Quite the reverse, strong women were the norm. They exercised considerable influence as important agents in the social, economic, religious, and cultural life of their societies. This book shows how women on both sides of the Atlantic while accepting a patriarchal system with all its advantages and disadvantages contrived to carve out for themselves meaningful lives. Unusually, it concentrates not only on the making and meaning of marriage but also upon the partnership between men and women. It also looks at the varied roles, cultural, religious, and educational that women played both inside and outside marriage during the key period 1500-1760. Women emerge as partners, patrons, matchmakers, investors, and network builders. *Peter Pauper Press fine gifts since 1928*, **Catalog** Food and Nutrition Information Center (U.S.), 1973 2365 references to books, journal articles, brochures, and audiovisual aids that are of interest to personnel of the school food service and nutrition education profession.
