Presidential Popularity In America:

The Oxford Handbook of the American Presidency George C. Edwards, William G. Howell, 2011-08-04 With engaging new contributions from major figures in the field The Oxford Handbook of the American Presidency provides the key point of reference for anyone working in American politics today

The Progression of the American Presidency J. Twombly, 2013-02-12 The contemporary presidency and the nation it governs is more dependent on the individual in office than ever before The Progression of the American Presidency examines in detail the institution of the American presidency from the selection process to the president's individual responsibilities to his interactions with other actors in the political arena Twombly argues that regardless of how well suited a particular individual may be for a specific time in office he or she will leave an indelible imprint on the office for those who follow Each successful president changed the institution in which he served by expanding its scope and power and raising the bar of public and historical expectations Both scholarly and conversational The Progression of the American Presidency is essential reading for anyone interested in the evolving state of the Oval Office

Presidential Popularity in America Stephen E. Frantzich, American Political Science Association, Oklahoma State University. Oklahoma Data Archive, 1979

The Honorable and the Dishonest: An Evaluation of America's Presidents Pasquale De Marco, 2025-04-21 Delve into the captivating world of American presidential history with The Honorable and the Dishonest An Evaluation of America's Presidents This comprehensive analysis offers a profound exploration of the qualities actions and impacts of those who have occupied the Oval Office from the revered leaders who shaped the nation's destiny to the controversial figures who left an indelible mark on its history In a series of in depth chapters we dissect the intricacies of presidential leadership scrutinizing both the triumphs and failures of past presidents We delve into the complex relationship between the Oval Office and the American people examining how presidential decisions have shaped the nation's trajectory Discover the secrets of presidential power as we analyze the factors that contribute to a successful presidency and the pitfalls that can lead to downfall We investigate the intricate web of presidential appointments exploring how the selection of cabinet members advisors and judges influences the course of governance With a keen eye we examine the evolving role of the president in foreign policy analyzing how presidential actions on the global stage can shape the world order We delve into the president's influence on the economy exploring the impact of presidential policies on job creation economic growth and financial stability No exploration of the American presidency would be complete without examining the president's role in environmental protection and social justice We investigate how presidential decisions affect climate change natural resources civil rights racial equality and gender equality exploring both the advancements and obstacles encountered in these areas If you like this book write a review on google books

The Myth of Presidential Representation B. Dan Wood, 2009-06-22 The Myth of Presidential Representation evaluates the nature of American presidential representation examining the strongly embedded belief held by the country's

founders as well as current American political culture and social science theory that presidents should represent the community at large Citizens expect presidents to reflect prevailing public sentiment and compromise in the national interest Social scientists express these same ideas through theoretical models depicting presidential behavior as driven by centrism and issue stances adhering to the median voter Yet partisanship seems to be a dominant theme of modern American politics Do American presidents adhere to a centrist model of representation as envisioned by the founders Or do presidents typically attempt to lead the public toward their own more partisan positions If so how successful are they What are the consequences of centrist versus partisan presidential representation The Myth of Presidential Representation addresses these questions both theoretically and empirically

The American Presidency William G. Howell, 2023-02-21 How institutions shape the American presidency This incisive undergraduate textbook emphasizes the institutional sources of presidential power and executive governance enabling students to think more clearly and systematically about the American presidency at a time when media coverage of the White House is awash in anecdotes and personalities William Howell offers unparalleled perspective on the world's most powerful office from its original design in the Constitution to its historical growth over time its elections and transitions to governance its interactions with Congress the courts and the federal bureaucracy and its persistent efforts to shape public policy Comprehensive in scope and rooted in the latest scholarship The American Presidency is the perfect guide for studying the presidency at a time of acute partisan polarization and popular anxiety about the health and well being of the republic Focuses on the institutional structures that presidents must navigate the incentives and opportunities that drive them and the constraints they routinely confront Shows how legislators judges bureaucrats the media and the broader public shape the contours and limits of presidential power Encourages students to view the institutional presidency as not just an object of study but a way of thinking about executive politics Highlights the lasting effects of important historical moments on the institutional presidency Enables students to grapple with enduring themes of power rules norms and organization that undergird democracy

New Directions in the American Presidency Lori Cox Han, 2023-02-21 The third edition of New Directions in the American Presidency provides important updates on all topics throughout the text including new and relevant literature across the subfield of presidency studies within political science Significant changes have occurred within the political environment since the publication of the second edition Many scholars refer to the Trump presidency as a disruption to the political order and each chapter will assess the lessons and legacies of the Trump years and analyze how the Biden presidency is faring in the return to a more traditional style of presidential leadership New to the Third Edition Updated chapter on the 2020 presidential campaign and aftermath Assessment of the Trump years Presidential powers and management of executive branch use of social media relationship with Congress relationship with political parties public opinion domestic and foreign policy Supreme Court appointments Two new chapters unitary powers and intersectionality and the presidency

Changing Presidential Approval through Democratization in

Mexico Ricardo R. Gómez-Vilchis, 2025-09-18 This book analyzes the trends of democratic transition in Mexico in relationship to presidential approval and argues that democratization alters approval in this form after a democratic transition corruption's effect on support for the president becomes stronger During the process of democratic transition corruption matters a lot for presidential approval because a negative performance of dealing with corruption leads to unpopularity The temptation for an authoritarian return can eventually emerge in the political arena Changing Presidential Approval through Democratization in Mexico examines approval at the individual aggregate and hierarchical levels by using extensive data This book includes survey data with samples between 1 000 and 3 000 respondents which are representative at the national level The analysis employs sixty nine surveys from 1990 to 2018 more than 97 300 observations and includes a database of corruption provided by the Ministry of the Public Function in Mexico with 633 500 state complaints against government employees The quality of the data allows the author to offer reliable and valid analysis with the focus on presidential approval democratization and corruption

Encyclopedia of the American Presidency, Fourth Edition Michael Genovese, 2021-04-01 Praise for the first edition An altogether excellent introduction to the study of the presidency of the United States Library Journal entries are well written an excellent addition American Reference Books Annual an excellent resource recommended Booklist Highly recommended Choice The most up to date reference of its kind Encyclopedia of the American Presidency Fourth Edition is the definitive guide to the role of the president from the American Revolution through the present day Offering a complete account of the presidency in U S history this A to Z encyclopedia will make a great first stop for students and general readers looking for information on the executive branch of the American government Its comprehensive scope spans the relationship between the executive and the other branches of government court cases elections political opponents scandals and more A valuable resource that provides concise information Encyclopedia of the American Presidency Fourth Edition contains more than 750 entries Entries include Bully pulpit Commander in chief Economic policy Executive privilege Kamala Harris Impeachment Iraq War Thomas Jefferson Middle East Military tribunals New Deal Oval Office Franklin D Roosevelt Situation room Donald Trump Veto power War powers Watergate White House and more

Presidential Responsiveness and Public Policy-Making Jeffrey E. Cohen, 2010-05-07 We expect a president to respond to public opinion as an elected official in a democracy Indeed the president needs public support to overcome opposition to his policies in Congress and the bureaucracy At the same time the president may want to pursue policies that do not have widespread support How does public opinion affect presidential policy making Jeffrey Cohen finds that presidents are responsive to the public in selecting issues to focus on If an issue has captured the interest of the people then the president will focus on that issue Cohen finds that having chosen to work on an issue presidents pay less attention to public opinion when making a policy The president will try to maintain control over the details of the policy so that the outcome fits his policy agenda Cohen examines the way presidents from Eisenhower through Clinton have dealt with public opinion in policy making He uses case studies of issues

such as Clinton and gays in the military Bush and the extension of unemployment benefits and Kennedy and cutting the income tax to explore the relationship between presidents and public opinion In addition Cohen uses a quantitative analysis of State of the Union addresses and positions on roll call votes of presidents from Eisenhower through George Bush to test his theories This book should appeal to political scientists and historians interested in the presidency and in public opinion as well as general readers interested in the history of the American presidency Jeffrey Cohen is Professor of Political Science Fordham University

America's Choice 2000 William Crotty, 2018-05-04 America's Choice 2000 attempts to make sense of the longest running most fiercely contested and ultimately closest race in the history of presidential elections What had been an earnest if predictable general election campaign morphed into a post election day series of controversies that tested the nation's electoral processes its courts and its democratic culture Eventually of course a winner was declared and the nation went about its business however not before fundamental questions were raised as to the nature of the vote and voter intent and both the standards and processes used to decide elections These issues will be with us for years to come By any standard it was a historic election whose full consequences are yet to be appreciated America's Choice 2000 carefully sifts through the competing claims and strategies reviews what occurred and offers some assessments as to the quality of the campaign the nature of the final decision and the meaning this has to the nation Crotty includes chapters devoted to the Courts unprecedented role in Election 2000 an examination of the public opinion during the key events of the general campaign as well as a chapter detailing the results of key state and local elections as well as the congressional races

Public Opinion and Polling around the World John G. Geer, 2004-07-21 Covering the intricate facets of America's most important democratic tradition this book serves as an important resource to understand how citizens views are translated into governmental action Public Opinion and Polling around the World presents a thorough review of public opinion from its roots in colonial America to its role in today's emerging democracies More than 100 entries prepared by top scholars examine the 200 year history of public opinion measurement methodologies with an emphasis on telephone interviews and Internet polls and key figures like George Gallup and Elmo Roper who created their own polling systems An analysis of theories compares schools of thought from the fields of psychology sociology and economics and explores how people form opinions A fascinating snapshot of the public's current views on economic issues foreign policy gender gay rights and other hot button topics observes patterns across genders race ethnic origins class and religion in regions all over the world Students academicians and political observers will discover answers to such questions as does public opinion shape the behavior of government

[What Is it about Government that Americans Dislike?](#) John R. Hibbing, Elizabeth

Theiss-Morse, 2001-09-10 This book first published in 2001 examines why so many Americans do not like trust approve of or support their government

Presidential Lightning Rods Richard J. Ellis, 2021-10-08 H R Haldeman President Nixon's former chief of staff is said to have boasted Every president needs a son of a bitch and I'm Nixon's I'm his buffer and I'm his

bastard I get done what he wants done and I take the heat instead of him Richard Ellis explores the widely discussed but poorly understood phenomenon of presidential lightning rods cabinet officials who take the heat instead of their bosses Whether by intent or circumstance these officials divert criticism and blame away from their presidents The phenomenon is so common that it is assumed to be an essential item in every president's managerial toolbox But Ellis argues such assumptions can oversimplify our understanding of this tool Ellis advises against indiscriminate use of the lightning rod metaphor Such labeling can hide as much as it reveals about presidential administration and policymaking at the cabinet level The metaphor often misleads by suggesting strategic intent on the president's part while obscuring the calculations and objectives of presidential adversaries and the lightning rods themselves Ellis also illuminates the opportunities and difficulties that various presidential posts especially secretaries of state chiefs of staff and vice presidents have offered for deflecting blame from our presidents His study offers numerous detailed and instructive examples from the administrations of Truman Dean Acheson Eisenhower Richard Nixon John Foster Dulles Herbert Brownell and Ezra Taft Benson LBJ Hubert Humphrey Ford Henry Kissinger and Reagan James Watt These examples Ellis suggests should guide our understanding of the relationship between lightning rods and presidential leadership policymaking and ratings Blame avoidance he warns does have its limitations and may even backfire at times Nevertheless President Clinton and his successors may need to rely on such tools The presidency Ellis points out finds itself the object of increasingly intense partisan debate and microscopic scrutiny by a wary press Lightning rods can deflect such heat and help the president test policies gauge public opinion and protect his political power and public image Ellis's book is an essential primer for helping us understand this process

The Presidency in a Separated System Charles O. Jones, 2005-10-01 Popular interpretations of American government tend to center on the presidency Successes and failures of government are often attributed to presidents themselves But though the White House stands as a powerful symbol of government the United States has a separated system intentionally designed to distribute power not to concentrate it Charles O Jones explains that focusing exclusively on the presidency can lead to a seriously distorted picture of how the national government works The role of the president varies widely depending on his resources advantages and strategic position Public expectations often far exceed the president's personal political institutional or constitutional capacities for achievement Jones explores how presidents find their place in the permanent government and how they are fitted in by others most notably those on Capitol Hill This book shows how a separated system of government works under the circumstances created by the Constitution and encouraged by a two party system Jones examines the organizational challenges facing presidents their public standing and what it means presidential agendas and mandates and lawmaking how it works where the president fits in and how it varies from issue to issue He compares the post World War II presidents and identifies the strengths and weaknesses of each in working within the separated system Jones proposes a view of government as a legitimate even productive form of decisionmaking and emphasizes the varying

strategies available to presidents for governing He concludes with a number of important lessons for presidents and advice on how to make the separated system work better *The American Political Economy* Douglas A. Hibbs, Douglas A. Hibbs, 2009-06-30 Here is the most comprehensive and authoritative work to date on relationships between the economy and politics in the years from Eisenhower through Reagan Extending and deepening his earlier work which had major impact in both political science and economics Douglas Hibbs traces the patterns in and sources of postwar growth unemployment and inflation He identifies which groups win and lose from inflations and recessions He also shows how voters perceptions and reactions to economic events affect the electoral fortunes of political parties and presidents Hibbs s analyses demonstrate that political officials in a democratic society ignore the economic interests and demands of their constituents at their peril because episodes of prosperity and austerity frequently have critical influence on voters behavior at the polls The consequences of Eisenhower s last recession of Ford s unwillingness to stimulate the economy of Carter s stalled recovery were electorally fatal whereas Johnson s Nixon s and Reagan s successes in presiding over rising employment and real incomes helped win elections The book develops a major theory of macroeconomic policy action that explains why priority is given to growth unemployment inflation and income distribution shifts with changes in partisan control of the White House The analysis shows how such policy priorities conform to the underlying economic interests and preferences of the governing party s core political supporters Throughout the study Hibbs is careful to take account of domestic institutional arrangements and international economic events that constrain domestic policy effectiveness and influence domestic economic outcomes Hibbs s interdisciplinary approach yields more rigorous and more persuasive characterizations of the American political economy than either purely economic apolitical analyses or purely partisan politicized accounts His book provides a useful benchmark for the advocacy of new policies for the 1990s a handy volume for politicians and their staffs as well as for students and teachers of politics and economics Leadership in American Politics Jeffery A. Jenkins, Craig Volden, 2018-01-15 In the polarized governing environment of American politics today the problem of leadership becomes ever more pressing and ever more vexed What defines leadership what determines its importance and effectiveness and how does it differ from one sphere of influence to another these are the questions Leadership in American Politics addresses in an effort to clarify the causes and consequences of the actions that public leaders take The authors prominent scholars from the major subfields of American politics discuss the form and content of leadership in their areas of expertise across the spectrum of American government the executive legislative and judicial branches political parties interest groups bureaucracies the states and foreign policymaking Combining historical theoretical and empirical approaches their essays evaluate the constraints opportunities and influence of leadership in each area as well as the challenges of bridging different realms At a time when understanding the nature and limits of leadership is more important than ever this volume lays the groundwork for the systematic study of leadership within and across American political institutions **American**

Government and Popular Discontent Steven E. Schier, Todd E. Eberly, 2013-07-18 Popular distrust and the entrenchment of government by professionals lie at the root of America's most pressing political problems. How did U.S. politics get to this point? Contemporary American politics got much of its shape from the transformations brought about from the 1950s to the 1980s. Presidential and congressional behavior, voting behavior, public opinion, public policy, and federalism were all reconfigured during that time, and many of those changes persist to this day and structure the political environment in the early twenty-first century. Throughout American history, parties have been a reliable instrument for translating majority preferences into public policy. From the 1950s to the 1980s, a gradual antiparty realignment alongside the growth of professional government produced a new American political system of remarkable durability and remarkable dysfunction. It is a system that is paradoxically stable despite witnessing frequent shifts in party control of the institutions of government at the state and national level. Schier and Eberly's system-level view of American politics demonstrates the disconnect between an increasingly polarized and partisan elite and an increasingly disaffected mass public. *The Presidency and Public Policy Making* George C. Edwards, Steven A. Shull, 1985-12-15 The premise behind this book is that policy making provides a useful perspective for studying the presidency, perhaps the most important and least understood policy making institution in the United States. The eleven essays focus on diverse aspects of presidential policy making, providing insights on the presidency and its relationship to other policy making actors and institutions. Major topics addressed include the environment of presidential policy making and the constraints it places on the chief executive, relationships with those outside the executive branch that are central to presidential policy making, attempts to lead the public and Congress, presidential decision making and administration, or implementation of policies in the executive branch, a topic that has received limited attention in the literature on the presidency. *Evaluating American Democracy and Public Policymaking* William D. Schreckhise, 2018-03-02 Lurking in the back of the minds of many students of American government is the question: How well does the American political system work? This book examines this in a way that is broad in approach and accessible to readers. Such an ambitious examination of the effectiveness of the American policymaking system leads to one inescapable question: how can you measure effectiveness? The answer taken in this book is to employ a number of different criteria. These criteria include the public's attitudes towards the institutions of government, the degree in which all participate equally in political activities, the level of which public policy is responsive to public opinion, the ability of the actors in the process to create effective public policy, the extent the political system imposes costs and benefits on us equally regardless of our economic condition, race, gender, or age. In doing so, this book ties together and expands upon numerous scholarly studies conducted on American public policymaking and uses David Truman's Systems Model as a conceptual guide. Because of the large amount of data presented, the book will also serve as a reference source for others conducting research on American public policy.

The Enigmatic Realm of **Presidential Popularity In America**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Presidential Popularity In America** a literary masterpiece penned by way of a renowned author, readers embark on a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of people who partake in its reading experience.

Presidential Popularity In America Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Presidential Popularity In America free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Presidential Popularity In America free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Presidential Popularity In America free PDF files is

convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Presidential Popularity In America. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Presidential Popularity In America any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Presidential Popularity In America Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Presidential Popularity In America is one of the best book in our library for free trial. We provide copy of Presidential Popularity In America in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Presidential Popularity In America. Where to download Presidential Popularity In America online for free? Are you looking for Presidential Popularity In America PDF? This is definitely going to save you time and cash in something you should think about.
