and Pervasive Developmental Disorders, Assessment, Interventions, and Policy Fred R. Volkmar, Rhea Paul, Ami Klin, Donald J. Cohen, 2007-09-10 The second edition of the benchmark reference Since its first edition this handbook has become the most influential reference work in the field of autism and related conditions Now expanded to two volumes this comprehensive work provides a thorough review of these disorders drawing on findings and clinical experience from a number of related disciplines The Second Edition covers all current treatment models and is updated to include new methods for screening and assessment genetic components and school based interventions All chapters have been thoroughly updated two thirds of chapters are entirely new to this edition Volume Two includes the newest most authoritative information available on assessment interventions and policy ramifications surrounding pervasive developmental disorders Handbook of Research on Special Education Teacher Preparation Paul T. Sindelar, Erica D. McCray, Mary T. Brownell, Benjamin

Lignugaris/Kraft, 2014-03-05 Compilations of research on teacher preparation often include no more than a cursory mention of the specific roles and needs of special education teachers Although the work that special education teachers perform does indeed differ from the work of classroom teachers teacher preparation in the two fields has much in common The purpose of this seven part handbook is to expand our knowledge of teacher education broadly by providing an in depth look at the most up to date research on special education teacher preparation Opening chapters ground the collection in political and economic context while subsequent sections delve deeply into issues related to the current state of our special education workforce and offer insights into how to best prepare and sustain that workforce Ultimately by illuminating the particularities of special education teacher preparation this landmark handbook addresses the state of current research in the field and sets an agenda for future scholarship Behavior Analysis and Treatment Ron Van Houten, Saul

Axelrod, 2013-11-22 In May 1986 the Association for Behavior Analysis ABA established a task force on the right to effective behavioral treatment The mandate of this task force was to identify and delineate specific rights as they apply to behavioral treatment Impetus for this project came in part from the controversy over the use of aversive procedures which some held had no place in treatment and with evolution of the treatment process were no longer necessary In contrast others cited evidence that programs based on positive reinforcement alone were sometimes not effective in treating severe problems These researchers and practitioners desired to ensure that clients and guardians be permitted to choose treatments that included punishment procedures when assessments warranted their use The first editor approached Ogden Lindsley president of ABA about establishing a task force to examine this issue The ABA council decided to broaden the mandate to include an examination of clients right to effective behavioral treatment in general The first editor was asked to chair the task force and appointed Saul Axelrod Jon S Bailey Judith E Favell Richard M Foxx and O Ivar Lovaas as members Brian A Iwata was appointed liaison by the ABA council *Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations for Fiscal Year 1995: Nondepartmental witnesses* United States.
