Memoirs of a Surgeon Hedley Atkins,1977 **The Making of a Surgeon** William A. Nolen,1980-04 The Making of a Surgeon is the memoir of an apprentice It is William Nolen s story of his transformation from student to practitioner from a brash medical school graduate to a surgeon possessing skill and judgment And as in the best memoirs in the brilliant flash of his self discovery William Nolen illuminates the world outside himself *Memoirs of the Flight Surgeon of HMS Nabob Jr.* Herbert Read, Charles,2018-02-20 In the evening dusk of August 22 1944 during an intense battle off the Norwegian coast the HMS Nabob one of the two Canadian crewed aircraft carriers in the Second World War was struck by a torpedo on the starboard side Among the souls on board was Dr Charles Read Jr a young flight surgeon who needed to draw upon every bit of his training and skills to fight against seemingly impossible odds to save the lives of his shipmates These are his memoirs Follow Dr Read from his first fresh faced moments in Halifax as a newly minted Navy Medical Officer to a surprise appointment to be the flight surgeon on the much lauded Nabob the aircraft carrier thought of as the sign that Canada s navy had arrived in the big leagues of world sea power In vivid detail Read recounts his training including a hair raising ride in a fighter jet his friendships from Chizy the affable wine steward to the legendary fighter pilot Bobby Bradshaw to his wonder at the beauty of Europe even in the midst of wartime destruction to his memorable encounters with those he met along the way including two beautiful movie stars Read presents war as he saw it the gut wrenching carnage the endless monotony the baffling absurdity and shamefully the inevitable tragedies that happen under incompetent command These memoirs present an exciting and never before seen view into a ship that has until this book been little more than a footnote in history

Scalpel! Robert Blumenberg M D,2017-01-16 The setting is a hospital in Upstate New York This surgeon shares the challenges victories and crushing disappointments of his career as honestly as possible It is more than a story of wielding a scalpel but rather the story of patients who touched his heart They are remembered not only for their disease but the attractiveness of personality and character During the events of his professional life he seldom had the time to spend with family that he would have wanted The experiences are shared along with the bonds forged with some patients and colleagues
