First published in 1986 This book integrates current knowledge about the military political economic and cultural roles of the armed forces in sixteen Asian countries examining the interplay of these factors and their bearing on each society's civil military relations The authors explore the history current status and potential future course of each country Analyzing all key Asian armed forces they provide a comprehensive view of the military's domestic role a crucial factor in assessing the foreign and defense policy options facing Asia as a whole

The "other" Karen in Myanmar Ardeth Maung Thawngmung, 2012-01-01 The Other Karen in Myanmar looks at the other or quiet minorities who are members of ethnic groups associated with well known armed resistance organizations but who pursued non violent approaches to promote their individual and collective interests This is the first in depth study to uncover the existence and activities of the other Karen and analyze the nature of relationships with their rebel counterparts and the state authorities It also discusses other ethnic armed organizations that have experienced similar situations and assesses their implications for inter ethnic relations negotiations with state authorities and political reform Most previous studies have focused on violent aspects of ethnic relations and on ethnic armed organizations such as the Karen National Union KNU in Burma the Moro Islamic Liberation Front MNLF in the Philippines and the LTTE in Sri Lanka However even among these minorities which are locked in armed conflicts the majority of people have shunned armed resistance and sought to remain quietly beyond the struggle and pursued non violent approaches to promote their individual and collective interests in the face of authoritarian governments This study which sheds light on the lives and growing political significance of non armed non insurgent members of ethnic minorities in Burma draws heavily on opinion surveys and open ended interviews among Karen diaspora among individuals who lived a minimum of 20 years in Burma quiet Karens who live inside Burma KNU officials personnel and soldiers and Karen refugees and IDPs who are currently living in Thai Burma border areas These interviews which covered approximately two hundred respondents have been conducted since 2002 It is mainly directed toward social scientists historians

by the Moors the Levant trade was likely to suffer some interruption from its harbour becoming the resort of pirates King Charles II therefore sent thither a battalion of foot guards and sixteen companies of Dumbarton s regiment now first royals and issued in July 1680 warrants for raising six independent troops of horse and a regiment of foot to augment the garrison and to enable it to chase from under the walls the native forces by which it was menaced The first troop of horse was raised by Major General the Earl of Ossory who was nominated governor of His Majesty s possessions in Africa and the others by Lieut Colonel Sir John Lanier and Captains Robert Pulteney John Coy Charles Nedby and Thomas Langston The regiment of foot was ordered to consist of sixteen companies of sixty five private men each besides officers and non commissioned officers and the colonelcy was conferred on Charles Fitz Charles Earl of Plymouth a daring aspirant to military fame who had already distinguished himself against the Moors in the character of a volunteer and was serving at Tangier at the time the regiment was raised To be continue in this ebook **The Historical Magazine** John Ward Dean,George Folsom,John Gilmary Shea, Henry Reed Stiles, Henry Barton Dawson, 1868 *London, Past and Present* Henry Benjamin Wheatley, 1891 Based upon the Handbook of London by the late Peter Cunningham **The Golden Land Ablaze** Bertil Lintner, 2024-09-26 Myanmar s generals didn t expect the nation to rise up against the coup they staged in February 2021 But after decades of stifling direct military rule the Burmese people had become used to another way of life during the relative openness of 2011 21 The army has been unable to suppress anti coup protests as it did in 1962 and 1988 and three years after sending tanks into Yangon Naypyitaw and other cities the army has yet to establish a functioning administration For the first time since the 1970s armed resistance is not confined to traditionally strife torn frontier areas where ethnic insurgents like the Karen National Union and Kachin Independence Army have been active for decades it has spread to the majority Burmese heartland in the shape of the People s Defence Forces But the anti junta forces are insufficiently well equipped to defeat the much more heavily armed Myanmar army which itself is stretched too thin on several fronts to crush the resistance And despite foreign observers assurances there is no unity common command or synchronised strategy among the various ethnic minority and ethnic Burmese resistance groups This is a war that neither side can win Caught in the middle and bound to suffer most are civilians
