Presidential Primaries And The Dynamics Of Public Choice:

Presidential Primaries and the Dynamics of Public Choice Larry M. Bartels, 2020-12-08 An illuminating look at how national political parties nominate presidential candidates This innovative study blends sophisticated statistical analyses campaign anecdotes and penetrating political insight to produce a fascinating exploration of one of America's most controversial political institutions the process by which our major parties nominate candidates for the presidency Larry Bartels focuses on the nature and impact of momentum in the contemporary nominating system He describes the complex interconnections among primary election results expectations and subsequent primary results that have made it possible for candidates like Jimmy Carter George Bush and Gary Hart to emerge from relative obscurity into political prominence in nominating campaigns In the course of his analysis he addresses questions central to any understanding or evaluation of the modern nominating process How do fundamental political predispositions influence the behavior of primary voters How quickly does the public learn about new candidates Under what circumstances will primary success itself generate subsequent primary success And what are the psychological processes underlying this dynamic tendency Bartels examines the likely consequences of some proposed alternatives to the nominating process including a regional primary system and a one day national primary Thus the work will be of interest to political activists would be reformers and interested observers of the American political scene as well as to students of public opinion voting behavior the news media campaigns and electoral institutions

Presidential Primaries and the Dynamics of Public Choice Larry M. Bartels, 1988-05-21 An illuminating look at how national political parties nominate presidential candidates This innovative study blends sophisticated statistical analyses campaign anecdotes and penetrating political insight to produce a fascinating exploration of one of America's most controversial political institutions the process by which our major parties nominate candidates for the presidency Larry Bartels focuses on the nature and impact of momentum in the contemporary nominating system He describes the complex interconnections among primary election results expectations and subsequent primary results that have made it possible for candidates like Jimmy Carter George Bush and Gary Hart to emerge from relative obscurity into political prominence in nominating campaigns In the course of his analysis he addresses questions central to any understanding or evaluation of the modern nominating process How do fundamental political predispositions influence the behavior of primary voters How quickly does the public learn about new candidates Under what circumstances will primary success itself generate subsequent primary success And what are the psychological processes underlying this dynamic tendency Bartels examines the likely consequences of some proposed alternatives to the nominating process including a regional primary system and a one day national primary Thus the work will be of interest to political activists would be reformers and interested observers of the American political scene as well as to students of public opinion voting behavior the news media campaigns and electoral institutions

Presidential Primaries and the Dynamics of Public Choice

Larry Martin Bartels, 1985 This innovative study blends sophisticated statistical analyses campaign anecdotes and penetrating political insight to produce a fascinating exploration of one of America's most controversial political institutions the process by which our major parties nominate candidates for the presidency Larry Bartels focuses on the nature and impact of momentum in the contemporary nominating system He describes the complex interconnections among primary election results expectations and subsequent primary results that have made it possible for candidates like Jimmy Carter George Bush and Gary Hart to emerge from relative obscurity into political prominence in recent nominating campaigns In the course of his analysis he addresses questions central to any understanding or evaluation of the modern nominating process How do fundamental political predispositions influence the behavior of primary voters How quickly does the public learn about new candidates Under what circumstances will primary success itself generate subsequent primary success And what are the psychological processes underlying this dynamic tendency Professor Bartels examines the likely consequences of some proposed alternatives to the current nominating process including a regional primary system and a one day national primary Thus the work will be of interest to political activists would be reformers and interested observers of the American political scene as well as to students of public opinion voting behavior the news media campaigns and electoral institutions

Communication in the Presidential Primaries Kathleen E. Kendall, 2000-01-30 In a comparison of communication in the U.S. presidential primaries of the twentieth century Kendall examines the role of the candidates and the media during the period of primary elections Drawing upon information from a broad array of sources Kendall uncovers communication patterns that transcend time regarding political image horse race coverage and negative campaigning She takes a strong communication perspective arguing that the verbal context of the presidential primaries is an important factor overlooked in traditional studies Topics covered include the effect of party rules on communication the role of speeches and debates the role of political advertising and the media's construction of the primaries in the pre television era and the age of television Kendall examines the 1996 primaries in light of patterns discovered in earlier years and she makes predictions and recommendations regarding the 2000 primaries With its century wide scope and the variety of research methods used the book will be of considerable value to researchers scholars journalists and students involved with political communication and American presidential elections

New Directions in the American Presidency Lori Cox Han, 2023-02-21 The third edition of *New Directions in the American Presidency* provides important updates on all topics throughout the text including new and relevant literature across the subfield of presidency studies within political science Significant changes have occurred within the political environment since the publication of the second edition Many scholars refer to the Trump presidency as a disruption to the political order and each chapter will assess the lessons and legacies of the Trump years and analyze how the Biden presidency is faring in the return to a more traditional style of presidential leadership New to the Third Edition Updated chapter on the 2020 presidential campaign and aftermath Assessment of the Trump years Presidential

powers and management of executive branch use of social media relationship with Congress relationship with political parties public opinion domestic and foreign policy Supreme Court appointments Two new chapters unitary powers and intersectionality and the presidency

Public Opinion and Polling around the World John G. Geer, 2004-07-21 Covering the intricate facets of America's most important democratic tradition this book serves as an important resource to understand how citizens' views are translated into governmental action *Public Opinion and Polling around the World* presents a thorough review of public opinion from its roots in colonial America to its role in today's emerging democracies More than 100 entries prepared by top scholars examine the 200 year history of public opinion measurement methodologies with an emphasis on telephone interviews and Internet polls and key figures like George Gallup and Elmo Roper who created their own polling systems An analysis of theories compares schools of thought from the fields of psychology sociology and economics and explores how people form opinions A fascinating snapshot of the public's current views on economic issues foreign policy gender gay rights and other hot button topics observes patterns across genders race ethnic origins class and religion in regions all over the world Students academicians and political observers will discover answers to such questions as does public opinion shape the behavior of government

Political Behavior of the American Electorate Elizabeth A. Theiss-Morse, Michael W. Wagner, 2021-12-21 The 2020 elections took place under intense political polarization uncertain economic conditions a global pandemic and social unrest *Political Behavior of the American Electorate* Fifteenth Edition attempts to answer your questions around the above topics by interpreting data from the most recent American National Election Study to provide a thorough analysis of the 2020 elections and the current American political behavior Authors Elizabeth Theiss-Morse and Michael Wagner continue the tradition of Flanigan and Zingales to illustrate and document trends in American political behavior with the best longitudinal data available The authors also put these trends in context by focusing on the major concepts and characteristics that shape Americans' responses to politics In the completely revised Fifteenth Edition readers will explore support and opposition to the Black Lives Matter movement discuss post election attitudes about the January 6th attempted coup examine misinformation and the beliefs in QAnon and dissect reports on public assessments of President Trump's handling of the COVID-19 pandemic

Encyclopedia of U.S. Campaigns, Elections, and Electoral Behavior Kenneth F. Warren, 2008-04-04 Overall a first rate resource and yes pleasantly readable School Library Journal The *Encyclopedia of U.S. Campaigns Elections and Electoral Behavior* covers virtually everything one would want to know about American political campaigns With more than 450 entries these two comprehensive volumes present a significant array of topics of campaigns elections and electoral behavior The encyclopedia's diverse content shows that although the subject matter of campaigns elections and electoral behavior is inherently related each topic has a distinct focus Key Features Presents topics in a straightforward easy to understand manner intentionally avoiding unnecessary technical language Includes entries written by electoral behavior scholars from around the country Focuses on American

campaigns elections and electoral behavior but also provides a culturally and politically diverse perspective of American democratic practices and institutions Offers a rich campaign history by looking at many colorful candidates corrupt yet intriguing political machines rapidly changing technologies campaign organizations and strategies Provides a description and scholarly analysis for all presidential elections including state and general elections Presents and simplifies complicated election laws that govern federal state and local elections Examines various efforts throughout the decades to reform elections especially from social upheaval and the resulting political realignments Includes extensive electoral research into the development of political opinions attitudes and ideologies in American voters Key Themes Ballot Issue Campaigns Campaigns Elections and the Law Corruption in American Campaigns and Elections Electoral Behavior of Various Groups Local Campaigns and Elections Media s Role in American Campaigns and Elections People Political Parties Interest Groups and American Campaigns and Elections Political Theory and Democratic Elections in America Polls Public Opinion and Campaigns and Elections Presidential Campaigns and Elections Reforming American Campaigns and Elections Running Political Campaigns Management Organization and Strategies Social and Psychological Dynamics of Electoral Behavior State and Congressional Campaigns and Elections History and State Profiles The Encyclopedia of U S Campaigns Elections and Electoral Behavior is an especially useful reference published to coincide with the 2008 presidential election This informative yet intriguing resource is a welcome addition to any academic or public library

Congressional Primary Elections

Robert G. Boatright, 2014-08-21 Congressional primaries are increasingly being blamed for polarization and gridlock in Congress Most American states adopted congressional primaries during the first decades of the 20th century as a means of breaking the hold of political bosses on the nomination of candidates Yet now many contend that primaries have become a means by which the most dedicated party activists choose candidates unrepresentative of the electorate and so general election voters are forced to choose between two ideologically extreme candidates Consequently there have been recent instances in both parties where nominees were chosen who were clearly not preferred by party leaders and who arguably lost elections that their parties should have won This book is the first to focus solely upon congressional primary elections and to do so for a student readership Boatright organizes his text around the contention that there are important differences between types of primaries and these differences prevent us from making blanket statements about primary competition He focuses on explanations of two sources of difference differences in electoral structure and differences brought about by the presence or absence of an incumbent seeking reelection The first three chapters introduce these differences explore how they came to exist and outline some of the strategic considerations for candidates parties interest groups and voters in primary elections The subsequent four chapters explore different types of primary elections and the final chapter evaluates actual and proposed primary reforms Congressional Primary Elections is the first book to provide a history and analysis of congressional primary elections and will serve as a crucial part of courses on political parties and campaigns and elections

The book gives students the tools for understanding arguments for and against the reform of primary elections and for understanding the differences between types of primaries

American Presidential Campaigns and Elections William G. Shade, Ballard C. Campbell, 2020-06-30 Presidential campaigns and elections provide the drama and substance of America's democratic process. As democracy in action, they punctuate our nation's history in precise intervals, capturing the issues, the ideas, and the mood of the nation every four years. Every campaign follows a similar format: candidates jockey for selection; nominations are made; candidates and party leaders hit the trail; and voters render their decision on Election Day. Yet despite this familiar process, every campaign is unique, featuring colorful personalities and unexpected events. This fully illustrated reference is packed with facts and information on every campaign from the election of 1788-89 through the hotly contested election of 2000. Each entry traces in detail the background and results of the election, provides biographical information on every presidential and vice presidential candidate, and offers state-by-state tallies of every election. The set also features hundreds of rarely seen documents associated with the campaigns.

Researching the Presidency George C. Edwards, John H. Kessel, Bert A. Rockman, 1993-02-15 This collection brings together two groups of scholars. The first, persons active in presidential research, assess the state of the literature in the recruitment and selection of presidential candidates, presidential personality, advisory networks, policy-making, evaluations of presidents, and comparative analysis of chief executives. A second group of scholars, specialists in cognitive psychology, formal theory, organization theory, leadership theory, institutionalism, and methodology, apply their expertise to the analysis of the presidency in an effort to generate innovative approaches to presidential research. By taking a fresh look at a well-established field, these groundbreaking essays encourage scholars to renew their emphasis on explanation in research.

Battle for the Heart of Texas Mark Owens, Ken Wink, Kenneth Bryant, 2022-08-11 Texas is a solid red state. Or trending purple. Or soon to be blue. One thing is certain: as Texas looms ever larger in national politics, the makeup of its electorate increasingly matters. At a critical moment, as migration, immigration, and a maturing populace alter the state's political landscape, this book presents a deeply researched, data-rich look at who Texas voters are, what they want, and what it might mean for the future of the Republican and Democratic parties, the state, and the nation. *Battle for the Heart of Texas* goes beyond the pronouncements of leaders and pundits to reveal voters' nuanced opinions about the 2020 Democratic primary, candidates' state and national responses to the COVID-19 pandemic, and issues such as immigration and gun policy. Working with an unprecedented cache of polling figures and qualitative data from surveys and focus groups, the product of a cooperative effort between the Dallas Morning News and The University of Texas at Tyler, Mark Owens, Kenneth A. Wink, and Kenneth Bryant Jr. provide an in-depth examination of what is reshaping voter preferences across Texas, including the partisan impact of the urbanization and nationalization of state politics. Their analyses pinpoint the influence of race, media exposure, ideological diversity within the parties, and geographic variation across the state, detailing how Texas politics has changed over time. Race may not have typically defined Texas.

politics for instance but the authors find that rhetoric on policies related to race are now shaping the electorate The diversity in civic engagement among the Latino community also emerges from the data compounded and complicated by the growth of the Latino population of voting age The largest red state in the country with the second largest population Texas is crucial to the way we think about political change in America and this book amply and precisely equips us to understand the bellwether state s changing politics

A Citizen's Guide to Presidential Nominations Wayne P. Steger, 2015-04-10 Presidential nominations in the United States can sometimes seem like a media circus over hyped and overly speculative Even informed citizens might be tempted to tune them out Yet understanding the process one distinct to American politics is crucial for civic participation If presidential elections are about who will lead the nation presidential nominations are about who appears on the ballot This concise and coherent Citizen s Guide examines who has power in presidential nominations and how this affects who we as citizens choose to nominate and ultimately to sit in the Oval Office Political scientist Wayne Steger defines the nominating system as a tension between an insider game and an outsider game He explains how candidates must appeal to a broad spectrum of elected and party officials political activists and aligned groups in order to form a winning coalition within their party which changes over time Either these party insiders unify early behind a candidate effectively deciding the nominee before anyone casts a vote or they are divided and the nomination is determined by citizens voting in the caucuses and primaries Steger portrays how shifts in party unity and the participation of core party constituencies affect the options presented to voters Amidst all this the candidate still matters Primaries with one strong candidate look much different than those with a field of weaker ones By clearly addressing the key issues past and present of presidential nominations Steger s guide will be informative relevant and accessible for students and general readers alike

Learning by Voting Rebecca B. Morton, Kenneth C. Williams, 2001 Does the sequence of presidential primaries affect the choices voters make

Impersonal Influence Diana C. Mutz, 1998-11-28 People s perceptions of the attitudes and experiences of mass collectives are an increasingly important force in contemporary political life In *Impersonal Influence* Mutz goes beyond simply providing examples of how impersonal influence matters in the political process to provide a micro level understanding of why information about distant and impersonal others often influence people s political attitudes and behaviors *Impersonal Influence* is worthy of attention both from the standpoint of its impact on contemporary politics and because of its potential to expand the boundaries of our understanding of social influence processes and media s relation to them The book s conclusions do not exonerate media from the effects of inaccurate portrayals of collective experience or opinion but they suggest that the ways in which people are influenced by these perceptions are in themselves not so much deleterious to democracy as absolutely necessary to promoting accountability in a large scale society

American Political Culture Michael Shally-Jensen, Mark J. Rozell, Ted G. Jelen, 2015-04-28 This all encompassing encyclopedia provides a broad perspective on U S politics culture and society but also goes beyond the facts to consider the myths ideals and values that

help shape and define the nation Demonstrating that political culture is equally rooted in public events internal debates and historical experiences this unique three volume encyclopedia examines an exceptionally broad range of factors shaping modern American politics including popular belief political action and the institutions of power and authority Readers will see how political culture is shaped by the attitudes opinions and behaviors of Americans and how it affects those things in return The set also addresses the issue of American exceptionalism and examines the nation s place in the world both historically and in the 21st century Essays cover pressing matters like congressional gridlock energy policy abortion politics campaign finance Supreme Court rulings immigration crime and punishment and globalization Social and cultural issues such as religion war inequality and privacy rights are discussed as well Perhaps most intriguingly the encyclopedia surveys the fierce ongoing debate between different political camps over the nation s historical development its present identity and its future course By exploring both fact and mythology the work will enable students to form a broad yet nuanced understanding of the full range of forces and issues affecting and affected by the political process

Nominating the President

Jack Citrin,David Karol,2009 The 2008 presidential nominations were unprecedented in many ways Marking another step in the democratization of the selection process and a surprising loss of control by party elites the contests in both parties were unusually competitive and the outcomes belied the predictions of experts This book offers a fresh look at the role of parties the constraints of campaign finance the status of front runners and the significance of rules race and gender in the post reform era In this volume leading scholars assess the state of the process with original research about money scheduling superdelegates and the role of race and gender in voting Original analyses show how changes in campaign finance and the scheduling of primaries and caucuses helped determined the outcomes in both parties Race once thought of as a handicap proved an asset for the Obama campaign 2008 marked another milestone in the democratization of the nominations process with expanded participation by rank and file voters in donating money voting and using the Internet This timely book provides a glimpse into the future of party nominations and elections

Election Studies

Elihu Katz,Yael Warshel,2018-03-05 Academic studies of elections are not in the business of predicting outcomes They are in the business of explaining them The best studies treat voting data as raw material with which to explore socio psychological processes such as individual decision making and such sources of influence as issues personality media socio economic background and party loyalty The ebb and flow of ideologies and the comparative workings of different political systems are core topics on which election studies shed light Looking back on more than fifty years of voting research some of its major practitioners and critics reflect here on what has and has not been accomplished

Controversial Issues in Presidential Selection

Gary L. Rose,1991-01-01 This book presents an examination of ten major and controversial issues directly affecting the American presidential selection process These issues are addressed in a point counterpoint format to promote lively discussion and scholarly debate The Introduction argues that the modern process of presidential selection has evolved to a point of crisis

and that collapse appears imminent while the Conclusion endorses a proposal that may serve as the first step toward improving the process The entire process of presidential selection is included here the nominating phase the convention phase and the general election phase **A Telescope on Society** James S. House, 2004-04-12 DIVMaps the development of social science in the twentieth century through the instrument of survey research div

Presidential Primaries And The Dynamics Of Public Choice Introduction

In the digital age, access to information has become easier than ever before. The ability to download Presidential Primaries And The Dynamics Of Public Choice has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Presidential Primaries And The Dynamics Of Public Choice has opened up a world of possibilities. Downloading Presidential Primaries And The Dynamics Of Public Choice provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Presidential Primaries And The Dynamics Of Public Choice has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Presidential Primaries And The Dynamics Of Public Choice. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Presidential Primaries And The Dynamics Of Public Choice. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Presidential Primaries And The Dynamics Of Public Choice, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Presidential Primaries And The Dynamics Of Public Choice has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous

learning and intellectual growth.

FAQs About Presidential Primaries And The Dynamics Of Public Choice Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Presidential Primaries And The Dynamics Of Public Choice is one of the best book in our library for free trial. We provide copy of Presidential Primaries And The Dynamics Of Public Choice in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Presidential Primaries And The Dynamics Of Public Choice. Where to download Presidential Primaries And The Dynamics Of Public Choice online for free? Are you looking for Presidential Primaries And The Dynamics Of Public Choice PDF? This is definitely going to save you time and cash in something you should think about.
