healing remedies This work imparts the lore of ages along with the traditional Crow philosophy of healing and detailed practical advice for finding and harvesting plants *Street-Gang and Tribal-Warrior Autobiographies* H. David Brumble, 2018-04-10 *Street Gang and Tribal Warrior Autobiographies* is a study of the autobiographies of tribal warrior cultures in North America the Amazon the Orinoco Basin the highlands of Luzon the island of Alor of headhunters women Apaches New Guinea big men and a Yanomami captive The book also discusses tribal warrior autobiographies closer to home Colton Simpson s *Inside the Crips* Mona Ruiz s *Two Badges* Nathan McCall s *Makes Me Wanna Holler* and Sanyika Shakur s *Monster* autobiographies that remember gangbanging at a time when there were close to 500 gang related homicides a year in Los Angeles a time when gangbangers were so alienated from the larger society that they reinvented something very similar to the tribal warrior cultures right in the asphalt heart of American cities Grisly probing and resonant with the voices of generations of fighters *Street Gang and Tribal Warrior Autobiographies* is an unsettling work of cross disciplinary scholarship *Native Nations* Kathleen DuVal, 2024-04-09 PULITZER PRIZE WINNER A magisterial overview of a thousand years of Native American history *The New York Review of Books* from the rise of ancient cities more than a thousand years ago to fights for sovereignty that continue today WINNER OF THE BANCROFT PRIZE THE CUNDILL HISTORY PRIZE AND THE MARK LYNTON HISTORY PRIZE Long before the colonization of North America Indigenous Americans built diverse civilizations and adapted to a changing world in ways that reverberated globally And as award winning historian Kathleen DuVal vividly recounts when Europeans did arrive no civilization came to a halt because of a few wandering explorers even when the strangers came well armed A millennium ago North American cities rivaled urban centers around the world in size Then following a period of climate change and instability numerous smaller nations emerged moving away from rather than toward urbanization From this urban past egalitarian government structures diplomacy and complex economies spread across North America So when Europeans showed up in the sixteenth century they encountered societies they did not understand those having developed differently from their own and whose power they often underestimated For centuries afterward Indigenous people maintained an upper hand and used Europeans in pursuit of their own interests In *Native Nations* we see how Mohawks closely controlled trade with the Dutch and influenced global markets and how Quapaws manipulated French colonists Power dynamics shifted after the American Revolution but Indigenous people continued to command much of the continent s land and resources Shawnee brothers Tecumseh and Tenskwatawa forged new alliances and encouraged a controversial new definition of Native identity to attempt to wall off U S ambitions The Cherokees created institutions to assert their sovereignty on the global stage and the Kiowas used their power in the west to regulate the passage of white settlers across their territory In this important addition to the growing tradition of North American history centered on Indigenous nations Kathleen DuVal shows how the definitions of power and means of exerting it shifted over time but the sovereignty and influence of Native peoples remained a constant and will continue far into the future An
