Aparicio, 2013 Latino a literature is one of the fastest developing fields in the discipline of literary studies It represents an identity that is characterized by fluidity and diversity often explored through divisions formed by language race gender sexuality and immigration The Routledge Companion to Latino a Literature represents over forty essays by leading and emerging international scholars of Latino a literature and analyses Regional cultural and sexual identities in Latino a literature Worldviews and traditions of Latino a cultural creation Latino a literature in different international contexts The impact of differing literary forms of Latino a literature The politics of canon formation in Latino a literature This collection provides a map of the critical issues central to the discipline as well as uncovering new perspectives and new directions for the development of the field It is essential reading for anyone interested in the past present and future of this literary culture **Latinas/os in the United States** Havidan

Rodriguez, Rogelio Saenz, Cecilia Menjivar, 2007-11-21 Clara E Rodriguez As is befitting a book on Latinas/os at the start of the 21st century the chapters in this volume reflect the contemporary panorama of Latinas/os in the United States Today Latinas/os are the largest minority group They accounted for 12.5% of the total U.S. population in the last decennial census recent estimates showed the Hispanic population to be 41.3 million as of July 1, 2004 or 14% of the nation's total population However this estimate does not include the 3.9 million residents of Puerto Rico who are also U.S. citizens and would raise the total to 24.52 million This would make the U.S. population of Latinos the second largest Spanish origin population in the hemisphere after Mexico The growth of this population since 1980 has been dramatic Hispanics/Latinos grew more than seven times faster than the population of the nation as a whole increasing by half whereas the white non-Hispanic population increased by only 6% between 1980 and 1990 U.S. Bureau of the Census 1991 Table 1 U.S. Bureau of the Census 1993 p. 2 In the 1990s the Hispanic population increased 58% Moreover between 2003 and 2004 one of every two people added to the nation's population was Hispanic Latino Consequently not only are Latinos a substantial part of the U.S. population but they account for half its population growth **The Latino/a Canon and the Emergence of Post-Sixties**

Writers A. Quintana, 2003-03-18 This essential teaching guide focuses on an emerging body of literature by U S Latina and Latin American Women writers It will assist non specialist educators in syllabus revision new course design and classroom presentation The inclusive focus of the book that is combining both US Latina and Latin American women writers is significant because it introduces a more global and transnational way of approaching the literature The introduction outlines the major historical experiences that inform the literature the important genres periods movements and authors in its evolution the traditions and influences that shape the works and key critical issues of which teachers should be aware The collection seeks to provide readers with a variety of Latina texts that will guarantee its long term usefulness to teachers and students of pan American literature Because it is no longer possible to understand U S Latina literature without taking into consideration the histories and cultures of Latin America the volume will through its organization argue for a more globalized type of analysis which considers the similarities as well as the differences in U S and Latin American women s cultural productions In this context the term Latina evokes a diasporic transnational condition in order to address some of the pedagogical issues posed by the bicultural nature which is inherent in pan American women s literature Chicana/o and Latina/o Fiction Ylce Irizarry, 2016-02-15 In this new study Ylce Irizarry moves beyond literature that prioritizes assimilation to examine how contemporary fiction depicts being Cuban Dominican Mexican or Puerto Rican within Chicana o and Latina o America Irizarry establishes four dominant categories of narrative loss reclamation fracture and new memory that address immigration gender and sexuality cultural nationalisms and neocolonialism As she shows narrative concerns have moved away from the weathered notions of arrival and assimilation Contemporary Chicana o and Latina o literatures instead tell stories that have little if anything to do with integration into the Anglo American world The result is the creation of new memory This reformulation of cultural membership unmask the neocolonial story and charts the conscious engagement of cultural memory It outlines the ways contemporary Chicana o and Latina o communities create belonging and memory of their ethnic origins An engaging contribution to an important literary tradition Chicana o and Latina o Fiction privileges the stories Chicanas os and Latinas os remember about themselves rather than the stories of those subjugating them NACCS Book Award National Association for Chicana and Chicano Studies 2018 MLA Prize in United States Latina and Latino and Chicana and Chicano Literary and Cultural Studies Modern Language Association 2017 **One Island, Many Voices** Eduardo R. del Rio, 2022-04-12 Cuban American writers have been studied primarily within the context of Latino literature as a whole Seeing a need to distinguish and define this unique literary perspective Eduardo del Rio selected twelve important well known authors and conducted interviews He chose writers who were born in Cuba but have lived in the United States for a significant amount of time and whose works include themes he considers elemental to Cuban American literature identity duality memory and exile But rather than a cohesive homogeneous group these conversations unveiled a kaleidoscope of individuality style and motive The authors bonds to Cuba inform their creative work in vastly different ways

and attempts to categorize their similarities only highlight the range of character and experience within this assemblage of talented writers From playwright Dolores Prida to author and literary critic Gustavo P rez Firmat these voices run the gamut of both genre and personality In addition to the essential facts of literary accomplishment the interviews include a wealth of insight into each writer s history motivations concerns and relationship to language These personal details serve to humanize and illuminate the unique circumstances and realities that have shaped both the authors and their work What del Rio has ultimately brought together is a series of intimate sketches that will not only serve as an important reference for any discussion of the literature but will also help readers to develop for themselves a sense of what Cuban American writing is and what it is not

about to complete their academic preparation Nuria Ib ez Quintana and Mar a Teresa Vera Rojas The result is an eclectic compilation meant to elicit discussion on the basis of its variety Into the Mainstream s primordial objective is to place these provocative essays which are expanded versions of papers presented during the annual gathering of the American Culture Association and the Popular Culture Association in the period 2002 2005 along with the numerous subjects they treat in the academic mainstream where they rightfully belong
