Making Decentralization Work in Latin America and the Caribbean, 2002 **World Studies: Latin America** Heidi Hayes Jacobs, Michal L. Levasser, Delimiting Modernities Sven Trakulhun, Ralph Weber, 2015-02-12 This collection seeks to contribute to the many long standing discussions on modernity but also and more specifically to the more recent debates over trends to pluralize modernity These debates are current in many different academic disciplines such as sociology anthropology literature and postcolonial studies Hitherto most engagements with modernity in the plural have remained conspicuously confined to one or other intra disciplinary notion of modernities such as that of Shmuel Eisenstadt s multiple modernities which has triggered a host of conference papers and publications largely within sociology all the while it seems that the literatures for instance of multiple modernities and alternative modernities are each distinguished by the fact that one ignores the other It is the principal aim of this edited volume to subject these disciplinary discussions to a more encompassing view assembling contributions from different scholars who not only work in different disciplines and regional settings but who also engage with their research topics in a variety of approaches and at different levels of analysis The volume thus transcends the sometimes narrow boundaries of the debates over modernities within the established academic disciplines and seeks to turn the unavoidable friction brought about by this interdisciplinary setting into most original and insightful scholarship They Eat Our Sweat Daniel E. Agbiboa, 2022 They Eat Our Sweat examines the corruption complex in Africa in the context of transportation Focusing on Lagos Nigeria Agbiboa shows that corruption is driven by the imperatives of urban economic competition **Encyclopedia of Law Enforcement** Larry E Sullivan, 2005 Vols 1 and 2 cover U S law enforcement Vol 3 contains articles on individual foreign nations together with topical articles on international law
