Reflections of a Regular Guy: A Memoir of Love,

Resilience, and Happiness Mike Gardner, 2025-04-30 In the game of life it helps to have a good but flexible game plan especially when you're behind. We all have stories about our lives. Some wonderful. Some tragic. But we all have something else in common. However long or short the periods of smooth sailing are, you know the ones, perhaps hidden away between the periods of turbulence, they're just waiting to burst out at any time. This regular guy takes the regular reader along the ups and downs of his own life's journey with touching, sometimes humorous anecdotes and shares some simple ideas on how to increase one's happiness, stressing the importance of family and friends, continual self-assessment, and the ability to adapt one's mind set along the way. He then challenges readers to go beyond mere reflection and to share their own stories with others. After all, this is a memoir about looking back and moving forward together.

From Hollyweird to the Back Woods: A Memoir Kathryn Spira, 2018-03-15 Those who read Kathryn's first book *In Kathryn's Korner* know she used to double date with Julia Roberts, work with Michael Chikliss, Anthony Bourdain, and Edie Falco, and spend Saturday afternoons with Dennis Hopper. This book isn't about that. This book is about life after Hollyweird, as she calls it, dealing with a life-changing diagnosis of MS and surprise still looking forward to each day. For each lemon life has thrown at her, she has made lemonade. From Hollyweird to the Back Woods is a special double volume that includes both *In Kathryn's Korner* and *Training Wheels: How My MS Led to Plan B*.

Memoir of a Hockey Nobody Jerry "Teabag" Hack, 2020-04-22 *Memoir of a Hockey Nobody* is the unlikely true story of an average Canadian kid who grew up playing street hockey. Although he didn't learn how to skate until his late teens, he took a shot at entering the world of professional ice hockey with, shall we say, haphazard results. This is an against-all-odds tale of one man's journey from Vancouver to all over Western Canada, California, The Yukon, and Alaska. Seemingly blocked at every turn from managers who believed that someone who came from such humble beginnings couldn't be any good to coaches who would rather see big names with bigger reputations, it's a story of tragedy, triumph, and determination. A roller coaster ride with hilarious anecdotes of all the characters he met along the way. This is a tale for those who dare to live their dream.

Lost in the Fog: Memoir of a Bastard Rachel Van Meers, Daniel Chase, 2008-07-01 The courageous story of Van Meers, born in a home for unwed mothers in Ghent, Belgium, 1930. It is told in her own words in a frank, humorous, and down-to-earth manner. She grew up as a bastard during the Great Depression and sees her family and country torn apart by prejudice and politics in World War II and recounts how she struggles to redefine herself in turbulent postwar Europe. Based on hundreds of hours of taped interviews, Rachel's view of a family not quite normal, her amazing strength in the face of abusive and degrading treatment, and her strong faith and upbeat attitude make her story a joy and inspiration to read.

Memoir of a Roadie Joel Miller, 2020-09-10 Joel Miller is an ex-roadie for Guns N' Roses, Poison, Stone Temple Pilots, The Cranberries. The book is an often hilarious personal account of a young man in his early 20s trying to be a

good roadie while also trying to understand life's big picture Through the advice of rock stars and career roadies Joel tries to find the pathway to roadie righteousness **Once In a Lifetime: The World War 2 Memoir of a Jewish American**

Memoir William Gehron, 2010-09-06 Three generations of Gehron's lives are chronicled in this memoir by one of those whose life typified what has come to be known as The Greatest Generation *My Criminal Memoir* Louis Shalako, They say confession is good for the soul The author wouldn't know too much about that but there is such a thing as the Mirror of Eternal Truth where much may be revealed and much may be concealed and much may be left out An atheist doesn't actually have a soul but the principle remains the same The world's longest written confession *My Criminal Memoir* is not exactly an apology It's not exactly an explanation It may be an act of contrition Consider it more of an acknowledgement a romp down memory lane as much as it is a history lesson Louis Shalako has made his peace with the Universe as he heads on to the next phase of his life *Alice Guy Blaché* Alison McMahan, 2014-08-22 Alice Guy Blaché 1873 1968 the world's first woman

filmmaker was one of the key figures in the development of narrative film From 1896 to 1920 she directed 400 films including over 100 synchronized sound films produced hundreds more and was the first and so far the only woman to own and run her own studio plant The Solax Studio in Fort Lee NJ 1910 1914 However her role in film history was completely forgotten until her own memoirs were published in 1976 This new book tells her life story and fills in many gaps left by the memoirs Guy Blaché's life and career mirrored momentous changes in the film industry and the long time span and sheer volume of her output makes her films a fertile territory for the application of new theories of cinema history the development of film narrative and feminist film theory The book provides a close analysis of the one hundred Guy Blaché films that survive and in the process rewrites early cinema history **Memoir** Sam Miller, 2021-11-18 Memoir Reasons Why I Left the Amish

Voices from the Great War Myles Dungan,2014-07-07 This pioneering study first published in 1995 retains its rank as one of the most powerful histories ever written about Irish involvement in World War 1 This year the centenary of the war sees its timely re publication as the Irishmen who fought in that war re enter the national memory after decades of indifference and hostility The gradual softening of attitudes over the last twenty years amid great historic change on the island of Ireland is due in no small part to the efforts of historians such as Myles Dungan to tell thousands of forgotten stories Drawing on the diaries letters literary works and oral accounts of soldiers Myles Dungan tells some of the personal stories of what Irishmen unionist and nationalist went through during the Great War and how many of them drew closer together during that horror than at any time since This volume deals with a selection of the most important battles and campaigns in which the three Irish Divisions participated The Curious Case of the Cleveland Indians: A Time Traveler's Memoir Philip King,2025-03-20 An old man is considering the life he has led As a former professor he is inclined towards assigning letter grades so he gives his life a B bordering on B A pretty good life all in all but with some regrets about opportunities not grasped kindnesses not bestowed and received loves lost and persons valued and admired meeting serious injury or early death Not to mention the steadily declining state of Planet Earth s natural ecologies in his lifetime from the overburden of massively increased human numbers overpopulation human generated pollution and global warming of land and ocean Much of his regret is symbolized

by the fortunes of the Cleveland Indians his favorite baseball team and one with a strong historical connection to his family back to the early years of the twentieth century In his youth in the 1950s the team always seemed to finish second usually to the New Yankees before descending into mediocrity for a third of a century If only the Indians had been a bit better had won six or eight more games each year won a few pennants and World Series Perhaps successful Cleveland teams would have given him more confidence in his own life path set his life on a better course up from a B to an A He might have achieved a greater place in the world and a more confident presence He determines to fix the shortcomings of team and self by traveling to the past to advise the team which players to acquire and keep and which to let go and when to make these moves He knows baseball and the historical record of how the players in question fared the arcs of their careers so his advice would be sound His challenges are three traveling to the past in the first place being believed there when he claims to be a time traveler from the future and making choices that will improve and not damage the changed future The first task getting there he approaches by relying on friends from his youth and young adulthood who have the resources scientific knowledge wealth and personal connections to set him on his path back to Cleveland in 1948 The second task being believed once he arrives he intends to handle by predicting events that have not yet happened in the past but that he knows are shortly to occur there The third task Well read the book This book is a fictional work about time travel connected to and blended with a memoir of the author s life particularly in sports and especially in baseball It will come to no surprise to the reader when the book s main character travels seventy five years into the past to Cleveland Ohio no less that the book is a made up story What is not so immediately obvious is that the book is a memoir as well The back story and contextual accounts of the book s characters are entirely based on the author s life his experiences and those of his family friends and acquaintances Except for public figures persons names have been omitted and other identifying details changed Readers with an interest in major league baseball history baseball statistics mid twentieth century life in small town Ohio time travel theory and mechanisms and the planetary ecological crisis of our times will find interest in this science fiction novel memoir
