the 1880 election and Guiteau harboring delusions of grandeur believed he had helped tip the scales in Garfield's favor. As such he believed that he was entitled to a post in Garfield's nascent administration perhaps even an ambassadorship and he continued to rack up debts while operating under the assumption that he would soon have the government salary to pay them back. However despite lobbying around Republican headquarters in New York City and even approaching Cabinet members no post was forthcoming for the troubled man. Eventually in May 1881 Secretary of State James Blaine told him to never show up again. Enraged by the perceived slight Guiteau bought a revolver and plotted to kill the president. He got his chance on July 2 1881 at a railroad station shooting Garfield in the back twice and bragging to the authorities I am a Stalwart of the Stalwarts Arthur is president now. In reality Garfield would live for nearly 3 more months and the poor standards of medical care in the 1880s would end up being responsible for the fact he did not survive wounds that he would've survived at the end of the 19th century. Indeed Guiteau would cite medical malpractice at trial stating I deny the killing if your honor please. We admit the shooting President James Garfield had been assassinated just 20 years earlier but McKinley didn't worry about presidential security or his own safety and that was the case in Buffalo. McKinley's insistence on greeting the public and shaking hands allowed Czolgosz to walk up to him on September 6 1901 at a public reception in the Temple of Music on the expo grounds and shoot him point blank with one bullet grazing the president and another lodging in his abdomen. In the aftermath of the shooting as Czolgosz was beaten and seized by the crowd he uttered I done my duty. For his part McKinley said He didn't know poor fellow what he was doing. He couldn't have known. Despite being president McKinley's medical services were shoddy and given the still primitive medical standards of the early 20th century gunshots to the abdomen often brought death. One of the best known aspects of the assassination is that Thomas Edison's x-ray machine was on hand and may have been used to try to locate the bullet that doctors couldn't find but for reasons that remain unknown the x-ray machine was not used. November 22 1963 started as a typical Friday and many Americans were unaware that President Kennedy was even heading to Dallas Texas. John and Jackie arrived in Dallas in the morning with Texas Governor John Connally alongside them and Vice President Lyndon B Johnson due to arrive later to meet them there. The Kennedys and the Connallys intended to participate in public events later in the day.

**The Assassinated Presidents** Charles River Editors, 2025-05-01

Until April 14 1865 John Wilkes Booth was one of the most famous actors of his time and President Abraham Lincoln had even watched him perform. But his most significant performance at a theater did not take place on the stage. That night Booth became one of history's most infamous assassins when he assassinated President Lincoln at Ford's Theatre in Washington D.C. After the shooting during which it is believed he broke his leg Booth fled south on horseback with authorities hot on his tail. 12 days later while he was at a farm in rural northern Virginia Booth was tracked down and shot by Boston Corbett a Union soldier who acted against orders. Eight others were tried for their alleged involvement in the plot and convicted and four were hanged shortly thereafter as a result of some of the nation's most famous trials. In 1880 Garfield ran

as a Republican for president and one of his supporters was a man named Charles Guiteau who wrote and circulated a speech called Garfield vs Hancock that aimed to rally support for the Republican candidate Though few knew it Guiteau's family had already deemed him insane and attempted to keep him committed in an asylum only to have him manage an escape from confinement Despite lobbying around Republican headquarters in New York City and even approaching Cabinet members no post was forthcoming for the troubled man Eventually in May 1881 Secretary of State James Blaine told him to never show up again Enraged by the perceived slight Guiteau bought a revolver and plotted to kill the president He got his chance on July 2 1881 at a railroad station shooting Garfield in the back twice and bragging to the authorities I am a Stalwart of the Stalwarts Arthur is president now President James Garfield had been assassinated just 20 years earlier but McKinley didn't worry about presidential security or his own safety and that was the case in Buffalo McKinley's insistence on greeting the public and shaking hands allowed Czolgosz to walk up to him on September 6 1901 at a public reception in the Temple of Music on the expo grounds and shoot him point blank with one bullet grazing the president and another lodging in his abdomen In the aftermath of the shooting as Czolgosz was beaten and seized by the crowd he uttered I done my duty For his part McKinley said He didn't know poor fellow what he was doing He couldn't have known Despite being president McKinley's medical services were shoddy and given the still primitive medical standards of the early 20th century gunshots to the abdomen often brought death One of the best known aspects of the assassination is that Thomas Edison's x-ray machine was on hand and may have been used to try to locate the bullet that doctors couldn't find but for reasons that remain unknown the x-ray machine was not used In many ways John Fitzgerald Kennedy and his young family were the perfect embodiment of the 60s The decade began with a sense of idealism personified by the attractive Kennedy his beautiful and fashionable wife Jackie and his young children Months into his presidency Kennedy exhorted the country to reach for the stars calling upon the nation to send a man to the Moon and back by the end of the decade In 1961 Kennedy made it seem like anything was possible and Americans were eager to believe him The Kennedy years were fondly and famously labeled Camelot by Jackie herself suggesting an almost mythical quality about the young President and his family As it turned out the 60s closely reflected the glossy idealistic portrayal of John F Kennedy as well as the uglier truths The country would achieve Kennedy's goal of a manned moon mission and the landmark Civil Rights Act of 1964 finally guaranteed minorities their civil rights and restored equality ensuring that the country would live out the true meaning of its creed
