Richard B. Meixsel,2015-10-02 Military obligations rested lightly upon the Filipino people for much of the period that America occupied the Philippines but Filipinos could enlist in the United States Army and Navy attend the service academies at West Point and Annapolis or join military organizations restricted to duty in the islands such as the Philippine Scouts Philippine Constabulary Philippine National Guard and the navy s insular force In the 1930s the Philippine government established its own armed forces Throughout much of this time the U S army also kept a substantial portion of its troop strength in the Philippines This annotated bibliography of nearly 700 titles highlights the extent and variety of the Philippine American military experience from the conquest of the islands by the United States in 1902 to the defeat of Philippine and American forces by the Japanese in 1942 The bibliography includes memoirs and biographies of Filipino and American officers and enlisted men from MacArthur to Ferdinand Marcos unit histories army post and navy base histories medals and insignia books and the most extensive list of prisoner of war memoirs yet published Annotations address controversies such as the widely disparate estimates of American deaths on the Bataan Death March and include previously unpublished information such as casualty figures for American and Philippine forces in 1941 1942 *World War II in Literature for Youth*

Patricia Hachten Wee,Robert James Wee,2004-11-10 This comprehensive volume provides a wealth of information with annotated listings of more than 3 500 titles a broad sampling of books on the war years 1939 1945 Includes both fiction and nonfiction works about all aspects of the war Professional resources for educators aligned to the educational standards for social studies technical references periodicals and electronic resources a directory of WWII museums memorials and other institutions and topics for exploration complement this excellent library and classroom resource **Captivity, Flight, and Survival in World War II** Alan Levine,2000-08-30 A collection of prisoner of war and concentration camp survivor stories from some of the toughest World War II camps in Europe and the Pacific this book details the daring escapes and highlights

the fundamental aspects of human nature that made such heroic efforts possible Levine takes a comprehensive approach including evasion efforts by those fleeing before the enemy who never reached formal prisoner of war camps as well as escapes from ghettos and labor camps Levine pays particular attention to dramatic escapes by small boat Many are not widely known although some were made over vast distances or in fantastically difficult conditions from enemy occupied areas Accounts include attempts at freedom from both German and Japanese prisoner of war camps stories that reveal much about the conditions prisoners endured Some of these escapes are far more amazing than the famed Great Escape from Stalag Luft III German and Austrian prisoners also recount their amazing flights from India to Tibet and Burma This study challenges some ideas about behavior in extreme situations and casts interesting light on human nature *The Book Buyer's Guide*, 1948 *The Rotarian*, 1948-05 Established in 1911 The Rotarian is the official magazine of Rotary International and is circulated worldwide Each issue contains feature articles columns and departments about or of interest to Rotarians Seventeen Nobel Prize winners and 19 Pulitzer Prize winners from Mahatma Ghandi to Kurt Vonnegut Jr have written for the magazine **Proceedings of ... National Convention of the American Legion** American Legion. Annual National Convention, 1997 **Conduct Under Fire** John A. Glusman, 2006-04-25 The fierce bloody battles of Bataan and Corregidor in the Philippines are legendary in the annals of World War II Those who survived faced the horrors of life as prisoners of the Japanese In *Conduct Under Fire* John A Glusman chronicles these events through the eyes of his father Murray and three fellow navy doctors captured on Corregidor in May 1942 Here are the dramatic stories of the fall of Bataan the siege of the Rock and the daily struggles to tend the sick wounded and dying during some of the heaviest bombardments of World War II Here also is the desperate war doctors and corpsmen waged against disease and starvation amid an enemy that viewed surrender as a disgrace To survive the POWs functioned as a family But the ties that bind couldn't protect them from a ruthless counteroffensive waged by American submarines or from the B 29 raids that burned Japan's major cities to the ground Based on extensive interviews with American British Australian and Japanese veterans as well as diaries letters and war crimes testimony this is a harrowing account of a brutal clash of cultures of a race war that escalated into total war Like *Flags of Our Fathers* and *Ghost Soldiers* *Conduct Under Fire* is a story of bravery on the battlefield and ingenuity behind barbed wire one that reveals the long shadow the war cast on the lives of those who fought it **Fire and Fortitude** John C. McManus, 2020-08-04 WINNER OF THE GILDER LEHRMAN PRIZE FOR MILITARY HISTORY An engrossing epic history of the US Army in the Pacific War from the acclaimed author of *The Dead and Those About to Die* This eloquent and powerful narrative is military history written the way it should be James M McPherson Pulitzer Prize winning historian Out here mention is seldom seen of the achievements of the Army ground troops wrote one officer in the fall of 1943 whereas the Marines are blown up to the skies Even today the Marines are celebrated as the victors of the Pacific a reflection of a well deserved reputation for valor Yet the majority of fighting and dying in the war against Japan was done not by Marines but by

unsung Army soldiers John C McManus one of our most highly acclaimed historians of World War II takes readers from Pearl Harbor a rude awakening for a military woefully unprepared for war to Makin a sliver of coral reef where the Army was tested against the increasingly desperate Japanese In between were nearly two years of punishing combat as the Army transformed at times unsteadily from an undertrained garrison force into an unstoppable juggernaut and America evolved from an inward looking nation into a global superpower At the pinnacle of this richly told story are the generals Douglas MacArthur a military autocrat driven by his dysfunctional lust for fame and power Robert Eichelberger perhaps the greatest commander in the theater yet consigned to obscurity by MacArthur s jealousy Vinegar Joe Stillwell a prickly soldier miscast in a diplomat s role and Walter Krueger a German born officer who came to lead the largest American ground force in the Pacific Enriching the narrative are the voices of men otherwise lost to history the uncelebrated Army grunts who endured stifling temperatures apocalyptic tropical storms rampant malaria and other diseases as well as a fanatical enemy bent on total destruction This is an essential ambitious book the first of three volumes a compellingly written and boldly revisionist account of a war that reshaped the American military and the globe and continues to resonate today INCLUDES MAPS AND PHOTOS

The Rosenberg Letters Michael Meeropol,2013-11-26 First Published in 1994 Compiled and transcribed from 1950 1953 this book contains the letters of the Julius and Ethel Rosenberg during their prison correspondence with surrounding text written and edited by one of their sons Meeropol states their belief that a complete edition of these letters would be useful for people interested in gaining as full an understanding as possible of the Rosenbergs as human beings

Barbed-Wire Blues Bernard Harris,2021-05-13 Quite uplifting This book looks less at the usual escape attempts but concentrates on lifting people of the camp through entertainment UK Historian As the author a young Army bandsman lies wounded at the Battle of Corinth he is shot between the eyes at point blank range Miraculously he survives but is blinded In a makeshift hospital a young Greek volunteer saves his life with slices of boiled egg Captured Allied medics later restore the sight in one eye In this moving and entertaining memoir Bernard describes daily life in POW camps in Greece and Germany He established a theatrical group and an orchestra that performed for fellow POWs and their German guards A superb raconteur as well as a gifted musician the author s anecdotes are memorably amusing Bernard was repatriated via Sweden in late 1943 While blinded in one eye and seriously wounded the author was told by his New Zealand doctor fellow POW and musician John Borrie When nothing else will do music will always lift one up Barbed Wire Blues inspirational ever optimistic tone will surely have the same effect on its readers While not a story of blood guts and bullets it does do a very good job of telling the story of a man s recovery from a wound that should have killed him until his repatriation and the return of the use of his arm and then the return of the sight to one eye This book is worth taking the time to read as it can be considered to be the story of one man s battle against adversity Armorama *AB Bookman's Weekly* ,1997 **Princeton Alumni Weekly** ,1947 The Fall of Hong Kong Philip Snow,2003-01-01 The definitive account of the wartime history of Hong Kong On

Christmas Day 1941 the Japanese captured Hong Kong and Britain lost control of its Chinese colony for almost four years a turning point in the process by which the British were to be expelled from the colony and from East Asia This book unravels for the first time the dramatic story of the Japanese occupation and reinterprets the subsequent evolution of Hong Kong

Magnificent The clarity of mind Snow brings to his labor of storytelling and contextualizing is amazing John Lanchester Daily Telegraph Beautifully written with many telling anecdotes Lawrence D Freedman Foreign Affairs Very good Provides a much more nuanced picture than has appeared before in English of life among Hong Kong s different communities before and during the Japanese occupation Economist

Father Found Duane Heisinger,2003 Biography of a American prisoner of war told by his son He had reconstructed Samuel Lawrence Heisinger s story primarily through first hand reports diaries journals scraps of paper often buried and later uncovered or very carefully and dangerously carried to the end of the war The information used from others writing deals directly with the same events seen and experienced by Samuel Heisinger Other information was collected through interviews with other prisoners who knew Samuel and letters written to his family after the war ended

Wheels of Courage David Davis,2020-08-25 Out of the carnage of World War II comes an unforgettable tale about defying the odds and finding hope in the most harrowing of circumstances *Wheels of Courage* tells the stirring story of the soldiers sailors and marines who were paralyzed on the battlefield during World War II at the Battle of the Bulge on the island of Okinawa inside Japanese POW camps only to return to a world unused to dealing with their traumatic injuries Doctors considered paraplegics to be dead enders and no hopers with the life expectancy of about a year Societal stigma was so ingrained that playing sports was considered out of bounds for so called crippled bodies But servicemen like Johnny Winterholler a standout athlete from Wyoming before he was captured on Corregidor and Stan Den Adel shot in the back just days before the peace treaty ending the war was signed refused to waste away in their hospital beds Thanks to medical advances and the dedication of innovative physicians and rehabilitation coaches they asserted their right to a life without limitations The paralyzed veterans formed the first wheelchair basketball teams and soon the Rolling Devils the Flying Wheels and the Gizz Kids were barnstorming the nation and filling arenas with cheering incredulous fans The wounded warriors turned playmakers were joined by their British counterparts led by the indomitable Dr Ludwig Guttmann Together they triggered the birth of the Paralympic Games and opened the gymnasium doors to those with other disabilities including survivors of the polio epidemic in the 1950s Much as Jackie Robinson s breakthrough into the major leagues served as an opening salvo in the civil rights movement these athletes helped jump start a global movement about human adaptability Their unlikely heroics on the court showed the world that it is ability not disability that matters most Off the court their push for equal rights led to dramatic changes in how civilized societies treat individuals with disabilities from kneeling buses and curb cutouts to the Americans with Disabilities Act of 1990 Their saga is yet another lasting legacy of the Greatest Generation one that has been long overlooked Drawing on the veterans own words stories and memories about this

pioneering era David Davis has crafted a narrative of survival resilience and triumph for sports fans and athletes history buffs and military veterans and people with and without disabilities

The twentieth century has been a century of wars genocides and violent political conflict a century of militarization and massive destruction It has simultaneously been a century of feminist creativity and struggle worldwide witnessing fundamental changes in the conceptions and everyday practices of gender and sexuality What are some of the connections between these two seemingly disparate characteristics of the past century And how do collective memories figure into these connections Exploring the ways in which wars and their memories are gendered this book contributes to the feminist search for new words and new methods in understanding the intricacies of war and memory From the Italian and Spanish Civil Wars to military regimes in Turkey and Greece from the Armenian genocide and the Holocaust to the wars in Abkhazia East Asia Iraq Afghanistan former Yugoslavia Israel and Palestine the chapters in this book address a rare selection of contexts and geographies from a wide range of disciplinary perspectives In recent years feminist scholarship has fundamentally changed the ways in which pasts particularly violent pasts have been conceptualized and narrated Discussing the participation of women in war sexual violence in times of conflict the use of visual and dramatic representations in memory research and the creative challenges to research and writing posed by feminist scholarship Gendered Wars Gendered Memories will appeal to scholars working at the intersection of military war memory and gender studies seeking to chart this emerging territory with feminist curiosity
