Presidential Communication Description And Analysis

Louis W. Liebovich

Presidential Communication Description And Analysis:

Presidential Communication Robert E. Denton, Dan F. Hahn, 1986-09-23 *Presidential Communication* is the first book to combine a study of the American Presidency with communication theory The book brings readers a new way of looking at the Chief Executive Office First *Presidential Communication* builds a case for the rhetorical presidency what it means and how it works and why an approach based on an analysis of presidential rhetoric and persuasion works better than others to uncover the essential nature of the office The authors also examine the presidency from the major areas of concentration traditionally found in communication scholarship **Presidential communication : description and analysis** Robert E. Denton, 1999

Presidential Communication Robert E. Denton Jr., Dan F. Hahn, 1986-08-13 *Presidential Communication* is the first book to combine a study of the American Presidency with communication theory The book brings readers a new way of looking at the Chief Executive Office First *Presidential Communication* builds a case for the rhetorical presidency what it means and how it works and why an approach based on an analysis of presidential rhetoric and persuasion works better than others to uncover the essential nature of the office The authors also examine the presidency from the major areas of concentration traditionally found in communication scholarship **The Presidency and Rhetorical Leadership** Leroy G. Dorsey, 2008-03-26 Successful presidential leadership depends upon words as well as deeds In this multifaceted look at rhetorical leadership twelve leading scholars in three different disciplines provide in depth studies of how words have served or disserved American presidents At the heart of rhetorical leadership lies the classical concept of prudence practical wisdom that combines good sense with good character From their disparate treatments of a range of presidencies an underlying agreement emerges among the historians political scientists and communication scholars included in the volume To be effective they find presidents must be able to articulate the common good in a particular situation and they must be credible on the basis of their own character Who they are and what they can do are thus twin pillars of successful rhetorical leadership Leroy G Dorsey introduces these themes and David Zarefsky picks them up in looking at the historical development of rhetorical leadership within the office of the presidency Each succeeding chapter then examines the rhetorical leadership of a particular president often within the context of a specific incident or challenge that marked his term in office Chapters dealing with George Washington John Adams Thomas Jefferson Theodore Roosevelt Woodrow Wilson Franklin Roosevelt Dwight Eisenhower Ronald Reagan and Bill Clinton offer the specifics for a clearer understanding of how rhetoric serves leadership in the American presidency This book provides an indispensable addition to the literature on the presidency and in leadership studies *The Presidency and the Rhetoric of Foreign Crisis* Denise M. Bostdorff, 1994 *The Presidency and the Rhetoric of Foreign Crisis* examines presidential crisis management or the way U S presidents portray foreign crises to the American public as a potent tool for the accumulation and at times the forfeiture of political power Arguing that it is largely through presidential communication that foreign crises become real for American citizens Bostdorff

does not claim that presidents fabricate crises but rather that they vigorously advance their version of the crisis to the American public in order to rally support for their foreign policies Bostdorff contends that presidential language can heighten the significance of events that otherwise would attract little public attention such as a coup on the tiny Caribbean island of Grenada and thereby persuade citizens to support U S military intervention and to view the commander in chief as a decisive victorious leader To prove her assertions Bostdorff presents case studies from six successive administrations Beginning with Kennedy and the Cuban missile crisis of 1962 she examines Johnson and the Gulf of Tonkin Nixon and Cambodia Ford and the Mayaguez Carter and Iran and Reagan and Grenada Concluding with an evaluation of Bush and Panama Bostdorff identifies the recurring themes that defined crisis rhetoric explains how that rhetoric encourages particular public reactions and raises disturbing questions about the implications for the American polity

Government Communication Karen Sanders, Maria Jose Canel, 2013-06-20 Government communication is a curiously neglected area of discursive analysis No considered examination of the subject exists which provides either an account of the contemporary governmental landscape or an explanation of the common and divergent themes on both a domestic and international basis This volume aims to fill that gap providing a concise and illuminating case study based review of government communication It will be divided into three sections to reflect differences in both geography and political allegiances scrutinizing continental Europe Anglo American traditions and newly emerging democracies Offering a global and thematic account it is an indispensable resource for all students of political communication

Guide to the Presidency and the Executive Branch Michael Nelson, 2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president's relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic crisis wars abroad and Obama's healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office

of the Vice President supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president's role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions

The Press and the Modern Presidency Louis W. Liebovich, 2001-06-30 Scandal and sex sell even in the serious business of presidential news coverage The media deference shown to Kennedy and the scrutiny applied to Clinton illustrate the changed relation between the two and bookend this pertinent updated 1998 Choice Outstanding Academic Book award winner Liebovich tackles misconceptions about the media's role in politics how chief executives cooperate with and manipulate the press as it suits their needs and how ratings pressures have bent coverage of elections and the Executive Branch for the worse Well written thorough and the only book to explore the changing relation between the press and the presidency in the later twentieth century students and researchers alike will profit from reading this work written by one of America's leading scholars in the field For students interested in communications history or contemporary American politics it is an unparalleled administration by administration introduction to the complex and intertwined workings of two of the most powerful and influential forces at work in American politics today It furthermore provides researchers with a solid historical explanation of how both presidential politics and political news coverage have come to be popularly reviled and discounted

The Moral Authority of Government Henry Barbera, R. Hoxie, 2023-05-31 These new essays prepared to commemorate the centennial of the National Institute of Social Sciences have been carefully crafted to deal with an overriding concern of our time those elements in political rule that go beyond legal rights and responsibilities into the moral requirements of effective governance The principal theme of this book is presidential leadership The presidency personifies government authority including moral authority In the first part of this book most of the essays argue that the moral authority of leaders depends on high personal standards as well as policy outcomes The second segment on the rule of law and character raises considerations not limited to the presidency Character and the authority that derives from it are demonstrated most effectively not by what someone does in his or her personal life but in the moral values of the causes espoused and effectiveness in pursuing them In the realm of international affairs governmental leadership must wrestle with the moral and constitutional guidelines known as reasons of state Under what circumstances is it morally acceptable for a leader or government to practice deception upon the citizenry to overthrow other governments to bomb civilians Many contributors raise the issue of what permits a government to take actions that would be immoral or illegal in individuals or

groups The final segment expands and deepens this theme by exploring the work and role of non governmental agencies that influence both leaders and citizens in the public arena In short at a period that brings to a close a period in which the presidency has become more visible as well as more prominent this collective effort sheds new light on classic themes It will be an invaluable guide as we enter the new century The contributors include an illustrious galaxy of public officials and political scientists including Madeleine K Albright Judith A Best Betty Glad C Lowell Harriss Travis Beal Jacobs Ruth P Morgan Stanley A Renshon Donald L Robinson and William vanden Heuvel **Political Style** Robert Hariman,2010-07-15 In this book Robert Hariman demonstrates how matters of style of diction manners sensibility decor and charisma influence politics In critical studies of classic texts Hariman identifies four dominant political styles The realist style as found in Machiavelli s The Prince creates a world of sheer power constant calculation and emotional control this style is the common sense of modern political science The courtly style depicted in Kapuscinski s The Emperor is characterized by high decorousness hierarchies and fixation on the body of the sovereign this style infuses mass media coverage of the American presidency The republican style reflected in Cicero s letters to Atticus promotes the art of oratory consensus and civility it informs our ideal of democratic conversation The bureaucratic style as captured in Kafka s The Castle emphasizes institutional procedures official character and the priority of writing this style structures everyday life Hariman looks at effective political artistry in figures from antiquity to modern politicians such as Vaclav Havel Ronald Reagan and Bill Clinton He discusses the crises to which each style is susceptible as well as the social and moral consequences of each style s success Handbook of Social Computing Peter A. Gloor,Francesca Grippa,Andrea Fronzetti Colladon,Aleksandra Przegalinska,2024-03-14 Responding to the increasingly blurred boundaries between humans and technology this innovative Handbook reveals the intricate patterns of interaction between individuals machines and organizations Using cutting edge data and analysis expert contributors provide new insight into the rapidly growing digitalization of society **U.S. Presidents as Orators** Halford R. Ryan,1995-06-27 This first systematic critique on the rhetoric of 21 presidents shows how political constraints shaped rhetoric and how oratory shaped politics An introduction places American public address in the context of classical rhetorical practices and theory and sets the stage for the bio critical essays about presidents ranging from Washington to Clinton Experts analyze the style and use of language important speeches and their impact and their ethical ramifications Each essay on a president also keys major speeches to authoritative texts and offers a chronology and bibliography of primary and secondary sources For students teachers and professionals in American public address political communication and the presidency The First Presidential Communications Agency Mordecai Lee,2006-01-01 This book explores a forgotten chapter in modern U S history the false dawn of the communications age in American politics The Office of Government Reports OGR was created in 1939 by President Franklin D Roosevelt but after World War II Congress refused President Truman s request to continue funding it OGR proved to be ahead of its time a predecessor to the now permanent

White House Office of Communications Mordecai Lee shows how OGR was only one round in the long battle between the executive and legislative branches to be the alpha branch of government He illustrates how OGR was in the most important sense an effort to institutionalize public reporting Given the diminished trust in government in the twenty first century the study of OGR could act as a model for reviving public reporting as one way to reinvigorate democracy

Landmark Essays on American Public Address Martin J. Medhurst, 2020-08-26 This volume traces the historical evolution of American academic thought concerning public address what it is how it ought to be studied and what can be learned by engaging rhetorical texts in an analytical fashion To begin one must distinguish among three separate but interrelated uses of the term public address as practice theory and criticism The essays in this volume represent landmarks in the literal sense of that term they are marks on the intellectual landscape that indicate where scholars and ideas have passed and in that passing left a mark for future generations It is appropriate to revisit the landmarks that have set public address off as a field of study and it allows readers to remember the struggles that have led to the current situation Most of the authors of the following chapters are deceased but their ideas live on transformed adapted modified rejected and reborn The scholarly dialectic continues What constitutes a study in public address how best to approach rhetorical texts which analytical tools are required for the job how best to balance text with context and what role ought theory to play in the conduct or outcome of critical inquiry these questions live on To answer them at all is to engender debate and that is how it should be if the intellectual vitality of public address is to be maintained The papers are a prolegomenon to such studies for they mark where scholars have been and point the way to where they still must go

History of the Mass Media in the United States Margaret A. Blanchard, 2013-12-19 The influence of the mass media on American history has been overwhelming History of the Mass Media in the United States examines the ways in which the media both affects and is affected by U S society From 1690 when the first American newspaper was founded to 1995 this encyclopedia covers more than 300 years of mass media history History of Mass Media in the United States contains more than 475 alphabetically arranged entries covering subjects ranging from key areas of newspaper history to broader topics such as media coverage of wars major conflicts over press freedom court cases and legislation and the concerns and representation of ethnic and special interest groups The editor and the 200 scholarly contributors to this work have taken particular care to examine the technological legal legislative economic and political developments that have affected the American media

Media And Voters In Canadian Election Campaigns Frederick J. Fletcher, 1991-01-01 This volume presents five studies on the relationship between the media and voters Each examines some aspects of the flow of information to voters during election campaigns and all reflect the assumption that the right to vote must include the right of access and sufficient information to make an informed decision In separate studies Jean Cr te and Robert MacDermid examine existing studies and data on the relationship between attention to media and voter information and behaviours Both studies discuss methods for improving voter information Televised leaders debates

have become an important feature of democratic elections Cathy Widdis Barr examines the effects of these debates on Canadian voters in 1984 and 1988 concluding that they were an important source of campaign information for less informed voters Robert Bernier and Denis Moni re provide the most comprehensive comparative overview available on the importance of televised leaders debates and the policy issues surrounding them in democratic countries Finally Lyndsay Green examines the potential of new communication technologies for improving the information available to voters during campaigns with particular attention to voters with special information needs Taken together the five studies provide a useful overview of the effectiveness of various forms of campaign communication in informing voters Much of the material presented here is not readily available elsewhere

Mass Pardons in America Graham Dodds,2021-08-10 Again and again in the nation s history presidents of the United States have faced the dramatic challenge of domestic insurrection and sought ways to reconcile with the rebels afterward This book is the first comprehensive study of how presidential mass pardons have helped put such conflicts to rest Graham G Dodds examines when and why presidents have issued mass pardons and amnesties to deal with domestic rebellion and attempt to reunite the country He analyzes how presidents have used both deeds and words proclamations of mass pardons and persuasive rhetoric in order to foster political reconciliation The book features in depth case studies of the key instances of mass pardons in U S history beginning with George Washington s and John Adams s pardoning participants in armed insurrections in Pennsylvania in the 1790s In the nineteenth century James Buchanan Benjamin Harrison and Grover Cleveland issued pardons to Mormon insurrectionists and polygamists and Abraham Lincoln and Andrew Johnson pardoned Confederates both during and after the Civil War Most recently Dodds considers Gerald Ford s clemency and Jimmy Carter s amnesty of Vietnam War resisters Beyond exploring these events Mass Pardons in America offers new perspectives on the president s pardon power unilateral presidential actions and presidential rhetoric more broadly Its implications span fields including political history presidential studies and legal history

The SAGE Handbook of Political Communication Holli A Semetko,Margaret Scammell,2012-05-17 This authoritative and comprehensive survey of political communication draws together a team of the world s leading scholars to provide a state of the art review that sets the agenda for future study It is divided into five sections Part One explores the macro level influences on political communication such as the media industry new media technology and political systems Part Two takes a grassroots perspective of the influences of social networks real and online on political communication Part Three discusses methodological advances in political communication research Part Four focuses on power and how it is conceptualized in political communication Part Five provides an international regional and comparative understanding of political communication in its various contexts The SAGE Handbook of Political Communication is an essential benchmark publication for advanced students researchers and practitioners in the fields of politics media and communication sociology and research methods

Political Public Relations Jesper Stromback,Spiro Kioussis,2011-05-18 Political Public Relations maps and defines

this emerging field bringing together scholars from various disciplines political communication public relations and political science to explore the area in detail The volume connects differing schools of thought bringing together theoretical and empirical investigations and defines a field that is becoming increasingly important and prominent It offers an international orientation as the field of political public relations must be studied in the context of various political and communication systems to be fully understood As a singular contribution to scholarship in public relations and political communication this work fills a significant gap in the existing literature and is certain to influence future theory and research *Reagan and the Iran-Contra Affair* Robert Busby, 2016-07-27 The Iran Contra scandal rocked the Reagan presidency to its core in late 1986 and 1987 This text examines the efforts of the Reagan administration to recover its public credibility in the 12 months following the exposure of controversial covert operations Via comparative analysis it explores the impact of scandal upon the presidential office the problems which confronted President Reagan during Iran Contra and the centrality of damage control efforts to the well being of the modern presidency

Presidential Communication Description And Analysis Book Review: Unveiling the Power of Words
