

Politics of Modern Federalism

- The structures of the federal system have not changed much since the Constitution was written
- Modern politics have changed the relationship between national and state governments, especially over the past 50 years or so

The Price of Federalism

Paul E. Peterson,2012-01-01 What is the price of federalism Does it result in governmental interconnections that are too complex Does it create overlapping responsibilities Does it perpetuate social inequalities Does it stifle economic growth To answer these questions Paul Peterson sets forth two theories of federalism functional and legislative Functional theory is optimistic It says that each level of the federal system is well designed to carry out the tasks for which it is mainly responsible State and local governments assume responsibility for their area s physical and social development the national government cares for the needy and reduces economic inequities Legislative theory in contrast is pessimistic it says that national political leaders responding to electoral pressures misuse their power They shift unpopular burdens to lower levels of government while spending national dollars on popular government programs for which they can claim credit Both theories are used to explain different aspects of American federalism Legislative theory explains why federal grants have never been used to equalize public services Elected officials cannot easily justify to their constituents a vote to shift funds away from the geographic area they represent The overall direction that American federalism has taken in recent years is better explained by functional theory As the costs of transportation and communication have declined labor and capital have become increasingly mobile placing states and localities in greater competition with one another State and local governments are responding to these changes by overlooking the needs of the poor focusing instead on economic development As a further consequence older big cities of the Rust Belt inefficient in their operations and burdened by social responsibilities are losing jobs and population to the suburban communities that surround them Peterson recommends that the national government adopt p

The Condition of Contemporary Federalism United States. Advisory Commission on Intergovernmental Relations,1981 **The Federal Role in the Federal System: The condition of contemporary federalism: conflicting theories and collapsing constraints** ,1981 **The Ashgate Research Companion to Federalism** Ann Ward,2016-04-01

This comprehensive research companion examines the theory practice and historical development of the principle of federalism from the ancient period to the contemporary world It provides a range of interpretations and integrates theoretical and practical aspects of federalism studies more fully than is usually the case The volume identifies and examines nascent conceptions of the federal idea in ancient and medieval history and political thought before considering the roots of modern federalism in the ideas of a number of important European political theorists of the sixteenth through eighteenth centuries The contributors focus on the development and institutionalization of the principle of federalism in the American Republic and examine the historical development and central policy debates surrounding European federalism The final sections investigate contemporary debates about theories of federalism and regional experiences of federalism in a global context including Africa India Australia the Middle East and North and South America The scope and range of this volume is

unparalleled it will provide the reader with a firm understanding of federalism as issues of federalism promise to play an ever more important role in shaping our world **Federalism** Kyle Scott, 2011-03-31 Using case studies from around the world this book develops a new theory of federalism showing that it can enhance deliberative democracy and civil society

Comparative Federalism Michael Burgess, 2006-09-27 A new examination of contemporary federalism and federation which delivers a detailed theoretical study underpinned by fresh case studies It is grounded in a clear distinction between federations particular kinds of states and federalism the thinking that drives and promotes them It also details the origins formation evolution and operations of federal political interests through an authoritative series of chapters that analyze the conceptual bases of federalism and federation through the evolution of the intellectual debate on federalism the American Federal experience the origins of federal states and the relationship between state building and national integration explore comparative federalism and federation by looking at five main pathways into comparative analysis with empirical studies on the US Canada Australia India Malaysia Belgium Germany Austria Switzerland and the EU explore the pathology of federations looking at failures and successes the impact of globalization The final chapter also presents a definitive assessment of federal theory This book will be of great interest to students and researchers of federalism devolution comparative politics and government *American Federalism and Individual Rights* Stephanie Mora Walls, 2021-02-15 The protection of individual rights and the division of power between the national government and the states are core principles upon which American governance is built but how well do these concepts work together and to what extent could they be at cross purposes American Federalism and Individual Rights presents both of these founding concepts and explores their compatibility through policy specific studies including civil rights education marriage equality and physician assisted death Written for anyone interested in American politics the author presents all of the foundational information one would need to make their own assessment of how federalism works to either promote or undermine the protection of the individual in these policy areas along with suggestions for further study **Nullification and Secession in Modern Constitutional**

Thought Sanford Levinson, 2016-09-09 The Missouri legislature passes a bill to flout federal gun control laws it deems unconstitutional Texas refuses to recognize same sex marriages citing the state's sovereignty The Tenth Amendment Center promotes the Federal Health Care Nullification Act In these and many other similar instances the spirit of nullification is seeing a resurgence in an ever more politically fragmented and decentralized America What this means in legal cultural and historical terms is the question explored in Nullification and Secession in Modern Constitutional Thought Bringing together a number of distinguished scholars the book offers a variety of informed perspectives on what editor Sanford Levinson terms neo nullification a category that extends from formal declarations on the invalidity of federal law to what might be called uncooperative federalism Mark Tushnet Mark Graber James Read Jared Goldstein Vicki Jackson and Alison La Croix are among the contributors who consider a strain of federalism stretching from the framing of the Constitution to the state of

Texas's most recent threat to secede from the United States. The authors look at the theory and practice of nullification and secession here and abroad discussing how contemporary advocates use the text and history of the Constitution to make their cases and how very different texts and histories influence such movements outside of the United States in Scotland for instance or Catalonia or Quebec or even England vis-à-vis the European Union. Together these essays provide a nuanced account of the practical and philosophical implications of a concept that has marked America's troubled times from the build up to the Civil War to the struggle over civil rights to battles over the Second Amendment and Obamacare.

Modern Federalism Peter William House, Wilbur A. Steger, 1982

Encyclopedia of Modern Political Thought (set) Gregory Claes, 2013-08-20

This groundbreaking new work explores modern and contemporary political thought since 1750 looking at the thinkers, concepts, debates, issues, and national traditions that have shaped political thought from the Enlightenment to post modernism and post structuralism. The Encyclopedia of Modern Political Thought is a two volume A to Z reference that provides historical context to the philosophical issues and debates that have shaped attitudes toward democracy, citizenship, rights, property, duties, justice, equality, community, law, power, gender, race, and legitimacy over the last three centuries. It profiles major and minor political thinkers and the national traditions both Western and non Western which continue to shape and divide political thought. More than 200 scholars from leading international research institutions and organizations have provided signed entries that offer comprehensive coverage of thought of regions and countries including African political thought, American political thought, Australasian political thought, Australian and New Zealand Chinese political thought, Indian political thought, Islamic political thought, Japanese political thought, and more. Thought regarding contemporary issues such as abortion, affirmative action, animal rights, European integration, feminism, humanitarian intervention, international law, race and racism, and more. The ideological spectrum from Marxism to neoconservatism including anarchism, conservatism, Darwinism, and Social Darwinism, Engels, fascism, the Frankfurt School, Lenin, and Leninism, socialism, and more. Connections of political thought to key areas of politics and other disciplines such as economics, psychology, law, and religion. Notable time periods of political thought since 1750. Concepts including class, democratic theory, liberalism, nationalism, natural and human rights, and theories of the state. Theorists and political intellectuals both Western and non Western including John Adams, Edmund Burke, Mohandas Gandhi, Immanuel Kant, Ayatollah Khomeini, Ernst Friedrich Schumacher, George Washington, and Mary Wollstonecraft.

Federalism in Canada Thomas O. Hueglin, 2021

Federalism in Canada tells the turbulent story of shared sovereignty and divided governance from Confederation to the present time. It does so with three main objectives in mind. The first objective is to convince readers that federalism is the primary animating force in Canadian politics and that it is therefore worth engaging with its complex nature and dynamic. The second objective is to bring into closer focus the contested concepts about the meaning and operation of federalism that all along have been at the root of the divide between English Canada and Quebec in particular. The third objective is to give recognition to the

trajectory of Canada's Indigenous peoples in the context of Canadian federalism from years of abusive neglect to belated efforts of inclusion. The book focuses on the constitution with its ambiguous allocation of divided powers, the pivotal role of the courts in balancing these powers, and the political leaders whose interactions oscillate between intergovernmental conflict and cooperation. This focus on executive leadership and judicial supervision is framed by considerations of Canada's regionalized political economy and cultural diversity, giving students an interesting and nuanced view of federalism in Canada.

History of Federal Government in Greece and Italy Edward Augustus Freeman, 1893 The Federal Principle Rufus S. Davis, 2021-01-08. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1978.

Arguing Comparative Politics Alfred C. Stepan, 2001. This volume brings together new and classic articles by one of the leading scholars in comparative politics. The articles focus in particular on the nature of contemporary democracy and its prospects. The volume begins with a personal analysis of the intellectual and often political reasons why and how Stepan chose to engage in certain critical arguments over the last thirty years. The volume is then divided into three sections, each with a distinctive theme: state and society, constructing politics, and varieties of democracies. The introduction and articles ask whether, for both intellectual and political reasons, there are strong grounds for questioning both Rawls and Huntington on religion and democracy, Riker on federalism, and Gellner on multinationalism. The volume contains articles on civil society, political society, economic society, the military, and a usable state. The possibility of multiple and complementary political identities is argued for. The incentive systems and political practices of the three macro-constitutional frameworks for democratic government—parliamentarism, presidentialism, and semi-presidentialism—are compared and contrasted.

The Theological Origins of Liberalism Ismail Kurun, 2016-07-26. This eye-opening book offers a critical survey of the true origins of liberalism. It challenges the widely held belief among social scientists that liberalism was developed in opposition to Christianity. Beginning with the Protestant Reformation, it illustrates how Christian thinkers reinterpreted Christianity and used a set of indemonstrable biblical presuppositions from their reinterpretations to develop the first liberal ideas, starting a process that culminates in the birth of the first liberal political theory in the writings of a devout Christian philosopher, John Locke. It explains how the Protestant Reformation covenant theology, anti-trinitarianism, and medieval Christian natural law theories formed the foundations of liberalism. Thus, the central claim of this book is that liberalism is better understood as a radical reinterpretation of Christianity that emerged in the post-Reformation and early modern period. As a logical consequence of revealing the hitherto generally neglected roots of liberalism, it eventually proposes that a legally pluralist liberal political theory is the best way to maintain human dignity and peace in multi-religious societies of today's globalized world.

System, Order, and International Law Stefan Kadelbach, Thomas

Kleinlein, David Roth-Isigkeit, 2017-04-28 For many centuries thinkers have tried to understand and to conceptualize political and legal order beyond the boundaries of sovereign territories Their concepts deeply entangled with ideas of theology state formation and human nature form the bedrock of today's theoretical discourses on international law This volume engages with models of early international legal thought from Machiavelli to Hegel before international law in the modern sense became an academic discipline of its own The interplay of system and order serves as a leitmotiv throughout the book helping to link historical models to contemporary discourse Part I of the book covers a diverse collection of thinkers in order to scrutinize and contextualize their respective models of the international realm in light of general legal and political philosophy Part II maps the historical development of international legal thought more generally by distilling common themes and ideas such as the relationship between universality and particularity the role of the state the influence of power and economic interests on the law and the contingencies of time space and technical opportunities In the current political climate where it appears that the reinvigorated concept of the nation state as an ordering force competes with internationalist thinking the problems at issue in the classic theories point to contemporary questions is an international system without central power possible How can a normative order come about if there is no central force to order relations between states These essays show that uncovering the history of international law can offer ways in which to envisage its future

Expanded EU Kseniya M. Khovanova, Nejat Dogan, Maxym Kovalov, 2008 This book is a selection of the scholarly works presented at the 2nd International Redefining Europe Conference in Prague 2005 as a part of the Ashburn Institute's analogous initiative the goal of which is to advance people's understanding of the future of European civilisation and to explore the varying dynamics of transatlantic relations This volume is a 2nd publication in the Redefining Europe Conference Series The third manuscript will appear in print following the Renewing the Transatlantic Relationship Prospects for Europe and the United States in an Emerging Multipolar World Conference held in Norman OK November 2008 This book is targeted at scholars and students in political science and related disciplines **Federal Democracies** Michael Burgess, Alain-G.

Gagnon, 2010-02-25 Federal Democracies examines the evolution of the relationship between federalism and democracy and features case studies on USA Russia Switzerland Spain Germany Canada and the European Union

Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Modern Federalism full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle

Unlimited or Scribd offer subscription-based access to a wide range of Modern Federalism eBooks, including some popular titles.

FAQs About Modern Federalism Books

What is a Modern Federalism PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it.

How do I create a Modern Federalism PDF? There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF.

How do I edit a Modern Federalism PDF? Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities.

How do I convert a Modern Federalism PDF to another file format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats.

How do I password-protect a Modern Federalism PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities.

Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities.

How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download.

Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information.

Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
