## **Presence New Works Of Contemporary Art From Scotland:**

**Presence** ,2002-01-01      **Scott Myles** Scott Myles,Beatrix Ruf,2007 The oeuvre of Scottish artist Scott Myles is strongly gestural It consists of photographs objects serigraphs paintings and performance based projects a kind of reactivation of ideas on the valuation of art and social reality by means of the re use of already established aesthetic codes Thus along with known art historical works and their themes concepts such as generosity or communication play a big role as well as the involvement of the subject in his her own environment Myles work however also always deals with his experience as an artist with the role of the viewer and a certain openly avowed romanticism Along with all of this is a high degree of fictionalization and included in these fictions the potential for producing art This volume offers a comprehensive look into Myles artistic production from 1999 to 2006      **Re-envisioning the Contemporary Art Canon** Ruth Iskin,2016-12-08 Re envisioning the Contemporary Art Canon Perspectives in a Global World seeks to dissect and interrogate the nature of the present day art field which has experienced dramatic shifts in the past 50 years In discussions of the canon of art history the notion of inclusiveness both at the level of rhetoric and as a desired practice is on the rise and gradually replacing talk of exclusion which dominated critiques of the canon up until two decades ago The art field has dramatically if insufficiently changed in the half century since the first protests and critiques of the exclusion of others from the art canon With increased globalization and shifting geopolitics the art field is expanding beyond its Euro American focus as is particularly evident in the large scale international biennales now held all over the globe Are canons and counter canons still relevant Can they be re envisioned rather than merely revised Following an introduction that discusses these issues thirteen newly commissioned essays present case studies of consecration in the contemporary art field and three commissioned discussions present diverse positions on issues of the canon and consecration processes today This volume will be of interest to instructors and students of contemporary art art history and museum and curatorial studies      *Partnership, Collaborative Planning and Urban Regeneration* John McCarthy,2016-05-13 Approaches to urban regeneration have changed dramatically throughout Europe and the USA over recent decades drawing on notions of public private partnership growth coalitions and local spatial alliances In this engaging book John McCarthy provides critical consideration of such theories in terms of their application to practice He shows how these notions are used to explain the nature and underlying processes of urban development and to further objectives for urban regeneration To test their applicability he examines the case of Dundee including the role of the Dundee Partnership a model for many aspects of partnership working The resulting conclusions suggest ways in which the practice of urban regeneration can be improved in terms of inclusion equity and sustainability      *Life, Times and Work of William Gillies, 1898-1973* Andrew McPherson,2024-11-30 For seventy years William Gillies has been seen as a placid painter of landscape and decorative still life Andrew McPherson explodes this view to reveal a modernist whose response to the instabilities and violence of modernity touched universals of human experience Gillies idiom was shaped by institutions for

artistic production unique to Scotland But it was the politics of Scotland's connections to the rest of the British Isles that produced his mythic and misleading reputation New paintings and new meanings are uncovered placing the micro effects of modernity on mental health family and community in the wider contexts of war nationalism and public patronage McPherson also shows how this changing world led Gillies towards new applications of modernist expression Lavishly illustrated and referencing almost one thousand works this major reappraisal is an indispensable source on the cultural politics of a four nation state and the reception of modernism in Britain

**The Modern Scot** Tom

Normand, 2017-11-22 This title was first published in 2000 An investigation of Scottish art between 1928 and 1955 to bring into focus the multifaceted project that was Scottish modernism At the core of this work lies the contention that Scottish modernism was underpinned by a desire to express a national consciousness It was this ambition which became the defining

feature of radical Scottish art setting the parameters of its relationship with the idea of a coherent and international modern movement With the foundation of the National Party of Scotland in 1928 Scottish intellectuals began to consider the nature of national identity and the characteristics of a national art The Scottish Renaissance Movement under the voluble leadership of Hugh MacDiarmid set out to articulate these interests developing a vernacular poetry and literature For Scottish artists the way forward was harder to identify as they fought to reconcile the demands for a Scottish national art with the stylistic revolution of international modernism Tom Normand examines the competing claims of nationalism and modernism as they affected Scottish art This in depth analysis of a dynamic episode in Scottish visual culture looks at the work of among others William Johnstone William McCance and John Duncan Fergusson [Bullet Proof Breath](#) Christine Borland, Michael Tarantino, 2002 DOG A Diabetic's Best Friend Training Guide Train Your Own Diabetic Glycemic Alert Dog Black White Edition Diabetes is an unforgiving disease that afflicts many Americans and globally Science and researchers continue the quest for a cure for this potentially deadly disease that affects individuals and their families both physically and emotionally Any dog lover will tell you the love they share with their dog is like no other perhaps because of the therapy they provide for that individual Today's dog however is capable of so much more They can be trained to use their instinct to the advantage of a person who is unaware that their glucose is dropping or rising to a dangerous level These dogs are now known as Diabetic and Glycemic Alert Dogs Diabetic and Glycemic Alert Dogs can provide a tool to better glucose control and emotional support to people who are hyperglycemic as well as those with hypoglycemia DOG A Diabetic's Best Friend Is a Diabetic and Glycemic Alert Dog Training Guide to selecting assessing understanding training and maintaining a Diabetic and Glycemic Alert Dog The training methods used are fun positive and help harness the power of the human dog bond [Scottish Art since 1960](#) Craig Richardson, 2017-07-05 Craig Richardson here addresses key areas of cultural politics and identity in a way that not only illuminates the development of Scottish art but teases out another strand of the plurality of developments which led to the success of artists throughout the UK in the 1990s It is of the highest relevance whether one's perspective is that of the development of the Scottish art British art or European art of this period The book adds significantly to our knowledge of the art of this period in a way that will aid not only our historical understanding but our understanding of the dynamics of art practice today Providing an analysis and including discussion interviewing artists curators and critics and accessing non catalogued personal archives towards a new chronology Richardson here examines and proposes a sequence of precisely denoted exemplary works which outlines a self conscious definition of the interrogative term Scottish art Among the artists whose work is discussed are John Latham Simon Starling Alan Johnston Roderick Buchanan Glen Onwin Christine Borland William Johnstone Joan Eardley Alexander Moffat Douglas Gordon Alan Smith Graeme Fagen Ross Sinclair and many others The discussion culminates in a critically original demonstration of the scope for further research and practice within the subject facilitating national cultural debate on the character of Scottish national visual art *The Spectator*, 1858 A weekly

review of politics literature theology and art      **The Studio** ,1912      **Modern Spiritualism and Scottish Art** Michelle Foot,2023-08-10 This pioneering account of Modern Spiritualism in late 19th and early 20th century Scotland is a compelling history of the international movement's cultural impact on Scottish art From spirit mediums creating séance art to mainstream artists of the Royal Scottish Academy this exposition reveals for the first time the extent of Spiritualist interest in Scotland With its interdisciplinary scope **Modern Spiritualism and Scottish Art** combines cultural and art history to explore the ways in which Scottish art reflected Spiritualist beliefs at the turn of the 20th century More than simply a history of the Spiritualist cause and its visual manifestations this book also provides a detailed account of scepticism psychical research and occulture in modern Scotland and the role that these aspects played in informing responses to Spiritualist ideology Utilising extensive archival research together with in depth analyses of overlooked paintings drawings and sculpture Michelle Foot demonstrates the vital importance of Spiritualist art to the development of Spiritualism in Scotland during the 19th century In doing so the book highlights the contribution of Scottish visual artists alongside better known Spiritualists such as Arthur Conan Doyle and Daniel Dunglas Home      **Blackness at the Intersection** Kehinde Andrews, Kimberlé Crenshaw, Annabel Wilson,2024-02-08 A ground breaking collection applying Crenshaw's concept of intersectionality to the black diasporic experience in Britain In the 1980s Professor Kimberlé Crenshaw first coined the term intersectionality Since then the concept has spread across national and disciplinary boundaries and has had a transformative impact on the way in which we understand identity and the experience of discrimination But outside the US the application of intersectional theory has largely been disconnected from any analysis of Blackness despite intersectionality's origins in critical race theory CRT Curated by Crenshaw Andrews and Wilson as well as several of the leading scholars of CRT this collection bridges that gap and is the first to apply both these concepts to contexts outside the US Focusing on Blackness in Britain the contributors examine how scholars and activists are employing intersectionality to foreground Black British experiences Its essays encompass key issues such as gender and Black womanhood issues of representation within contemporary British culture and the position of Black Britons within institutions such as the family education and health The book also looks to the role intersectionality can play in shaping future political activism and in forging links beyond Blackness to other social movements
