Presence In Her Life:

Etty Hillesum and the Flow of Presence Meins G. S. Coetsier, 2008 Although she died cruelly at Auschwitz at the age of twenty nine Etty Hillesum left a lasting legacy of mystical thought in her letters and diaries Hillesum was a complex and powerful witness to the openness of the human spirit to the call of God even under the most harrowing circumstances Her life was as much shaped by Hitler's regime as was that of philosopher Eric Voegelin and as Meins Coetsier reveals her thought lends itself to interpretation from a uniquely Voegelinian perspective Etty Hillesum and the Flow of Presence analyzes the life and writings of Hillesum from the standpoint of Voegelin's views on consciousness especially his philosophy of luminous participation in the transcendent ground of being Through a careful reading of her letters and diaries Coetsier reveals the inner development of Hillesum's mystically grounded resistance to Nazism as he guides readers through the symbolism of her spiritual journey making effective use of Voegelin's analytics of experience and symbolization to trace her path to spiritual truth Intertwining the lives works and visions of these two mystical thinkers Coetsier demonstrates his mastery of both Voegelin's philosophy and Hillesum's Dutch language materials He shows how mystical attunement to the flow of presence Voegelin's designation for human responsiveness to the divine is the key to the development of Hillesum's life and writings He displays a special affinity for the suffering and grace filled transformation that she underwent as she approached the end of her life and gained insight into the ultimate purpose of each individual's contribution to the well being and maintenance of the human spirit Retrieving one of the lesser known but most compelling figures of the Holocaust Etty Hillesum and the Flow of Presence is an original contribution to both Voegelin and Hillesum scholarship that reflects these writers strong valuation of the human person It presents Hillesum's life and work in an original and provocative context shedding new light on her experiences and their symbolizations while further broadening the application of Voegelin's thought

The Mystical Presence of Christ investigates the connections between exceptional experiences of Christ's presence and ordinary devotion to Christ in the late medieval West Unsettling the notion that experiences of seeing Christ's figure or hearing Christ speak are simply exceptional events that happen at singular moments Richard Kieckhefer reveals the entanglements between these experiences and those that occur through the imagery language and rituals of ordinary everyday devotional culture Kieckhefer begins his book by reconsidering the who and the how of Christ's mystical presence He argues that Christ's humanity and divinity were equally important preconditions for encounters both exceptional and ordinary which Kieckhefer proposes as existing on a spectrum of experience that moves from presupposition to intuition and finally to perception Kieckhefer then examines various contexts of Christ manifestations during prayer meditation and liturgy for example with attention to gender dynamics and the relationship between saintly individuals and their hagiographers Through penetrating discussions of a diverse set of texts and figures across the long fourteenth century Angela of Foligno the nuns of Helfta Margery Kempe Dorothea of Montau Meister Eckhart Henry Suso and Walter Hilton among others Kieckhefer shows that seemingly exceptional manifestations of Christ were also embedded in ordinary religious experience Wide ranging in scope and groundbreaking in methodology The Mystical Presence of Christ is a magisterial work that rethinks the interplay between the exceptional and the ordinary in the workings of late medieval religion *The Presence of God* Riaan Engelbrecht,2023-01-25

Johnston, 2014-10-14 What are we to make of those occasional yet illuminating experiences of God's presence that occur outside both church and Scripture We may encounter God's revelatory presence as we experience a beautiful sunset the birth of a child or a work of art music or literature While theologians have tended to describe such experiences abstractly as mere traces or echoes those involved often recognize such moments of transcendence as transformative Here senior theologian Robert Johnston explores how Christians should think theologically about God's wider revelatory presence that is mediated outside the church through creation conscience and culture The book offers a robust constructive biblical theology of general revelation rooting its insights in the broader Trinitarian work of the Spirit Drawing in part from the author's theological engagement with film and the arts the book helps Christians understand personal moments of experiencing God's transcendence and accounts for revelatory experiences of those outside the believing community It also shows how God's revelatory presence can impact our interaction with nonbelievers and those of other faiths **The Presence of the Feminine in Film** Virginia Apperson, John Beebe, 2009-01-14 This pioneering book introduces a largely unremarked dimension of film the feminine which cannot be reduced to women's experience or to men's projections onto women The Presence of the Feminine in Film gives body to that often rather loosely formulated Jungian conception the feminine aspect of psyche by noticing what feminine turns out to mean in particular cinematic contexts Spanning seven decades from *Pride and Prejudice* *Notorious* and *Letter from an Unknown Woman* to *Monsoon Wedding* *Brokeback Mountain* and *The Lives of Others* the movies selected for particular study here make it clear that the feminine is at home in the movies and that when she appears it is to appeal to our sensibilities as well as to our senses This is a book that will enhance the appreciation of film as a depth psychological medium **Leadership Presence** Kathy Lubar, Belle Linda Halpern, 2004-10-14 BRING THE TECHNIQUES OF THE STAGE TO THE BOARDROOM For more than a decade Belle Linda Halpern and Kathy Lubar have applied the lessons and expertise they have learned as performing artists to the work of their company The Ariel Group Halpern and Lubar have helped tens of thousands of executives at major companies around the country and the globe including General Electric Mobil Oil Capital One and Deloitte In Leadership Presence they make their time tested strategies available to everyone from high profile CEOs to young professionals seeking promotion Their practical proven approach will enable you to develop the skills necessary to inspire confidence command respect build credibility and motivate others Halpern and Lubar teach you How to handle tough situations with heightened confidence and flexibility How to build your relationships to enhance collaboration and business development How to express yourself dramatically and motivate others

Maryam Ghorbankarimi, 2015-10-13 This book analyzes the changes in the representation of women in Iranian cinema since the 1960s and investigates the reasons and motives for this Iranian cinema both before and after the Islamic Revolution has been closely monitored by the ruling power and has been utilized to relay messages and information that comply with the ruling ideology However it was only after the 1979 Revolution and the subsequent legitimization of cinema by the Islamic rule that cinema became widely accessible to the general public Within this context this book explores the changing roles of women in film production and their representation in films made between the 1960s and 2000s Although some aspects of women's lives became stricter after the revolution it was in the late 1980s that women took a prominent role both behind and in front of the camera for the first time It is demonstrated here that such shifts were due to several factors including factionalism within the Islamic Republic shifts in the Iranian film industry and the emergence of a group of highly educated film production teams in addition to the fuller integration of women into the film industry which is analyzed in particular detail This study explores a number of representative female centric films with a focus on their cultural social and cinematic contexts Discussing these films with respect to the representation of women it uses textual analysis as its base methodology Interviews conducted with filmmakers and people active in the industry also serve to place the films into their historical social and political context *Empowered by His Presence* Kevin G.
