Myths About Missions:

Myths about Missions Horace L. Fenton, 1973 **Myths about Missions** Horace L. Fenton, 1974 *Is the Commission Still Great?* Steve Richardson, 2022-10-04

Dismantling the Myths that Obscure God's Great Plan

The primary mission of the church is to glorify God by blessing all peoples of the world through the gospel of Jesus Christ. The Great Commission's task of global disciple making is the most ambitious project ever undertaken. Given the scale and complexity of global missions, it's no wonder that misconceptions abound even among invested godly people. Questions and skepticism about missions arise from both outside and inside the church. Is missions an outdated idea? Do missionaries do more harm than good? Are we succeeding or failing? Is it time for global believers to do the job in their own countries with minimal Western involvement? We don't need to fear questions like these. But we do need to seek and find solid biblical answers. *Is the Commission Still Great?* dismantles the myths that obscure God's beautiful plan to make disciples of all nations. Misperceptions discourage God's people from joyfully participating with Him in reaching the world. Yet deepening our understanding of the call to missions restores perspective and motivates us to participate in God's grand design. Author and missionary kid Steve Richardson uses stories from Scripture history and his own ministry experience to impart timely lessons on modern missions. Richardson also draws from the wisdom of field missionaries sending agencies, pastors, and church members to address this all-important endeavor. Each chapter finishes with thought-provoking questions to facilitate purposeful discussion in families and small groups. *Is the Commission Still Great?* will equip followers of Christ to be participants, not spectators, in the redemption of the world.

Myths and Missionaries Michael McGinty, 2001 *Myths of Leadership* Jo Owen, 2017-10-03

WINNER CMI Management Book of the Year 2019 Aspiring Leaders Category

The best leaders are born, not made. The best leaders are always in control. The best leaders are those with the highest IQs. But are they really? The thinking surrounding what makes the greatest leaders is increasingly muddled by stereotypes, snake oil promises, and pseudo science. The best leaders rely on fact, not fads. *Myths of Leadership* blasts away the fluff and confronts false legends head-on. Jo Owen uses the most credible research to analyze each myth using international business case studies, leadership theory, and insightful interviews to uncover the truth. This is a compelling and practical examination of the most pervasive misconceptions about leadership that will help you elevate your own leadership abilities, better inspire your team, and empower your organization by thinking differently. Entertaining but evidence-based, *Myths of Leadership* throws out the management jargon and skewers over-hyped leadership trends to bring you the best practical tips you need to become a better leader.

The Missionary Kids Holly Berkley Fletcher, 2025-08-19

Historian Fletcher incisively explores the dark underbelly of American evangelical missionary work via the experiences of missionaries' children. Robustly researched and sharply analyzed, it's an illuminating exposé with important implications for evangelical Christianity. Publishers Weekly starred review: "Neither a celebration of missionaries nor a hatchet job, this book is insightful and hard-hitting while leaving space for a spectrum of voices to be heard." Library

Journal What do we learn about white evangelicalism from those raised by its heroes From historian Holly Berkley Fletcher herself a missionary kid comes this first of its kind examination of how the experiences of missionary kids illuminate broader currents in American Christianity As sidekicks to their parents and churches ambitions missionary kids MKs face questions many white Christians eventually ask about God s calling sacrifice faith privilege racism abuse and what belonging means In *The Missionary Kids* Fletcher reveals how MKs have intimate access to the movement s logic longings and ideals With penetrating research sly wit and an empathic gaze Fletcher lays bare complicated emotions and troublesome truths She investigates how calling multiculturalism saints and indispensability can distract white American Christians from their own tradition s sins and failures Drawing on her experience as a Southern Baptist MK in Kenya on conversations with other missionary kids and on the work of psychologists historians missiologists and researchers Fletcher paints an intricate portrait of family life on the front lines of the missionary movement From boarding school to war zones and from sexual assault by adult missionaries to fending for themselves so as not to distract from the work of the Lord MKs bear the weight of their parents choices and their churches ideals Fletcher delves into the missionary industrial complex that shapes the lives of missionary families listening to MKs speak of the vexing wordless longing for the places they ve lived For many years few people sought out MKs real voices God had called their parents to do great things so the kids were beside the point But the children of missionaries are beneficiaries of evangelicalism s rewards and victims of its failings And now they are ready to talk

Misconceptions about the Tuskegee Airmen Daniel Haulman,2023-02-15 Once an obscure piece of World War II history the Tuskegee Airmen are now among the most celebrated and documented aviators in military history With this growth in popularity however have come a number of inaccurate stories and assumptions Misconceptions about the Tuskegee Airmen refutes fifty five of these myths correcting the historical record while preserving the Airmen s rightful reputation as excellent servicemen The myths examined include the Tuskegee Airmen never losing a bomber to an enemy aircraft that Lee Archer was an ace that Roscoe Brown was the first American pilot to shoot down a German jet that Charles McGee has the highest total combat missions flown and that Daniel Chappie James was the leader of the Freeman Field Mutiny Historian Daniel Haulman an expert on the Airmen with many published books on the subject conclusively disproves these misconceptions through primary documents like monthly histories daily narrative mission reports honor awarding orders and reports on missing crews thereby proving that the Airmen were praiseworthy even without embellishments to their story

Myths and Realities in Eastern Europe Walter Kolarz,1946 **The Spirit of Missions** ,1874 Includes the proceedings of the annual meeting of the Society Report of the Centenary Conference on the Protestant Missions of the World James Johnston (F.S.S.),1889 *Charisma and Myth* Raphael Falco,2011-10-20 Charisma and Myth combines an interdisciplinary examination of myth with the newest developments in the application of charisma theory to history and social life Through scores of examples ranging from Inuit myth to Christian theology from Malinowski to martyrology Charisma and Myth argues definitively that the survival of myth systems mirrors the survival of such charismatic groups as modern street gangs the Anglo Saxon comitatus or Satan s fallen angels in Paradise Lost Even the smallest charismatic group generates its own set of myths and like larger myth systems depends on continual revolutionary change not as might be expected on the stability of its myths to survive and to achieve longevity As this innovative study shows group leaders must learn first to foster and then to manage the mild chaos and changing symbols of their myths Charisma and Myth challenges myth theorists from the nineteenth through to the twenty first century and adds a missing component to our understanding of how and why myths continue to grip our imaginations Myths and Mythical Spaces Claudia Lichnofsky,Enriketa Pandelejmoni,Darko Stojanov,2017-12-04 This volume addresses textbooks written in the Albanian language and in use in Albania Kosovo Macedonia and Serbia Political myths and mythical spaces play a key role in shaping processes of identity building concepts

of self and other and ideas pertaining to the location of the self and nation within a post conflict context The Albanian case is particularly interesting because the majority of Albanians live outside the borders of Albania despite the existence of the nation state which gives rise to fascinating complexities regarding the shaping of national identities and myths surrounding concepts of self and other What textbooks teach is always of political interest as they represent society s intentions for its next generation This renders identity building processes via textbooks in this context a particularly fascinating topic for research here examined through the lens of myths and mythical spaces **Foreign Missions Year Book of North America ...** Foreign Missions Conference of North America.
