

Presidential Power

Richard E. Neustadt

Presidential Power:

Presidential Power and the Modern Presidents Richard E. Neustadt, 1991-03 This is a revised edition of *Presidential Power* 1980 which was originally published by Wiley in 1960 Annotation copyrighted by Book News Inc Portland OR

Presidential Power and the Constitution Edward Samuel Corwin, 1976 The distinguished constitutional expert reviews key issues and factors pertaining to the evolution of the dominant Presidency and to the consequences for the United States constitutional government

Presidential Powers Harold J Krent, 2005-02-01 Framed in Article II of the Constitution presidential powers are dictated today by judicial as well as historical precedent To understand the ways the president wields power as well as how this power is kept in check by other branches of government Harold J Krent presents three overlapping determinants of the president's role under the Constitution the need for presidential initiative in administering the law and providing foreign policy leadership the importance of maintaining congressional control over policymaking and the imperative to ensure that the president be accountable to the public Krent's examination is sweeping ranging from the president's ability to appoint and remove executive branch officials to the president's role in proposing and implementing treaties and the power to conduct war to the extent the president can refuse to turn over information in response to congressional and judicial requests Finally Krent addresses the history and purposes of presidential pardons By drawing on historic and contemporary presidential actions to illustrate his points Krent reminds us that the president is both an exalted leader with the regalia of power and an American who is and should be accountable to fellow citizens important

considerations as we elect and assess our presidents

The Presidency and Public Policy Robert Spitzer, 2012-10-26

Revision of the author's thesis Ph D Cornell University

Presidential Power Robert Y. Shapiro, Martha Joynt

Kumar, Lawrence R. Jacobs, 2000-08-31 Richard Neustadt's seminal work *Presidential Power The Politics of Leadership* has endured for nearly four decades as the core of academic study of the American presidency Now building on and challenging many of the arguments in Neustadt's work *Presidential Power Forging the Presidency for the Twenty first Century* offers reflections and implications from what we have learned about presidential power as the new century dawns These essays including a new contribution by Neustadt himself forge a solid reexamination of Neustadt's *Presidential Power* that address questions raised but not resolved by his work A notable aspect of this volume's analysis is the transformed institution of the presidency in the wake of the impeachment hearings of the country's last twentieth century president Bill Clinton From the portrayal of presidents as persuaders to the politics of presidential transitions each of the constituent essays in this volume provides an engaging look at the state of the American presidency

[Presidential Power](#) John P. Burke, 2018-05-04

Presidential power is perhaps one of the most central issues in the study of the American presidency Since Richard E Neustadt's classic study first published in 1960 there has not been a book that thoroughly examines the issue of presidential power *Presidential Power Theories and Dilemmas* by noted scholar John P Burke provides an updated and comprehensive

look at the issues constraints and exercise of presidential power This book considers the enduring question of how presidents can effectively exercise power within our system of shared powers by examining major tools and theories of presidential power including Neustadt's theory of persuasion and bargaining as power constitutional and inherent powers Samuel Kernell's theory of going public models of historical time and the notion of internal time Using illustrative examples from historical and contemporary presidencies Burke helps students and scholars better understand how presidents can manage the public's expectations navigate presidential congressional relations and exercise influence in order to achieve their policy goals

Presidential Power Matthew A. Crenson, Benjamin Ginsberg, 2007 This book explores how American presidents especially those of the past three decades have increased the power of the presidency at the expense of democracy

Emergency Presidential Power Chris Edelson, 2013-12-19 Can a U S president decide to hold suspected terrorists indefinitely without charges or secretly monitor telephone conversations and e mails without a warrant in the interest of national security Was the George W Bush administration justified in authorizing waterboarding Was President Obama justified in ordering the killing without trial or hearing of a U S citizen suspected of terrorist activity Defining the scope and limits of emergency presidential power might seem easy just turn to Article II of the Constitution But as Chris Edelson shows the reality is complicated In times of crisis presidents have frequently staked out claims to broad national security power Ultimately it is up to the Congress the courts and the people to decide whether presidents are acting appropriately or have gone too far Drawing on excerpts from the U S Constitution Supreme Court opinions Department of Justice memos and other primary documents Edelson weighs the various arguments that presidents have used to justify the expansive use of executive power in times of crisis *Emergency Presidential Power* uses the historical record to evaluate and analyze presidential actions before and after the terrorist attacks of September 11 2001 The choices of the twenty first century Edelson concludes have pushed the boundaries of emergency presidential power in ways that may provide dangerous precedents for current and future commanders in chief Winner Crader Family Book Prize in American Values Department of History and Crader Family Endowment for American Values Southeast Missouri State University

Presidential Power Anita Croy, 2019-07-15 The ability to have free and open debates about the government is an essential part of a healthy democracy Readers are encouraged to find their own voice in these debates as they're introduced to the varying viewpoints surrounding the issue of presidential power The main text helps readers back up their point of view with facts and sidebars highlight the views of experts on this controversial issue Discussion questions help readers strengthen their point of view and exciting visual elements including full color photographs and graphic organizers enhance this essential critical thinking exercise

Presidential Power Brian M. Harward, 2016-03-07 This volume uses essential and illuminating primary documents as a portal for understanding the evolution and present parameters of presidential power the relationship between America's three branches of government and why wartime often leads presidents to claim expansive powers and authority *Presidential*

Power Documents Decoded provides a thorough examination of the historical and political context of key critical moments in constitutional history and presidential power that makes possible opportunities for students to explore American politics in an interesting memorable and dynamic way Each of the case studies reveals important dimensions of the constitutional order in the United States and enables readers to better grasp how executive power has shifted and expanded The book takes specific events people institutions or ideas and places them in a broader context so that readers can observe patterns and make connections among seemingly disparate happenings and concepts relating to executive power Accompanied by explanatory sidebars the included primary sources let students examine actual documentary evidence of key elements of executive power for example the presidential memorandum the National Security cable and the prisoner s petition and reach their own judgment of the implications of that document for the American political system

Presidential Power in Action D. Wheeler, 2016-04-30 This book examines how Supreme Court detainee cases have been implemented with emphasis on the role of the president concluding that an active executive branch has the ability to shape the manner in which judicial decisions are implemented and exploring why presidents have more influence than Congress and the courts

Presidential Power in Latin America Dan Berbecel, 2021-12-23 What explains variance in presidential power between countries In Presidential Power in Latin America Dan Berbecel provides a general systematic theory for explaining presidential power in practice as opposed to presidential power in theory Using expert survey data from Varieties of Democracy V Dem alongside interviews with high level figures in politics the judiciary the public administration NGOs and academia in Argentina and Chile Berbecel argues that constitutional presidential power formal power is a very poor predictor of presidential power in practice informal power Given the poor predictive value of formal rules he provides an explanation why hyperpresidentialism emerges in some countries but not in others Berbecel attributes the root causes of hyperpresidentialism to three independent variables the strength of state institutions the size of the president s party in congress and whether or not the country has a history of economic crises which together determine how likely it is that a president will be able to concentrate power Presidential Power in Latin America will be of key interest to scholars and students of executive politics Latin American politics and more broadly comparative politics

Presidential Power and Accountability Bruce Buchanan, 2013 Annotation Many analysts now believe that the growth of presidential war power relative to Congress is irreversible This book contests that view Buchanan focuses on diagnosing the origins of the problem and devising practical ways to work toward restoration of the constitutional balance of power between Congress and the president

The Enigma of Presidential Power Fang-Yi Chiou, Lawrence S. Rothenberg, 2017-04-18 Presidents are more constrained in exercising unilateral actions than before This book asks when does unilateral action correspond to presidential power

Presidential Power, Rhetoric, and the Terror Wars Alexander Hiland, 2019-10-21 Presidential Power Rhetoric and the Terror Wars The Sovereign Presidency argues that the War on Terror provided an opportunity to fundamentally

change the presidency Alexander Hiland analyzes the documents used to exercise presidential powers including executive orders signing statements and presidential policy directives Treating these documents as genres of speech act that are ideologically motivated Hiland provides a rhetorical criticism that illuminates the values and political convictions at play in these documents This book reveals how both President George W Bush and President Barack Obama wielded the personal power of the office to dramatically expand the power of the executive branch During the War on Terror the presidency shifted from an imperial form that avoided checks and balances to a sovereign presidency where the executive branch had the ability to decide whether those checks and balances existed As a result Hiland argues that this shift to the sovereign presidency enabled the violation of human rights myriad policy mistakes and the degradation of democracy within the United States

Constitutional Ambiguity and the Interpretation of Presidential Power Richard W. Waterman, 2025-02-01 Examines the role of constitutional ambiguity across the entire spectrum of American history and how it impacts our interpretation of presidential power While the rise of autocratic presidential powers has been widely noted by scholars in recent years with calls by some for a stronger or more accountable presidency Constitutional Ambiguity and the Interpretation of Presidential Power is among the first entirely dedicated to a study of the impact of this ambiguity on how scholars judges and presidents have understood executive power Embarking on a detailed examination of legal historical and political science literature across the broad scope of American history Richard W Waterman examines the concerns of the Constitution s Framers regarding the fear of monarchy and a tyrannical president He then discusses the writing and ratification of the Constitution and by drawing on insights from the time of the Framers to the present day he provides a unique historical timeline related to the discussion and analysis of constitutional ambiguity Over the course of several chapters he finds that no sole theory defines presidential power and ambiguity rules the day allowing presidents to find power in the Constitution s silences as well as its various nooks and crannies which has led to the very real danger of an autocratic presidency

Television and Presidential Power in Putin's Russia Tina Burrett, 2010-12-14 As a new president takes power in Russia this book provides an analysis of the changing relationship between control of Russian television media and presidential power during the tenure of President Vladimir Putin It argues that the conflicts within Russia s political and economic elites and President Putin s attempts to rebuild the Russian state after its fragmentation during the Yeltsin administration are the most significant causes of changes in Russian media Tina Burrett demonstrates that President Putin sought to increase state control over television as part of a larger programme aimed at strengthening the power of the state and the position of the presidency at its apex and that such control over the media was instrumental to the success of the president s wider systemic changes that have redefined the Russian polity The book also highlights the ways in which oligarchic media owners in Russia used television for their own political purposes and that media manipulation was not the exclusive preserve of the Kremlin but a common pattern of behaviour in elite struggles in the post Soviet era Basing its

analysis predominately on interviews with key players in the Moscow media and political elites and on secondary sources drawn from the Russian and Western media the book examines broad themes that have been the subject of constant media interest and have relevance beyond the confines of Russian politics *Guantanamo and the Abuse of Presidential Power* Joseph Margulies, 2007-07-03 Weaving together firsthand accounts of military personnel who witnessed the interrogations with the words of the prisoners themselves Margulies exposes the chilling reality of Guantanamo Bay *Military Tribunals and Presidential Power* Louis Fisher, 2005 Offers coverage of wartime extra legal courts Focusing on those periods when the Constitution and civil liberties have been most severely tested by threats to national security Fisher critiques tribunals called during the presidencies of Washington Madison Jackson Lincoln Andrew Johnson Wilson Franklin Roosevelt and Truman

American Presidential Power and the War on Terror: Does the Constitution Matter? Justin DePlato, 2015-09-01 This book examines the use of presidential power during the War on Terror Justin DePlato joins the debate on whether the Constitution matters in determining how each branch of the federal government should use its power to combat the War on Terror The actions and words of Presidents George W Bush and Barack Obama are examined DePlato s findings support the theory that executives use their own prerogative in determining what emergency powers are and how to use them According to DePlato the Presidents argue that their powers are implied in Article II of the Constitution not expressed This conclusion renders the Constitution meaningless in times of crisis The author reveals that Presidents are becoming increasingly cavalier and that the nation should consider adopting an amendment to the Constitution to proffer expressed executive emergency powers

Embark on a transformative journey with Written by is captivating work, **Presidential Power** . Presidential Power Introduction

In the digital age, access to information has become easier than ever before. The ability to download Presidential Power has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Presidential Power has opened up a world of possibilities. Downloading Presidential Power provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Presidential Power has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Presidential Power. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Presidential Power. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Presidential Power, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Presidential Power has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Presidential Power Books

1. Where can I buy Presidential Power books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Presidential Power book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Presidential Power books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Presidential Power audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Presidential Power books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
