Famous Felines David Alderton, 2019-02-20 A delightful historical survey of cats in popular culture. Louis Wain and Beatrix Potter adored them but Walt Disney preferred dogs. Cats have been depicted in art, books, and more recently film and TV as lovable but determined creatures. Where the dog is loving but stupid, the cat is clever but sly. Bestselling author David Alderton explores this myth and reveals just who the most famous cats are, including cartoon classics such as Top Cat, Felix, and the dastardly Si and Am from 101 Dalmatians. Using collectible memorabilia and original book covers, this charming book is a purrfect stocking filler along with its doggyish counterpart *Famous Dogs* by Fiona Shoop, ideal packaged together. *The Daredevil Book for Cats* Nick Griffiths, 2012-10-10 Have you ever tried working out what goes on in the mind of a cat? Cats are an enigma within a mystery, wrapped up in a glossy coat and curled up by the fire. But *The Daredevil Book for Cats* is here to spill the beans. Companion volume to *The Daredevil Book for Dogs* and no more sensible than that, it's a promise. The Horizontal Society Lawrence Meir Friedman, 1999-01-01 This book argues that modern technology has radically and irretrievably altered our sense of identity and hence our social, political, and legal life. In traditional societies, relationships and identities were strongly vertical; there was a clear line of authority from top to bottom, and identity was fixed by one's birth or social position. But in modern society, identity and authority have become much more horizontal; people feel freer to choose who they are and to form relationships on a plane of equality. The author examines how modern life centers on human identity seen in terms of race, gender, ethnicity, and religion, and how this new way of defining oneself affects politics, social structure, and the law. He claims that our horizontal society is the product of the mass media, in particular television, which breaks down the isolation of traditional life and allows individuals to connect with like-minded others across barriers of space and time. As horizontal

groups blossom loyalties and allegiances to smaller groups fragment what seemed to be the unity of the larger nation In addition the media s ability to spread a global mass culture causes a breakdown of cultural isolation that leads to more immigration and heavy pressure on the laws and institutions of citizenship and immigration *Cat Lover's Daily Companion* Kristen Hampshire,Iris Bass,Lori Paximadis,2011-09 DIVCat Lover s Daily Companion is a unique easy to use and inspiring handbook filled with a year s worth of insight helpful tips and practical advice into the feline human relationship for all cat lovers and owners Whether you re a cat owner yourself or someone who just loves all things cat this book will provide you with a lifetime s worth of ways to enjoy and appreciate cats whether or not you have a house full of cats or just a shelf full of books The format of the book a year long day minder type book is not meant to be read cover to cover rather the book can fall open on any given day and still serve its designated purpose Cat Lover s Daily Companion will be completely indexed so readers in search of specific content not just dabbling will be able to navigate it div *Cat Tales* Tom McCarthy,2023-09-08 Rich in domestic history and detail Cat Tales entertains enlightens and amuses These are enduring stories that have passed the test of time and have attracted generations of readers They are custom made for the imaginative reader who seeks feline adventure ensconced in his or her favorite reading chair by the fire curled up with a purring cat
