American Voices Esther Harriott, 2013-04-01 Sam Shepard Lanford Wilson David Mamet Charles Fuller and Marsha Norman were born within ten years of one another While they are not linked to a particular movement or school they are fellow members of a generation of writers one that has come to prominence during a turning point in American theater From the midseventies to the late eighties emphasis on the written word returned after a decade dominated by nonverbal theater that subordinated language to the visual Each of these playwrights has regarded the written word as the center of a theatrical production All have received the Pulitzer Prize for drama The contexts of race religion region class and gender from which they write are very different yet each is typically American in some way Through interviews with Wilson Mamet Fuller and Norman and critical study of works of all five Harriott examines their disparate voices and their distinctive images of America **New Westers** Michael L. Johnson, 1996 These New Westers Johnson reveals line dance and two step listen to Garth Brooks and George Strait drink beer from long neck bottles wear clothes ordered from Sheplers watch rodeo on ESPN play Wild West arcade games eat fajitas and tacos in stuccoed Mexican cafes collect Western art and Native American crafts and vacation in and move to the West New Westers rewrite the history and biography of the West They reimagine the West in Cowboy sagas and poetry Native American novels Mexican American drama nature writing revisionist films eclectic visual artwork and neo traditional music They flock to movies like *Thelma and Louise* *Unforgiven* and *Dances with Wolves* watch mini series like *Lonesome Dove* and read bestsellers like *The Crossing* and *All The Pretty Horses* New Westers are men and women who may or may not have ever hitched up a horse but who crave connection with the West At the end of a century of urbanization technological change and cultural confusion they seek a more natural home a fuller and wider sense of place and a deeper and more colorful personal identity They also want to revive the dream of the mythic West but on different terms They overrun the Old West and yet strive to preserve it raising troubling new concerns about the differences between the mythic and the real between traditional and contemporary cultural influences **American Bloodlines** Sonya

Lea, 2025-10-07 Summer 1936 Rainey Bethea a young Black man is tried for the rape and murder of an elderly white woman. The all white all male jury takes just four and a half minutes to find him guilty. Bethea is hanged near the banks of the Ohio River in Owensboro Kentucky with more than twenty thousand white people in attendance. The crowd turns the violent spectacle of Bethea's hanging, the last documented public execution in the United States, into a brutal carnival. Bethea's story came to author Sonya Lea through her family and it is through her family that she reckons with its truths. At her grandmother's funeral, Lea received an oral history recorded by a neighbor. In its pages, Lea, who is descended from white Kentuckians on both sides, discovered that two of the spectators at Bethea's execution were her grandparents, teenage newlyweds Sherrel and Frances Ralph. Lea's research would also divulge that she was related to the prosecuting attorney for the Commonwealth, the man considered most responsible for Bethea's hanging. *American Bloodlines* combines memoir with reportage and cultural criticism to interrogate and complicate the traditional narrative about how lynch culture is created in families, communities, and institutions. The essays in this collection grapple with our complicity in these atrocities, including the agreement in our silences, and demonstrate how we, as descendants, might take responsibility and bring new scrutiny to ancestral and communal crimes.

Eurasianism Paolo Pizzolo, 2020-01-28 Eurasianism: An Ideology for the Multipolar World investigates the ideology of Eurasianism, a political doctrine that founds its principles on geopolitics and conservatism. Specifically, the book examines neo-Eurasianist thought and its implications for the international system. After collocating Eurasianism in the spectrum of conservative theories, the research analyzes its historical evolution from the early 20th century to its contemporary manifestations. Pizzolo describes the liaison between Eurasianism and geopolitics, describing the nature of geopolitics and the main theories that highlight the relevance of the Eurasian landmass, including Mackinder's Heartland theory, Spykman's Rimland theory, and Haushofer's *Kontinentalblock* project. The book also focuses on the central elements of the neo-Eurasianist ideology, including the key features of the so-called Fourth Political Theory, arguing that Eurasianism could represent a theoretical contribution for the advent of the multipolar world.

[My American Journey](#) Colin L. Powell, Joseph E. Persico, 2010-12-29 1 NEW YORK TIMES BESTSELLER A great American success story, an endearing and well-written book. The New York Times Book Review: Colin Powell is the embodiment of the American dream. He was born in Harlem to immigrant parents from Jamaica. He knew the rough life of the streets. He overcame a barely average start at school. Then he joined the Army. The rest is history: Vietnam, the Pentagon, Panama, Desert Storm, but a history that until now has been known only on the surface. Here, for the first time, Colin Powell himself tells us how it happened in a memoir distinguished by a heartfelt love of country and family, warm good humor, and a soldier's directness. *My American Journey* is the powerful story of a life well lived and well told. It is also a view from the mountaintop of the political landscape of America. At a time when Americans feel disenchanted with their leaders, General Powell's passionate views on family, personal responsibility, and in his own words, the greatness of America and the opportunities it offers, inspire hope and present a

blueprint for the future An utterly absorbing account it is history with a vision **The American Midwest in Film and Literature** Adam R. Ochonicky, 2020-02-04 How do works from film and literature *Sister Carrie* *Native Son* *Meet Me in St Louis* *Halloween* and *A History of Violence* for example imagine reify and reproduce Midwestern identity And what are the repercussions of such regional narratives and images circulating in American culture In *The American Midwest in Film and Literature* Nostalgia Violence and Regionalism Adam R Ochonicky provides a critical overview of the evolution contestation and fragmentation of the Midwest's symbolic and often contradictory meanings Using the frontier writings of Frederick Jackson Turner as a starting point this book establishes a succession of Midwestern filmic and literary texts stretching from the late 19th century through the beginning of the 21st century and argues that the manifold properties of nostalgia have continually transformed popular understandings and ideological uses of the Midwest's place identity Ochonicky identifies three primary modes of nostalgia at play across a set of textual objects the projection of nostalgia onto physical landscapes and into the cultural sphere nostalgic spatiality nostalgia as a cultural force that regulates behaviors identities and appearances nostalgic violence and the progressive potential of nostalgia to generate an acknowledgment and possible rectification of ways in which the flawed past negatively affects the present nostalgic atonement While developing these new conceptions of nostalgia Ochonicky reveals how an under examined area of regional study has received critical attention throughout the histories of American film and literature as well as in related materials and discourses From the closing of the Western frontier to the polarized political and cultural climate of the 21st century this book demonstrates how film and literature have been and continue to be vital forums for illuminating the complex interplay of regionalism and nostalgia

Factor Alison Wolf,2013-10-01 Noted British academic and journalist Alison Wolf offers a surprising and thoughtful study of the professional elite and examines the causes and limits of women s rise and the consequences of their difficult choices The gender gap is closing Today for the first time in history tens of millions of women are spending more time at the boardroom table than the kitchen table These professional women are highly ambitious and highly educated enjoying the same lifestyle prerogatives as their male counterparts They are working longer and marrying later if they marry at all They are heading Fortune 500 companies and appearing on the covers of Forbes and Businessweek They represent a special type of working woman the kind who doesn t just punch a clock for a paycheck but derives self worth and pleasure from wielding professional power At the same time that the gender gap is narrowing the gulf is widening among women themselves While blockbuster books such as Lean In focus only on women in high pressure jobs in reality there are four women in traditionally female roles for every Sheryl Sandberg In this revealing and deeply intelligent book Alison Wolf examines why more educated women work longer hours why having children early is a good idea and how feminism created a less equal world Her ideas are sure to provoke and surprise as she challenges much of what the liberal and conservative media consider to be women s best interests *Impossible Heights* Adnan Morshed,2015-01-15 The advent of the airplane and skyscraper in 1920s and 30s
