Alexander Hamilton Ron Chernow,2005-03-29 The 1 New York Times bestseller and the inspiration for the hit Broadway musical *Hamilton* Pulitzer Prize winning author Ron Chernow presents a landmark biography of Alexander Hamilton the Founding Father who galvanized inspired scandalized and shaped the newborn nation Grand scale biography at its best thorough insightful consistently fair and superbly written A genuinely great book David McCullough A robust full length portrait in my view the best ever written of the most brilliant charismatic and dangerous founder of them all Joseph Ellis Few figures in American history have been more hotly debated or more grossly misunderstood than Alexander Hamilton Chernow s biography gives Hamilton his due and sets the record straight deftly illustrating that the political and economic greatness of today s America is the result of Hamilton s countless sacrifices to champion ideas that were often wildly disputed during his time To repudiate his legacy Chernow writes is in many ways to repudiate the modern world Chernow here recounts Hamilton s turbulent life an illegitimate largely self taught orphan from the Caribbean he came out of nowhere to take America by storm rising to become George Washington s aide de camp in the Continental Army coauthoring *The Federalist Papers* founding the Bank of New York leading the Federalist Party and becoming the first Treasury Secretary of the United States Historians have long told the story of America s birth as the triumph of Jefferson s democratic ideals over the aristocratic intentions of Hamilton Chernow presents an entirely different man whose legendary ambitions were motivated not merely by self interest but by passionate patriotism and a stubborn will to build the foundations of American prosperity and power His is a Hamilton far more human than we ve encountered before from his shame about his birth to his fiery aspirations from his intimate relationships with childhood friends to his titanic feuds with Jefferson Madison Adams Monroe and Burr and from his highly public affair with Maria Reynolds to his loving marriage to his loyal wife Eliza And never before has there been a more vivid account of Hamilton s famous and mysterious death in a duel with Aaron Burr in July of 1804 Chernow s biography is not just a portrait of Hamilton but the story of America s birth seen through its most central figure At a critical time to look back to our roots Alexander Hamilton will remind readers of the purpose of our

institutions and our heritage as Americans 9780143034759 , Memoirs of Aaron Burr Aaron Burr,2005 **The American Revolution of 1800** Dan Sisson,Thom Hartmann,2014-09-15 An insightful assessment of Jefferson's defeat of Adams in the 1800 election and how it represented a blow against elitism and authoritarianism In this brilliant historical classic Dan Sisson provides the definitive window into key concepts that have formed the backdrop of our democracy the nature of revolution stewardship of power liberty and the ever present danger of factions and tyranny Most contemporary historians celebrate Jefferson's victory over Adams in 1800 as the beginning of the two party system but Sisson believes this reasoning is entirely the wrong lesson Jefferson saw his election as a peaceful revolution by the American people overturning an elitist faction that was stamping out cherished constitutional rights and trying to transform our young democracy into an authoritarian state If anything our current two party system is a repudiation of Jefferson's theory of revolution and his earnest desire that the people as a whole not any faction or clique would triumph in government Sisson's book makes clear that key ideas of the American Revolution did not reach their full fruition until the Revolution of 1800 to which we owe the preservation of many of our key rights With contributions by Thom Hartmann that bring out the book's contemporary relevance this fortieth anniversary edition contains new insights and reflections on how Jefferson's vision can help us in our own era of polarization corruption government overreach and gridlock Catalogue of the Library of the Young Men's Christian Association of Louisville, Kentucky ... Young Men's Christian Associations. Louisville, Ky. Library,1871 The Presidents and the Supreme Court James F. Simon,2012-02-07 Collected together James F Simon's books share the bitter struggles and compromises that have characterized the relationship between the presidents and the Supreme Court Chief Justices across US history The bitter and protracted struggle between President Thomas Jefferson and Supreme Court Chief Justice John Marshall the frustration and grudging admiration between FDR and Chief Justice Hughes the clashes between President Abraham Lincoln and Chief Justice Roger B Taney These were the conflicts that ended slavery that rescued us from the Great Depression and that defined a nation for better and for worse And Simon brings them to brilliant and compelling life Jefferson's America Julie M. Fenster,2017-05-09 The surprising story of how Thomas Jefferson commanded an unrivaled age of American exploration and in presiding over that era of discovery forged a great nation At the dawn of the nineteenth century as Britain France Spain and the United States all jockeyed for control of the vast expanses west of the Mississippi River the stakes for American expansion were incalculably high Even after the American purchase of the Louisiana Territory Spain still coveted that land and was prepared to employ any means to retain it With war expected at any moment Jefferson played a game of strategy putting on the ground the only Americans he could a cadre of explorers who finally annexed it through courageous investigation Responsible for orchestrating the American push into the continent was President Thomas Jefferson He most famously recruited Meriwether Lewis and William Clark who led the Corps of Discovery to the Pacific but at the same time there were other teams who did the same work in places where it was even more crucial

William Dunbar George Hunter Thomas Freeman Peter Custis and the dauntless Zebulon Pike all were dispatched on urgent missions to map the frontier and keep up a steady correspondence with Washington about their findings But they weren't always well matched with each other and certainly not with a Spanish army of a thousand soldiers or more These tensions threatened to undermine Jefferson's goals for the nascent country leaving the United States in danger of losing its foothold in the West Deeply researched and inspiringly told Jefferson's America rediscovers the robust and often harrowing action from these seminal expeditions and illuminates the president's vision for a continental America [Memoirs of Aaron Burr, Vol. 1 of 2 \(Classic Reprint\)](#) Aaron Burr, 2017-10-15 Excerpt from Memoirs of Aaron Burr Vol 1 of 2 It is with unaffected reluctance that this statement of facts is made and it never would have been made but for circumstances which have transpired since the decease of Colonel Burr A mere allusion to these circumstances will it is trusted furnish ample justification No sooner had the newspapers announced the fact that the Memoirs of Colonel Burr were to be written by me than I received letters from various quarters of the country inquiring into the nature of the revelations that the book would make and deprecating the introduction of individual cases These letters came to hand both anonymously and under known signatures expressing intense solicitude for suppression Under such circumstances am I not only warranted it These remarks but imperiously called upon to make them 7 What other mode remained to set the public mind at ease I have now stated what must for ever hereafter preclude all possibility for cavil on one part or anxiety on the other I alone have possessed the private and important papers of Colonel Burr and I pledge my honour that every one of them so far as I know and believe that could have injured the feelings of a female or those of her friends is destroyed In order to leave no chance for distrust I will add that I never took or permitted to be taken a single copy of any of these letters and of course it is quite impossible that any publication hereafter if any should be made of such papers or letters can have even the pretence of authenticity About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
