Prevention Of Alcohol Abuse:

Prevention of Alcohol Abuse Peter M. Miller, Ted D. Nirenberg, 2012-12-06 The abuse of alcohol presents a major health problem throughout the world Until recently both clinical and research efforts have been geared toward treatment and rehabilitation of alcoholism With the growing number of problem drinkers entering treatment the need for a better understanding of the prevention of alcohol abuse has become increasingly evident Although still in its infancy the field of alcoholism prevention is growing at a rapid rate Increasing numbers of behavioral scientists throughout the world are conducting or planning prevention projects Policy planners school administrators military agencies community groups state and local alcoholism agencies and industries are initiating alcohol abuse prevention programs with fervor Legislators at all levels of government are also developing a keen interest in legislation aimed at reducing the extent of problem drinking This book represents one of the first systematic attempts to compile a comprehensive text on the prevention of alcohol abuse Many of the contributors to Prevention of Alcohol Abuse have international reputations that strengthen their understanding of the complex nature of prevention By providing a critical review of the current knowledge about prevention the text will serve to stimulate and lay the groundwork for further prevention efforts We thank all of the chapter authors for their excellent contributions It is through their efforts that the field will thrive Our appreciation also is expressed to Leonard Pace formerly of Plenum Press for his encouragement and helpful comments in the development of the text *Alcohol in America* United States Department of Transportation, National Research Council, Division of Behavioral and Social Sciences and Education, Commission on Behavioral and Social Sciences and Education, Elizabeth Hanford Dole, Dean R. Gerstein, Steve Olson, 1985-02-01 Alcohol is a killer 1 of every 13 deaths in the United States is alcohol related In addition 5 percent of the population consumes 50 percent of the alcohol The authors take a close look at the problem in a classy little study as The Washington Post called this book The Library Journal states This is one book that addresses solutions And it's enjoyably readable This is an excellent review for anyone in the alcoholism prevention business and good background reading for the interested layperson The Washington Post agrees the book likely will wind up on the bookshelves of counselors politicians judges medical professionals and law enforcement officials throughout the country *The Essential Handbook of Treatment and Prevention of Alcohol Problems* Nick Heather, Tim Stockwell, 2004-02-06 The last three decades have seen an explosion of social psychological and clinical research to identify effective strategies to prevent and treat alcohol related problems This Essential Handbook contains an updated selection of reviews of what works drawn from the critically acclaimed International Handbook of Alcohol Dependence and Problems Selected specifically for health and other professionals who need to provide effective responses in their work these authoritative science based reviews are a distillation of the more practical elements designed to save time for the busy practitioner **Toward the Prevention of Alcohol Abuse** Nebraska. Governor's Advisory Council on the Prevention of Alcohol Abuse, 1994 Toward the Prevention of Alcohol Problems Dean R.

Gerstein,1984 **Drug and Alcohol Abuse Prevention** Roland R. Watson,2012-12-06 A major national goal is to improve our health and advance our opportunities to pursue happiness Simulta neously there are increasing health care costs and increasing demands to accomplish more with less financial support Treatment costs can be reduced and health improved by preventing the toxic effects of drugs This first volume of our new series Drug and Alcohol to reduce the use and Abuse Reviews focuses on strategies abuse of common compounds known to cause major damage to health alcohol tobacco and illicit drugs such as cocaine and heroin With the number of deaths attributable to the consumption of alcohol in the US at about 100 000 per year the annual cost of addictions will be 150 billion by 1995 A variety of approaches to preventing drug abuse are being applied by governmental agencies and health care providers to reduce costs These include school based inter ventions driver education programs media interventions health warning labels physician guidance economic dis incentives restricted availability punishments and penalties environmental protections and social support approaches With such a range of options it becomes critical to evaluate and choose the most effective systems for a given population We feel that the present collection of critical survey articles constitutes a thorough examination of the issues and strategies associated with prevention and trust that readers will find the book exceedingly helpful in under standing and planning what needs to be done **The Prevention Pipeline** ,1997 Prevention of Alcohol Abuse in American Families United States.
